To the limited partners of DCP Midstream, LP:

On January 5, 2023, DCP Midstream, LP, a Delaware limited partnership (the “Partnership”), DCP Midstream GP, LP, a Delaware limited partnership and the general partner of the Partnership (the “General Partner”), and DCP Midstream GP, LLC, a Delaware limited liability company and the general partner of the General Partner (“DCP GP LLC”), entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Phillips 66, a Delaware corporation (“Phillips 66”), Phillips 66 Project Development Inc., a Delaware corporation and indirect wholly owned subsidiary of Phillips 66 (“PDI”), and Dynamo Merger Sub LLC, a Delaware limited liability company and wholly owned subsidiary of PDI (“Merger Sub”), pursuant to which Merger Sub will merge with and into the Partnership, with the Partnership surviving as a Delaware limited partnership (the “Merger”).

Under the terms of the Merger Agreement, at the effective time of the Merger (the “Effective Time”), each common unit representing a limited partner interest in the Partnership (each, a “Common Unit”) issued and outstanding as of immediately prior to the Effective Time (other than the Sponsor Owned Units, as defined below) (each, a “Public Common Unit”) will be converted into the right to receive \$41.75 per Public Common Unit in cash, without interest. The General Partner has agreed to declare, and cause the Partnership to pay, a cash distribution in respect of Common Units in an amount equal to \$0.43 per Common Unit for each completed quarter ending on or after December 31, 2022 and prior to the Effective Time. If the record date for any such distribution has not occurred prior to the Effective Time, the Partnership will establish or reestablish the record date for such quarter as the day that includes the Effective Time. The Partnership’s Series B Preferred Units and Series C Preferred Units will be unaffected by the Merger and will remain issued and outstanding immediately following the Merger. The Common Units owned by DCP Midstream, LLC, a Delaware limited liability company (“DCP Midstream”), and the General Partner (collectively, the “Sponsor Owned Units”) will be unaffected by the Merger and will remain issued and outstanding immediately following the Merger. Under the terms of the Merger Agreement, at the Effective Time, PDI’s ownership interest in Merger Sub will be converted into a number of new Common Units equal to the number of Public Common Units (which, as of May 17, 2023, consisted of 208,657,950 Common Units).

On January 5, 2023, the Special Committee (the “Special Committee”) of the Board of Directors of DCP GP LLC (the “GP Board”), consisting entirely of individuals that satisfy the independence and other requirements for service on the Special Committee that are set forth in the Partnership’s Fifth Amended and Restated Agreement of Limited Partnership (the “Partnership Agreement”), by unanimous vote, (i) determined that the proposed Merger, on the terms and conditions set forth in the Merger Agreement, is in the best interests of the Partnership and the holders of Common Units other than DCP Midstream, the General Partner, Phillips 66 and each of their respective affiliates (the “Public Unitholders”) and the consideration to be paid to the Public Unitholders is fair to the Public Unitholders, (ii) approved the Merger Agreement and the transactions contemplated thereby, including the Merger, with such approval constituting “Special Approval” for all purposes of the Partnership Agreement, including Section 7.9(a) thereof, DCP GP LLC’s Amended and Restated Limited Liability Company Agreement, including Section 6.09(a) thereof, and the General Partner’s Amended and Restated Agreement of Limited Partnership, including Section 7.9(a) thereof, (iii) recommended that the GP Board approve the Merger

[Table of Contents](#)

Agreement and the transactions contemplated thereby, including the Merger, and the execution, delivery and performance of the Merger Agreement and the transactions contemplated thereby, including the Merger, and (iv) recommended that the GP Board resolve to direct that the Merger Agreement and the approval of the Merger be submitted to a vote of the holders of Common Units.

Following the receipt of the Special Committee's determination and approvals and its related recommendations, at a meeting held on January 5, 2023, the GP Board (acting, in part, based upon the receipt of the Special Committee's determination and approvals and its related recommendations), by unanimous vote, (i) determined that the Merger Agreement and the transactions contemplated thereby, including the Merger, are in the best interests of the Partnership and the Public Unitholders, (ii) authorized and approved the execution and delivery of the Merger Agreement and the consummation of the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement, (iii) directed that the approval of the Merger Agreement and the approval of the Merger be submitted to a vote of the holders of Common Units pursuant to Section 14.3 of the Partnership Agreement and (iv) authorized the holders of Common Units to act by written consent pursuant to Section 13.11 of the Partnership Agreement.

Pursuant to the Partnership Agreement, the approval of the Merger Agreement and the Merger by the Partnership's limited partners requires the affirmative vote or written consent of a majority of the outstanding Common Units. On January 5, 2023, concurrently with the execution and delivery of the Merger Agreement, DCP Midstream and the General Partner, which together owned 56.5% of the Common Units issued and outstanding as of such date, delivered a written consent to the General Partner (the "Written Consent") approving the Merger Agreement and the transactions contemplated thereby, including the Merger. **Accordingly, the delivery of the Written Consent was sufficient to approve the Merger Agreement and the transactions contemplated thereby, including the Merger, on behalf of the limited partners of the Partnership. As a result, the Partnership has not solicited and is not soliciting your approval of the Merger Agreement or the Merger.** Further, the Partnership does not intend to call a meeting of the Partnership's limited partners for purposes of voting on the approval of the Merger Agreement or the Merger.

The accompanying information statement provides you with detailed information about the Merger Agreement and the Merger. A copy of the Merger Agreement is attached as Annex A to the accompanying information statement. You are encouraged to read the entire information statement, including the Merger Agreement and the documents incorporated by reference in the information statement, carefully. **Please read "Material U.S. Federal Income Tax Consequences of the Merger" for a discussion of the U.S. federal income tax consequences of the Merger to U.S. Common Unitholders (as defined therein).** You may also obtain additional information about the Partnership from the documents the Partnership has filed with the Securities and Exchange Commission.

No action by you is requested or required at this time. If the Merger is consummated, you will receive any relevant instructions regarding the surrender of, and payment for, your Common Units.

By order of the Board of Directors of DCP Midstream GP,
LLC

Sincerely,

Kevin J. Mitchell
Chairman of the Board of Directors of DCP Midstream GP,
LLC

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES REGULATORY AGENCY HAS APPROVED OR DISAPPROVED THE MERGER, PASSED UPON THE MERITS OR FAIRNESS OF THE MERGER OR PASSED UPON THE ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The accompanying information statement is dated May 19, 2023, and is first being mailed to the Partnership's limited partners on or about May 24, 2023.

The Merger (see page 62)

Pursuant to the Agreement and Plan of Merger, dated as of January 5, 2023 (the “Merger Agreement”), by and among Phillips 66, PDI, Merger Sub, the Partnership, the General Partner and DCP GP LLC, Merger Sub will merge with and into the Partnership, with the Partnership surviving as a Delaware limited partnership (the “Merger”). At the effective time of the Merger (the “Effective Time”), each Common Unit issued and outstanding immediately prior to the Merger (other than the Sponsor Owned Units, as defined below) (each, a “Public Common Unit”) will be converted into the right to receive the Merger Consideration (as defined below). The Partnership’s Series B Preferred Units and Series C Preferred Units (collectively, the “Preferred Units”) will be unaffected by the Merger and will remain issued and outstanding immediately following the Merger. The Common Units directly owned by DCP Midstream and the General Partner (collectively, the “Sponsor Owned Units”) will be unaffected by the Merger and will remain issued and outstanding immediately following the Merger. The limited liability company interests in Merger Sub, which are wholly owned by PDI, will be converted at the Effective Time into a number of new Common Units equal to the number of Public Common Units (which, as of May 17, 2023, consisted of 208,657,950 Common Units). The non-economic general partner interest in the Partnership, which is held by the General Partner, will be unaffected by the Merger and will remain issued and outstanding immediately following the Merger and the General Partner will continue as the general partner of the Partnership.

The Merger Agreement is attached as Annex A to this information statement and is incorporated herein by reference. The Partnership encourages you to read the Merger Agreement carefully and in its entirety because it is the legal document that governs the Merger.

Merger Consideration (see page 63)

Each Public Common Unit issued and outstanding as of immediately prior to the Effective Time will be converted into the right to receive \$41.75 per Public Common Unit in cash, without interest (the “Merger Consideration”). Upon completion of the Merger, all Public Common Units will cease to be issued and outstanding and will automatically be canceled and will cease to exist, and the former holders of Public Common Units so canceled will cease to have any rights with respect to the Public Common Units, except (i) the right to receive the Merger Consideration and (ii) to the extent applicable, the right to receive any distribution in respect of such Public Common Units with a record date occurring prior to the Effective Time and which remains unpaid at the Effective Time. The Merger Consideration is subject to adjustment pursuant to the terms of the Merger Agreement to reflect the effect of any subdivision, reclassification, split, unit distribution, combination or exchange of Common Units (excluding any issuance of Common Units at the Effective Time in accordance with the Merger Agreement) to provide the holders of Public Common Units the same economic effect as contemplated by the Merger Agreement prior to any such event.

While not part of the Merger Consideration, the General Partner has agreed to declare, and cause the Partnership to pay, a cash distribution in respect of the Common Units in an amount equal to \$0.43 per Common Unit for each completed quarter ending on or after December 31, 2022 and prior to the Effective Time. If the record date for any such distribution has not occurred prior to the Effective Time, the Partnership will establish or reestablish the record date for such quarter as the day that includes the Effective Time. Any distributions by the Partnership are not part of the Merger Consideration and will be paid in accordance with the terms of the Merger Agreement and the Partnership’s Fifth Amended and Restated Agreement of Limited Partnership (the “Partnership Agreement”) to such holders of Common Units or former holders of Common Units, as applicable. Holders of Common Units immediately prior to the Effective Time (other than DCP Midstream, the General Partner, Phillips 66 and each of their respective affiliates) will have no rights to any distribution with respect to such Common Units with a record date occurring after the Effective Time.

Effects of the Merger (see page 53)

Upon completion of the Merger, (i) holders of Public Common Units immediately prior to the Effective Time will no longer own Common Units, (ii) the Common Units will cease to be listed on the NYSE and will no longer be publicly traded, (iii) the Common Units will be deregistered under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as promptly as practicable following the Effective Time, (iv) PDI, DCP Midstream and the General Partner will own all of the Common Units and (v) the General Partner will continue to own the non-economic general partner interest in the Partnership. For more information regarding the effects of the Merger, see “*Special Factors—Effects of the Merger*” and “*The Merger Agreement—The Merger*.”

Action by Written Consent (see page 24)

Under the Partnership Agreement, the approval of the Merger Agreement requires the approval of a “Unit Majority,” which means at least a majority of the outstanding Common Units.

On January 5, 2023, concurrently with the execution and delivery of the Merger Agreement, DCP Midstream and the General Partner, which together owned 56.5% of the Common Units issued and outstanding as of such date, delivered a written consent to the General Partner (the “Written Consent”) approving the Merger Agreement and the transactions contemplated thereby, including the Merger. **Accordingly, the delivery of the Written Consent was sufficient to approve the Merger Agreement and the transactions contemplated thereby, including the Merger, on behalf of the limited partners of the Partnership.** For this reason, this information statement is being provided to you for informational purposes only. **You are not being asked for a proxy, and you are requested not to send a proxy.**

Approval of the Merger Agreement by the Special Committee and the GP Board (see page 25)

The Special Committee of the GP Board (the “Special Committee”) consists of three directors of the GP Board that satisfy the independence and other requirements for service on the Special Committee that are set forth in the Partnership Agreement: Bill W. Waycaster, William F. Kimble and Fred J. Fowler. The GP Board authorized the Special Committee (i) to review, evaluate, consider and negotiate the proposed Merger, (ii) to approve or reject, as the case may be, the Partnership entering into the proposed Merger and the agreements related thereto, with such approval, if any, constituting “Special Approval” for all purposes under the Partnership Agreement, including Section 7.9(a) thereof, DCP GP LLC’s Amended and Restated Limited Liability Company Agreement (the “DCP GP LLC Agreement”), including Section 6.09(a) thereof, and the General Partner’s Amended and Restated Agreement of Limited Partnership (the “GP Partnership Agreement”), including Section 7.9(a) thereof, (iii) to make all determinations and take all actions with respect to the proposed Merger and the agreements related thereto as may be authorized and contemplated under such agreements, the Partnership Agreement, the GP Partnership Agreement and the DCP GP LLC Agreement, and (iv) if so approved, to recommend approval of the proposed Merger to the full GP Board.

The Special Committee retained Hunton Andrews Kurth LLP (“HAK”) and Richards, Layton & Finger, P.A. (“RLF”) as its legal counsel and Evercore Group L.L.C. (“Evercore”) as its independent financial advisor. The Special Committee oversaw the performance of financial and legal due diligence by its advisors. The Special Committee also conducted a review and evaluation of the proposed Merger, including the Merger Agreement and the transactions contemplated thereby, and conducted negotiations with Phillips 66 and its representatives with respect to the proposed Merger, including the Merger Agreement and the transactions contemplated thereby.

At a meeting held on January 5, 2023, the Special Committee, by unanimous vote, (i) determined that the proposed Merger, on the terms and conditions set forth in the Merger Agreement, is in the best interests of the Partnership and the holders of Common Units other than DCP Midstream, the General Partner, Phillips 66 and each of their respective affiliates (the “Public Unitholders”) and the consideration to be paid to the Public Unitholders is

fair to the Public Unitholders, (ii) approved the Merger Agreement and the transactions contemplated thereby, including the Merger, with such approval constituting “Special Approval” for all purposes of the Partnership Agreement, including Section 7.9(a) thereof, the DCP GP LLC Agreement, including Section 6.09(a) thereof, and the GP Partnership Agreement, including Section 7.9(a) thereof, (iii) recommended that the GP Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger, and the execution, delivery and performance of the Merger Agreement and the transactions contemplated thereby, including the Merger, and (iv) recommended that the GP Board resolve to direct that the Merger Agreement and the approval of the Merger be submitted to a vote of the holders of Common Units.

Following the receipt of the Special Committee’s determination and approvals and its related recommendations to the GP Board discussed above, at a meeting held on January 5, 2023, the GP Board (acting, in part, based upon the receipt of such determination and approvals and related recommendation of the Special Committee), by unanimous vote, (i) determined that the Merger Agreement and the transactions contemplated thereby, including the Merger, are in the best interests of the Partnership and the Public Unitholders, (ii) authorized and approved the execution and delivery of the Merger Agreement and the consummation of the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement, (iii) directed that the approval of the Merger Agreement and the approval of the Merger be submitted to a vote of the holders of Common Units pursuant to Section 14.3 of the Partnership Agreement and (iv) authorized the holders of Common Units to act by written consent pursuant to Section 13.11 of the Partnership Agreement.

For a further discussion of the factors considered by the Special Committee and the GP Board in arriving at their respective determinations and approvals, see “*Special Factors—Reasons for Approval of the Merger Agreement by the Special Committee and the GP Board.*”

Opinion of Evercore – Financial Advisor to the Special Committee (see page 37)

In connection with the proposed Merger, Evercore, financial advisor to the Special Committee, delivered a written opinion, dated as of January 5, 2023, to the Special Committee, as to the fairness, from a financial point of view and as of the date of the opinion, of the Merger Consideration to the Partnership and the Public Unitholders. The full text of the written opinion of Evercore, dated as of January 5, 2023, which sets forth, among other things, the procedures followed, assumptions made, matters considered and qualifications and limitations on the scope of review undertaken in rendering its opinion, is attached as Annex B to this information statement. You are urged to read Evercore’s opinion carefully and in its entirety. **Evercore’s opinion was addressed to, and provided for the information and benefit of, the Special Committee in connection with its evaluation of the fairness of the Merger Consideration, from a financial point of view, to the Partnership and the Public Unitholders, and did not address any other aspects or implications of the Merger. The summary of the Evercore opinion set forth herein is qualified in its entirety by reference to the full text of the opinion attached as Annex B to this information statement.**

For a description of the opinion that the Special Committee received from Evercore, see “*Special Factors—Opinion of Evercore – Financial Advisor to the Special Committee.*”

Position of the Phillips 66 Filing Parties as to the Fairness of the Merger (see page 50)

Under the rules of the Securities and Exchange Commission (the “SEC”) governing “going private” transactions, each of Phillips 66, Phillips 66 Company, PDI, Merger Sub, DCP Midstream, PGC, DCP GP LLC and the General Partner (collectively, the “Phillips 66 Filing Parties”) is an affiliate of the Partnership that is required to express its belief as to the fairness of the Merger to the Public Unitholders.

The Phillips 66 Filing Parties did not undertake an independent evaluation of the Merger to the Public Unitholders or engage a financial advisor for such purposes. However, based on (i) the procedural safeguards implemented during the negotiation of the Merger Agreement and (ii) the other factors, analyses, approvals, determinations and recommendations of the Special Committee, each as described in “*Special Factors—Reasons for Approval of the Merger Agreement by the Special Committee and the GP Board*,” which the Phillips 66 Filing Parties expressly adopt, the Phillips 66 Filing Parties believe that the Merger (which is the Rule 13e-3 transaction for which the Schedule 13E-3 transaction statement relating to the Merger (the “Schedule 13E-3”) was filed with the SEC) is both procedurally and substantively fair to the Public Unitholders.

For a further discussion, see “*Special Factors—Position of the Phillips 66 Filing Parties as to the Fairness of the Merger*.”

Interests of the Directors and Executive Officers of DCP GP LLC in the Merger (see page 54)

Holders of Common Units should be aware that some of the directors and executive officers of DCP GP LLC have interests in the Merger that may be different from, or in addition to, those of the holders of Common Units generally, including:

- Certain directors on the GP Board also serve as executive officers of Phillips 66 (or one or more of its subsidiaries).
- Certain executive officers of DCP GP LLC hold equity incentive awards granted under the Partnership’s 2016 Long-Term Incentive Plan (the “Partnership LTIP”) that, pursuant to the Merger Agreement, will convert into equity incentive awards under a Phillips 66 equity incentive plan.
- Directors and executive officers of DCP GP LLC will have continued indemnification and insurance coverage for their actions as directors and executive officers for a period of six years after the Effective Time.

The Special Committee and the GP Board were aware of these interests and considered them, among other matters, in approving the Merger Agreement and making their recommendations.

For a further discussion, see “*Interests of the Directors and Executive Officers of DCP GP LLC*.”

Material U.S. Federal Income Tax Consequences (see page 76)

As discussed in “*Material U.S. Federal Income Tax Consequences of the Merger*,” the receipt of cash in exchange for Public Common Units pursuant to the Merger will be a taxable transaction to U.S. Common Unitholders (as defined therein) for U.S. federal income tax purposes. Gain or loss recognized on the receipt of cash in exchange for Public Common Units generally will be taxable to U.S. Common Unitholders as capital gain or loss. A portion of such gain or loss, which portion could be substantial, will be separately computed and taxed as ordinary income or loss under Section 751 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), and the regulations promulgated thereunder (the “Treasury Regulations”), to the extent attributable to assets giving rise to “unrealized receivables,” including depreciation recapture, or to “inventory items” owned by the Partnership and its subsidiaries. Passive losses that were not deductible by a U.S. Common Unitholder in one or more prior taxable periods because they exceeded such U.S. Common Unitholder’s share of the Partnership’s income for such taxable periods may become available to offset a portion of the gain recognized by such holder in connection with the Merger. However, the precise U.S. federal income tax consequences of the Merger to a U.S. Common Unitholder will depend on the particular circumstances of such U.S. Common Unitholder. Each U.S. Common Unitholder should consult its own tax advisors regarding the tax consequences of the exchange of Public Common Units for cash pursuant to the Merger in the light of such U.S. Common Unitholder’s particular circumstances (including the application and effect of any state, local, or foreign income or other tax laws).

Regulatory Approvals Required for the Merger (see page 57)

None of the Partnership or the Phillips 66 Filing Parties are aware of any federal or state regulatory approval required in connection with the Merger, other than compliance with applicable federal securities laws and applicable Delaware law.

Conditions to Completion of the Merger (see page 64)

The Partnership and Phillips 66 may not complete the Merger unless each of the following conditions is satisfied or waived:

- the Written Consent will not have been amended, modified, withdrawn, terminated or revoked;
- the absence of any legal restraint or prohibition enjoining or otherwise prohibiting the consummation of the Merger or making the consummation of the Merger illegal; and
- the mailing of this information statement to the Partnership's limited partners at least 20 days prior to the closing date of the Merger.

The obligations of Phillips 66, PDI and Merger Sub to effect the Merger are subject to the satisfaction or waiver of the following additional conditions:

- the representations and warranties of the Partnership, the General Partner and DCP GP LLC being true and correct, both when made and as of the closing of the Merger as though made on the closing date of the Merger, unless otherwise specified, subject to certain materiality qualifications and, with respect to certain representations and warranties, unless the failure of such representations and warranties to be so true and correct does not have, and would not reasonably be expected to have, individually or in the aggregate, a Partnership Material Adverse Effect (as defined in the Merger Agreement);
- the performance by the Partnership, the General Partner and DCP GP LLC of their respective obligations under the Merger Agreement in all material respects; and
- the receipt by Phillips 66 of an officer's certificate signed on behalf of the Partnership, the General Partner and DCP GP LLC by an executive officer of DCP GP LLC certifying that the two preceding conditions have been satisfied.

The obligation of the Partnership to effect the Merger is subject to the satisfaction or waiver of the following additional conditions:

- the representations and warranties of Phillips 66, PDI and Merger Sub being true and correct, both when made and as of the closing of the Merger as though made on the closing date of the Merger, unless otherwise specified, subject to certain materiality qualifications and, with respect to certain representations and warranties, unless the failure of such representations and warranties to be so true and correct does not have, and would not reasonably be expected to have, individually or in the aggregate, a Parent Material Adverse Effect (as defined in the Merger Agreement);
- the performance by Phillips 66, PDI and Merger Sub of their respective obligations under the Merger Agreement in all material respects; and
- the receipt by the Partnership of an officer's certificate signed on behalf of Phillips 66 by a duly authorized person of Phillips 66 certifying that the two preceding conditions have been satisfied.

The Partnership can give no assurance when or if all of the conditions to the Merger will be satisfied or, to the extent possible, waived, or that the Merger will be consummated.

For more information, see "*The Merger Agreement—Conditions to Completion of the Merger.*"

Termination of the Merger Agreement (see page 73)

The Merger Agreement may be terminated, and the Merger may be abandoned, at any time prior to the Effective Time:

- by the mutual written consent of Phillips 66 and the Partnership duly authorized by the board of directors of Phillips 66 (the “Phillips 66 Board”) and, subject to prior approval by the Special Committee, the GP Board, respectively; or
- by either Phillips 66 or the Partnership, if:
 - the closing of the Merger does not occur on or before October 5, 2023, except that the right to terminate the Merger Agreement in this situation will not be available (i) to the Partnership if the failure of the closing of the Merger to occur by such date is due to the failure of the Partnership, the General Partner or DCP GP LLC to perform and comply in all material respects with the covenants and agreements in the Merger Agreement to be performed or complied with by it prior to the closing of the Merger, (ii) to Phillips 66 if the failure of the closing to occur by such date is due to the failure of Phillips 66, PDI or Merger Sub to perform and comply in all material respects with the covenants and agreements contained in the Merger Agreement to be performed or complied with by it prior to the closing of the Merger or (iii) to Phillips 66 or the Partnership if, in the case of Phillips 66, the Partnership, the General Partner or DCP GP LLC, or in the case of the Partnership, Phillips 66, PDI or Merger Sub, has filed (and is then pursuing) an action seeking specific performance as permitted under the terms of the Merger Agreement; or
 - any restraint is in effect and has become final and nonappealable that has the effect of enjoining, restraining, preventing or prohibiting the consummation of the Merger or making the consummation of the foregoing illegal, except that the right to terminate the Merger Agreement will not be available to the Partnership or Phillips 66 if the restraint was due to the failure of, in the case of the Partnership, the Partnership, the General Partner or DCP GP LLC, and in the case of Phillips 66, Phillips 66, PDI or Merger Sub, to perform any of its obligations under the Merger Agreement in any material respect; and
- by Phillips 66, if the Partnership, the General Partner or DCP GP LLC has breached or failed to perform any of its representations, warranties, covenants or agreements set forth in the Merger Agreement (or if any of the representations or warranties of the Partnership, the General Partner or DCP GP LLC set forth in the Merger Agreement fail to be true), and such breach or failure (i) would (if it occurred or is continuing as of the closing date of the Merger) give rise to the failure of the closing condition related to the accuracy of the Partnership’s representations and warranties or the closing condition related to the performance of the Partnership’s obligations under the Merger Agreement and (ii) is incapable of being cured, or is not cured, by the Partnership, the General Partner or DCP GP LLC within 30 days following receipt by the Partnership, the General Partner or DCP GP LLC of written notice from Phillips 66 of such breach or failure; provided, however, that Phillips 66 will not have the right to terminate the Merger Agreement under this condition if Phillips 66, PDI or Merger Sub is then in material breach of any of its representations, warranties, covenants or agreements contained in the Merger Agreement; and
 - by the Partnership if Phillips 66 has breached or failed to perform any of its representations, warranties, covenants or agreements contained in the Merger Agreement (or if any of Phillips 66’s representations or warranties contained in the Merger Agreement fails to be true) and such breach or failure (i) would (if it occurred or is continuing as of the closing date of the Merger) give rise to the failure of the closing condition related to the accuracy of Phillips 66’s representations and warranties or the closing condition related to the performance of Phillips 66’s obligations under the Merger Agreement and (ii) is incapable of being cured, or is not cured, by Phillips 66 within

30 days following receipt by Phillips 66 of written notice from the Partnership of such breach or failure; provided, however, that the Partnership will not have the right to terminate the Merger Agreement under this condition if the Partnership, the General Partner or DCP GP LLC is then in material breach of any of its representations, warranties, covenants or agreements contained in the Merger Agreement.

For more information, see “*The Merger Agreement—Termination of the Merger Agreement.*”

Effect of Termination; Termination Expenses (see page 74)

In the event of termination of the Merger Agreement as summarized above, the Merger Agreement will terminate and become null and void and there will be no liability on the part of any party to the Merger Agreement, any of their respective affiliates or any representatives of any of the foregoing; provided, however, that no such termination will relieve any party from (i) its obligation to reimburse the other party for its expenses, as provided below, or (ii) any liability for intentional fraud or a willful breach of any covenant or other agreement contained in the Merger Agreement.

The Merger Agreement provides for expense reimbursement payments under the circumstances described below:

- if the Merger Agreement is validly terminated by Phillips 66 due to a material uncured breach by the Partnership, the General Partner or DCP GP LLC of any of their representations, warranties, covenants or agreements as described above, then the Partnership will promptly, but in no event later than two business days after receipt of an invoice from Phillips 66, pay Phillips 66’s designee all of the reasonably documented out-of-pocket expenses (including all fees and expenses of counsel, accountants, investment bankers, financing sources, hedging counterparties, experts and consultants) incurred by Phillips 66 and its affiliates in connection with the Merger Agreement and the transactions contemplated thereby up to a maximum of \$3.0 million; and
- if the Merger Agreement is validly terminated by the Partnership due to a material uncured breach by Phillips 66 of any of its representations, warranties, covenants or agreements as described above, then Phillips 66 will promptly, but in no event later than two business days after receipt of an invoice from the Partnership, pay the Partnership’s designee all of the reasonably documented out-of-pocket expenses (including all fees and expenses of counsel, accountants, investment bankers, financing sources, hedging counterparties, experts and consultants) incurred by the Partnership and its affiliates in connection with the Merger Agreement and the transactions contemplated thereby up to a maximum of \$3.0 million, subject to certain limited restrictions.

In no event will a party be entitled to more than one expense reimbursement payment in connection with a termination of the Merger Agreement pursuant to which such amounts are payable.

For more information, see “*The Merger Agreement—Effect of Termination; Termination Expenses.*”

Financing of the Merger (see page 57)

The total amount of funds necessary for Phillips 66 to consummate the Merger, including expenses related thereto, is anticipated to be approximately \$3.8 billion, which Phillips 66 expects to fund from a combination of cash on hand, proceeds from newly issued debt securities and borrowings under a new term loan. The Merger is not subject to any financing condition and Phillips 66 does not anticipate any difficulties obtaining the cash required to fund the Merger.

For more information, see “*Special Factors—Financing of the Merger.*”

Fees and Expenses Relating to the Merger (see page 58)

Generally, all fees and expenses incurred in connection with the Merger, including all legal, accounting, financial advisory, consulting and other fees and expenses of third parties, will be the obligation of the respective party incurring such fees and expenses, except that (i) Phillips 66 and the Partnership will each pay one half of the expenses incurred in connection with the filing of the Schedule 13E-3 and the filing, printing and mailing of this information statement and (ii) in the event of a material uncured breach resulting in a termination of the Merger Agreement, the breaching party will be liable for up to \$3.0 million in reimbursement of expenses.

See “*Special Factors—Fees and Expenses Relating to the Merger*” and “*The Merger Agreement—Effect of Termination; Termination Expenses*” for more information.

QUESTIONS AND ANSWERS

The following questions and answers are intended to briefly address some questions that you may have regarding the Merger and the Merger Agreement. We urge you to carefully read the remainder of this information statement because these questions and answers may not address all questions or provide all information that might be important to you with respect to the Merger and the Merger Agreement. Additional important information is also contained in the annexes and the documents incorporated by reference into this information statement. You may obtain the information incorporated by reference into this information statement without charge by following the instructions under “Where You Can Find More Information.”

Q: *Why am I receiving these materials?*

A: On January 5, 2023, Phillips 66, PDI, Merger Sub, the Partnership, the General Partner and DCP GP LLC entered into the Merger Agreement, pursuant to which Merger Sub will merge with and into the Partnership, with the Partnership surviving as a Delaware limited partnership. After the Merger, the Common Units will cease to be publicly traded. This information statement describes the Merger, and the approval of the Merger Agreement and the transactions contemplated thereby, including the Merger, pursuant to the Written Consent. The Partnership is providing this information statement to you pursuant to Section 14(c) of the Exchange Act solely to inform you of, and provide you with information about, the Merger Agreement and the transactions contemplated thereby, including the Merger, before the Merger is consummated. This information statement is first being mailed to the Partnership’s limited partners on or about May 24, 2023.

Q: *Why am I not being asked to vote on the Merger?*

A: Consummation of the Merger requires approval of a “Unit Majority” under the Partnership Agreement, which means at least a majority of the outstanding Common Units. On January 5, 2023, concurrently with the execution of the Merger Agreement, DCP Midstream and the General Partner, which together owned 56.5% of the Common Units as of such date, delivered the Written Consent approving the Merger Agreement and transactions contemplated thereby, including the Merger, which was sufficient to approve the Merger Agreement and the Merger on behalf of the Partnership’s limited partners. As a result, the Partnership has not solicited and is not soliciting your approval of the Merger Agreement or the transactions contemplated thereby, including the Merger, and does not intend to call a meeting of the Partnership’s limited partners to approve the Merger Agreement or the transactions contemplated thereby, including the Merger. See “*The Merger Agreement—Conditions to Completion of the Merger.*”

Q: *What will I, as a Public Unitholder, receive if the Merger is completed?*

A: Upon completion of the Merger, you will be entitled to receive (i) \$41.75 per Common Unit in cash, without interest, less any applicable withholding taxes and (ii) to the extent applicable, any distribution in respect of such Public Common Units with a record date occurring prior to the Effective Time and which remains unpaid at the Effective Time. See “*The Merger Agreement—Merger Consideration.*”

Q: *What will happen to the Partnership as a result of the Merger?*

A: In the Merger, Merger Sub will be merged with and into the Partnership, with the Partnership surviving as a Delaware limited partnership. If the Merger is completed, the Common Units will be delisted from the NYSE, will be deregistered under the Exchange Act and will cease to be publicly traded. All of the Common Units, other than Common Units held by DCP Midstream or the General Partner, will be converted into the right to receive the Merger Consideration. The Common Units held by DCP Midstream and the General Partner will be unaffected by the Merger and will remain issued and

outstanding immediately following the Effective Time. The Preferred Units will be unaffected by the Merger. See “*The Merger Agreement—The Merger.*”

Q: *When will the Merger be completed?*

A: Phillips 66 and the Partnership are working to complete the Merger as soon as possible. Certain conditions must be satisfied or waived before Phillips 66 and the Partnership can complete the Merger. See “*The Merger Agreement—Conditions to Completion of the Merger.*” Assuming timely satisfaction or waiver of the closing conditions, the Merger is expected to close in the second quarter of 2023.

Q: *Will the Partnership continue to pay quarterly distributions on the Common Units?*

A: Until the consummation of the Merger, the General Partner has agreed to declare, and cause the Partnership to pay, a cash distribution in respect of the Common Units in an amount equal to \$0.43 per Common Unit for each completed quarter ending on or after December 31, 2022 and prior to the Effective Time. If the record date for any such distribution has not occurred prior to the Effective Time, the Partnership will establish or reestablish the record date for such quarter as the day that includes the Effective Time. Any distributions by the Partnership are not part of the Merger Consideration and shall be paid in accordance with the terms of the Merger Agreement and the Partnership Agreement, as applicable.

Q: *What do I need to do now?*

A: No action by you is requested or required at this time. If the Merger is consummated and you are the record holder of Common Units, you will receive relevant instructions from the paying agent regarding the surrender of, and payment of the Merger Consideration for, your Common Units. If instead you own Common Units in street name, the Merger Consideration you will receive in connection with the Merger should be credited to your account in accordance with the policies and procedures of your bank, broker or other nominee within a few days following the closing of the Merger.

Q: *Where will the Partnership’s Common Units trade after the Merger?*

A: The Common Units will cease to be publicly traded following the Merger. Upon completion of the Merger, the Common Units will be delisted from the NYSE and will be deregistered under the Exchange Act.

Q: *What happens to future distributions with respect to the Public Common Units?*

A: If the Merger is successfully consummated, all outstanding Public Common Units will be converted into the right to receive, and only the right to receive, the Merger Consideration and, to the extent applicable, any distribution in respect of such Public Common Units with a record date occurring prior to the Effective Time and which remains unpaid at the Effective Time. Public Unitholders will have no rights to any distribution with respect to the Common Units with a record date occurring after the Effective Time.

Q: *What are the expected U.S. federal income tax consequences for a holder of Common Units as a result of the Merger?*

A: If you are a U.S. Common Unitholder (as defined in the section titled “*Material U.S. Federal Income Tax Consequences of the Merger*”), the receipt of cash in exchange for Public Common Units pursuant to the Merger will be a taxable transaction for U.S. federal income tax purposes and the resulting tax liability, if any, will depend on your particular circumstances. Gain or loss recognized on the receipt of

[Table of Contents](#)

cash in exchange for Public Common Units generally will be taxable as capital gain or loss, a portion of which will be separately computed and taxed as ordinary income or loss under the Code. All holders of Common Units (including holders of Common Units that are not U.S. Common Unitholders) should consult their own tax advisors regarding the tax consequences to them of the exchange of Public Common Units for cash pursuant to the Merger in the light of their particular circumstances (including the application and effect of any state, local, or foreign income or other tax laws). See “*Material U.S. Federal Income Tax Consequences of the Merger*” for a more complete discussion of certain U.S. federal income tax consequences of the Merger to U.S. Common Unitholders.

Q: *Am I entitled to dissenters’ or appraisal rights in connection with the Merger?*

A: No. Public Unitholders do not have dissenters’ or appraisal rights under applicable law or contractual appraisal rights under the Partnership Agreement or the Merger Agreement.

Q: *What will happen to the Partnership’s Preferred Units in connection with the Merger?*

A: The Preferred Units will be unaffected by the Merger.

Q: *What happens if the Merger is not consummated?*

A: If the Merger is not completed for any reason, you will not receive the Merger Consideration for any Common Units that you hold. In such case, the Common Units will remain outstanding and will continue to be listed and traded on the NYSE.

Q: *Who do I call if I have further questions about the Merger Agreement or the Merger?*

SPECIAL FACTORS

This section of the information statement describes material aspects of the proposed Merger. This section may not contain all of the information that is important to you. You should carefully read this entire information statement and the documents incorporated herein by reference, including the full text of the Merger Agreement and Evercore's opinion for a more complete understanding of the Merger. Copies of the Merger Agreement and Evercore's opinion are attached as Annex A and Annex B to this information statement, respectively. In addition, important business and financial information about the Partnership is included in or incorporated into this information statement by reference. See "Where You Can Find More Information."

Background of the Merger

The senior management of Phillips 66 and the Phillips 66 Board regularly review operational and strategic opportunities to increase value for Phillips 66's stockholders. Likewise, the senior management of the Partnership and the GP Board regularly review operational and strategic opportunities to increase value for the Partnership's unitholders. In connection with these reviews, these boards of directors and management teams, from time to time, evaluated potential transactions that would further their respective strategic objectives and create value for their respective investors.

The Partnership was formed by DCP Midstream to own, operate, acquire and develop a diversified portfolio of complementary midstream energy assets. Since its formation and initial public offering in 2005, the general partner of the Partnership has been owned, directly or indirectly, by DCP Midstream. DCP Midstream is a joint venture between Phillips 66 and Enbridge, Inc. ("Enbridge") that, prior to the DCP Midstream Transaction (as defined below) in August of 2022, was owned 50% by Phillips 66 and 50% by Enbridge. DCP Midstream and its subsidiaries own 117,762,526 Common Units. As a result, prior to the DCP Midstream Transaction, Phillips 66 and Enbridge each held a 28.26% indirect economic interest in the Partnership. Under the governance arrangements of DCP Midstream in place prior to the DCP Midstream Transaction, any potential transaction involving the Partnership or DCP Midstream required the approval of both Phillips 66 and Enbridge. Although Phillips 66 and Enbridge discussed potential transactions involving the Partnership from time to time, including potential transactions involving their respective ownership interests in DCP Midstream, potential transactions involving the acquisition of all of the Public Common Units and potential transactions involving the acquisition of third parties or their assets, they were unable to agree to pursue any of these potential transactions. Phillips 66 was able to pursue the Merger following the closing of the DCP Midstream Transaction on August 17, 2022, when Phillips 66 acquired the rights to manage all activities of DCP Midstream associated with the Partnership, DCP GP LLC and the General Partner, as described in more detail below.

Phillips 66 has also, from time to time, considered the environment for master limited partnerships ("MLPs") generally, and the Partnership specifically, including the reduced accessibility of equity capital markets for MLPs, the increased cost of capital for MLPs, the increased desire of investors for companies legally structured as corporations for governance and liquidity reasons and the passage of the Tax Cuts and Jobs Act of 2017, which lowered the U.S. federal corporate income tax rate from 35% to 21% and thereby reduced the relative tax benefits of MLPs. These market trends have contributed to numerous restructuring transactions involving MLPs, including buy-ins of MLPs by their corporate sponsors, acquisitions of MLPs by third parties, elections by MLPs to convert into corporations for income tax purposes, state law purposes or both and simplifications of MLPs in which incentive distribution rights are modified or eliminated to improve the MLP's cost of capital. Phillips 66 also considered the potential benefits that would result from the integration of the Partnership's business and assets into Phillips 66's Midstream segment, which would increase the operational size and scale of Phillips 66's midstream business. These factors, among others, led Phillips 66 to begin evaluating a potential transaction with Enbridge involving the realignment of their respective economic and governance interests in the Partnership and a potential transaction involving Phillips 66's acquisition of all of the Public Common Units.

Table of Contents

In the fourth quarter of 2021, a representative of Phillips 66 provided a representative of Enbridge with a proposal regarding a potential merger transaction (the “DCP Midstream Transaction”) involving DCP Midstream and Gray Oak Holdings LLC (“Gray Oak Holdings”), another joint venture between Phillips 66 and Enbridge that owned a 65% interest in Gray Oak Pipeline, LLC (“Gray Oak Pipeline”), that would result in the realignment of their respective economic and governance interests with respect to the Partnership and Gray Oak Pipeline. At the time, Phillips 66 owned a 65% interest in Gray Oak Holdings (or a 42.25% indirect economic interest in Gray Oak Pipeline) and Enbridge owned a 35% interest in Gray Oak Holdings (or a 22.75% indirect economic interest in Gray Oak Pipeline).

In the first quarter of 2022, Phillips 66 engaged Bracewell LLP (“Bracewell”) as its legal advisor to assist Phillips 66 in evaluating the DCP Midstream Transaction and a potential transaction involving Phillips 66’s acquisition of all of the Public Common Units. In the second quarter of 2022, Phillips 66 engaged Barclays Capital Inc. (“Barclays”) as its financial advisor to assist Phillips 66 in evaluating a potential transaction involving Phillips 66’s acquisition of all of the Public Common Units. In the third quarter of 2022, Phillips 66 engaged Morris, Nichols, Arsht & Tunnell LLP as its legal advisor to provide Delaware law advice in the DCP Midstream Transaction and a potential transaction involving Phillips 66’s acquisition of all of the Public Common Units.

During the first and second quarters of 2022, representatives of Phillips 66 and Enbridge continued discussions regarding the DCP Midstream Transaction. These discussions were focused primarily on transaction structure and the economic and governance rights that Phillips 66 and Enbridge would have with respect to the operations of the Partnership and Gray Oak Pipeline following the completion of the DCP Midstream Transaction. Following these discussions, over the course of the summer of 2022, Phillips 66 and Enbridge, together with their respective legal advisors, negotiated the terms of the transaction documents related to the DCP Midstream Transaction. During the course of the negotiations, Phillips 66 advised Enbridge that if the DCP Midstream Transaction was consummated, Phillips 66 expected to submit a non-binding, preliminary proposal to the GP Board pursuant to which Phillips 66 would acquire all of the Public Common Units.

On August 12, 2022, Kevin Mitchell, Executive Vice President and Chief Financial Officer of Phillips 66, contacted Wouter van Kempen, President, Chief Executive Officer and Chairman of DCP GP LLC, to request a call for the following week and recommend that the Partnership’s management team cancel its participation in an upcoming investor conference scheduled to begin on August 16, 2022.

On August 15, 2022, Mr. Mitchell advised Mr. van Kempen that Phillips 66 expected to engage in the DCP Midstream Transaction and to submit a non-binding, preliminary proposal to the GP Board pursuant to which Phillips 66 would acquire all of the Public Common Units.

On August 17, 2022, following extensive negotiations, subsidiaries of Phillips 66 and Enbridge entered into an Agreement and Plan of Merger (the “DCP Midstream Merger Agreement”) with DCP Midstream and Gray Oak Holdings, pursuant to which, immediately following the execution thereof, Gray Oak Holdings merged with and into DCP Midstream, with DCP Midstream surviving as a legal entity jointly owned by (i) a subsidiary of Phillips 66, holding membership interests in DCP Midstream representing a 43.3% indirect economic interest in the Partnership and a 6.5% indirect economic interest in Gray Oak Pipeline, and (ii) a subsidiary of Enbridge, holding membership interests in DCP Midstream representing a 13.2% indirect economic interest in the Partnership and a 58.5% indirect economic interest in Gray Oak Pipeline. In addition, pursuant to the DCP Midstream Merger Agreement, Phillips 66, through its subsidiary, made a cash contribution of approximately \$404 million to DCP Midstream, which amount was subsequently paid to a subsidiary of Enbridge. Neither DCP GP LLC, the General Partner nor the Partnership were parties to the DCP Midstream Merger Agreement. The DCP Midstream Transaction closed on August 17, 2022 and was not conditioned on a transaction involving the acquisition of the Public Common Units.

Also on August 17, 2022, in connection with the closing of the DCP Midstream Transaction, Phillips 66 and Enbridge, through their respective subsidiaries, entered into a Third Amended and Restated Limited Liability

Table of Contents

Company Agreement of DCP Midstream, LLC (the “DCP Midstream LLC Agreement”), which, among other things, designated Phillips 66, through its wholly owned subsidiary, as the Class A Managing Member of DCP Midstream, with the power to conduct, direct and manage all activities of DCP Midstream associated with the Partnership and each of its subsidiaries, DCP GP LLC and the General Partner, and, in each case, the businesses, activities and liabilities thereof. The DCP Midstream LLC Agreement also provides Phillips 66, through its wholly owned subsidiary, with the power to exercise DCP Midstream’s rights to appoint or remove any director on the GP Board and vote the Common Units that are owned directly or indirectly by DCP Midstream. Accordingly, following the DCP Midstream Transaction, Enbridge no longer had the right to appoint representatives to the GP Board. In connection with the closing of the DCP Midstream Transaction, on August 17, 2022, Allen Capps and Stephen Neyland, both representatives of Enbridge, resigned from the GP Board and Mr. Mitchell and Todd Denton, Senior Vice President, Health, Safety and Environment and Field Operations Support of Phillips 66, were each appointed by DCP Midstream to serve on the GP Board.

Also on August 17, 2022, Mr. van Kempen contacted the Chairman of the Special Committee to inform him that Phillips 66 expected to submit a non-binding, preliminary proposal to the GP Board pursuant to which Phillips 66 would acquire all of the Public Common Units.

Following the closing of the DCP Midstream Transaction, on August 17, 2022, Phillips 66 sent a non-binding, preliminary proposal (the “Initial Proposal”) to the GP Board setting forth certain terms of the proposed Merger, pursuant to which Phillips 66 would acquire all of the Public Common Units at a cash purchase price of \$34.75 per Common Unit.

Later on August 17, 2022, after the close of trading, Phillips 66 issued press releases announcing the DCP Midstream Transaction and the delivery of the Initial Proposal to the GP Board.

On August 31, 2022, following review of the responses of Mr. Bill W. Waycaster, Mr. Fred J. Fowler and Mr. William F. Kimble, independent members of the GP Board, to questionnaires circulated for purposes of confirming they each met the independence and other requirements for service on the Special Committee that are set forth in the Partnership Agreement, the GP Board adopted resolutions appointing Messrs. Waycaster, Fowler and Kimble to the Special Committee and authorizing and empowering the Special Committee, on behalf of the Partnership, (i) to review, evaluate, consider and negotiate the proposed Merger, (ii) to approve or reject, as the case may be, the Partnership entering into the proposed Merger and the agreements related thereto, with such approval, if any, constituting “Special Approval” for all purposes under the Partnership Agreement, including Section 7.9(a) thereof, the DCP GP LLC Agreement, including Section 6.09(a) thereof, and the GP Partnership Agreement, including Section 7.9(a) thereof, (iii) to make all determinations and take all actions with respect to the proposed Merger and the agreements related thereto as may be authorized and contemplated under such agreements, the Partnership Agreement, the GP Partnership Agreement and the DCP GP LLC Agreement and (iv) if so approved, to recommend approval of the proposed Merger to the full GP Board. The Special Committee was also authorized to select and retain such professional advisors (including attorneys, investment bankers, accountants and other advisors) as it deemed necessary or appropriate in the exercise of its business judgment to assist it in connection with its review, evaluation, consideration and negotiation, and determination of whether to approve or reject, the proposed Merger and, on behalf of the Partnership, to enter into engagement letters with such professional advisors on such terms as the Special Committee deemed appropriate.

Following the Initial Proposal, the Chairman of the Special Committee contacted HAK and RLF, each of which had previously acted as counsel to the Special Committee, to discuss HAK’s and RLF’s potential engagement as legal counsel to the Special Committee in connection with the evaluation of the proposed Merger. The Special Committee determined that the draft Merger Agreement should provide that the Public Unitholders receive (i) distributions of \$0.43 per Common Unit for any completed quarter ending prior to the closing of the Merger and (ii) a pro rata cash amount, based on a quarterly amount of \$0.43 per Common Unit, for the partial quarter in which the closing of the Merger occurred. The Special Committee authorized representatives of HAK to send the Special Committee’s comments to the draft Merger Agreement to Bracewell.

On December 22, 2022, the Special Committee received a letter (the “December 22 Letter”) from Phillips 66 proposing that the Public Unitholders receive \$41.75 per Common Unit in the Merger and rejecting the inclusion of a majority of the minority approval condition (the “December 22 Counterproposal”). In the December 22 Letter, Phillips 66 conveyed its belief that the Special Committee December 19 Counterproposal did not appropriately take into account the significant changes to the Partnership’s operating strategy following the DCP Midstream Transaction and that, going forward, the Partnership will be managed as part of Phillips 66’s Midstream segment. The December 22 Letter also noted that: Phillips 66 has a significantly lower cost of capital relative to the Partnership and greater access to the capital markets; if the Partnership remains public, the Partnership’s capital investments will be significantly reduced compared to prior periods and will be limited to projects that support existing contracts; future growth projects and strategic acquisitions will be undertaken outside of the Partnership; Phillips 66 will not “drop down” additional assets to the Partnership and will not provide capital to the Partnership in the future; and, if the Partnership remains public, excess cash flows will be utilized for Partnership debt reduction rather than increases in distributions on the Common Units. Because these changes in operating strategy had not been publicly announced, Phillips 66 expressed the view that they were not reflected in the current trading price of the Common Units or the views of equity research analysts. The December 22 Letter also noted that the December 22 Counterproposal represented a 20% premium to the unaffected Common Unit closing price of \$34.75 on August 17, 2022, the last trading day prior to the public announcement of the Initial Proposal, and a 25% premium to the 30-day VWAP of \$33.51 as of such date. The December 22 Letter further stated that the December 22 Counterproposal would expire at 5:00 pm (CST) on December 31, 2022, and that, if an agreement was not reached by that time, the proposed Merger would be publicly withdrawn.

The revised draft of the Merger Agreement accepted, in large part, the covenant proposed by the Special Committee that would require the General Partner to declare and pay regular quarterly cash distributions in respect of the Common Units in an amount equal to \$0.43 per Common Unit during the period between signing of the Merger Agreement and closing of the Merger.

in which the closing of the Merger occurred. The Special Committee instructed HAK to return a revised draft of the Merger Agreement to Bracewell reflecting these changes. The Special Committee also instructed Evercore to contact Barclays and inform them that if Phillips 66 agreed to the Special Committee's markup of the Merger Agreement, the Special Committee would agree to the December 22 Counterproposal.

On December 30, 2022, HAK, on behalf of the Special Committee, sent comments to the draft Merger Agreement to Bracewell reflecting the changes regarding distributions as directed by the Special Committee and the comments provided by management of the Partnership. Representatives of Evercore informed Barclays that the Special Committee would accept the December 22 Counterproposal if Phillips 66 agreed to the payment of distributions as provided in the draft Merger Agreement sent by HAK to Bracewell.

On December 31, 2022, at the direction of Phillips 66, a representative of Barclays contacted a representative of Evercore and informed Evercore that Phillips 66 would agree to a provision in the Merger Agreement requiring the Partnership to pay regular quarterly distributions in an amount equal to \$0.43 per Common Unit for each completed quarter ending prior to the closing of the Merger and that if a record date for such quarterly distribution had not occurred prior to the closing of the Merger, that the record date would be established prior to the closing of the Merger. On December 31, 2022, the Special Committee held a virtual meeting with representatives of Evercore, HAK and RLF. Following extensive discussions of the potential timing of the Merger and the potential for the Public Unitholders to receive quarterly distributions before the closing of the Merger, the Special Committee determined to accept Phillips 66's proposal regarding the payment of distributions for each completed quarter ending prior to closing of the Merger. The Special Committee determined to accept the December 22 Counterproposal, subject to finalization of the Merger Agreement.

On the morning of January 6, 2023, Phillips 66 and the Partnership issued a joint press release announcing the execution of the Merger Agreement.

Resolution of Conflicts of Interest; Standards of Conduct and Modification of Duties

Under Section 7.9(a) of the Partnership Agreement, whenever a potential conflict of interest exists or arises between the General Partner or any of its affiliates, on the one hand, and the Partnership or any subsidiary or partner of the Partnership, on the other, any resolution or course of action by the General Partner or its affiliates in respect of such conflict of interest will be permitted and deemed approved by all partners, and will not constitute a breach of the Partnership Agreement, of any Group Member Agreement (as defined in the Partnership Agreement), of any agreement contemplated in the Partnership Agreement or in any Group Member Agreement, or of any duty stated or implied by law or equity, if the resolution or course of action in respect of such conflict of interest is approved by “Special Approval.” “Special Approval” is defined in the Partnership Agreement as approval by a majority of the members of the Special Committee.

Under Section 7.9(b) of the Partnership Agreement, whenever the General Partner makes a determination or takes or declines to take any other action, or any of its affiliates causes it to do so, in its capacity as the general partner of the Partnership as opposed to in its individual capacity, whether under the Partnership Agreement, any Group Member Agreement or any other agreement contemplated by the Partnership Agreement or otherwise, then, unless another express standard is provided for in the Partnership Agreement, the General Partner, or such affiliates causing it to do so, is required to make such determination or take or decline to take such other action in good faith and is not subject to any other or different standards imposed by the Partnership Agreement, any Group Member Agreement, any other agreement contemplated by the Partnership Agreement or under the Delaware Revised Uniform Limited Partnership Act or any other law, rule or regulation or at equity. Pursuant to Section 7.9(b) of the Partnership Agreement, in order for a determination or other action to be in “good faith” for purposes of the Partnership Agreement, the person or persons making such determination or taking or declining to take such other action must believe that the determination or other action is in the best interests of the Partnership.

Under Section 7.10(b) of the Partnership Agreement, the General Partner may consult with legal counsel, accountants, appraisers, management consultants, investment bankers and other consultants and advisers selected by it, and any act taken or omitted to be taken in reliance upon the opinion of such persons as to matters the General Partner reasonably believes to be within such person’s professional or expert competence shall be conclusively presumed to have been done or omitted in good faith and in accordance with such opinion.

Reasons for Approval of the Merger Agreement by the Special Committee and the GP Board

The Special Committee

The Special Committee consists of three directors of the GP Board that satisfy the independence and other requirements for service on the Special Committee that are set forth in the Partnership Agreement: Bill W. Waycaster, William F. Kimble and Fred J. Fowler. The GP Board authorized the Special Committee (i) to review, evaluate, consider and negotiate the proposed Merger, (ii) to approve or reject, as the case may be, the Partnership entering into the proposed Merger and the agreements related thereto, with such approval, if any, constituting “Special Approval” for all purposes under the Partnership Agreement, including Section 7.9(a) thereof, the DCP GP LLC Agreement, including Section 6.09(a) thereof, and the GP Partnership Agreement, including Section 7.9(a) thereof, (iii) to make all determinations and take all actions with respect to the proposed Merger and the agreements related thereto as may be authorized and contemplated under such agreements, the Partnership Agreement, the GP Partnership Agreement and the DCP GP LLC Agreement and (iv) if so approved, to recommend approval of the proposed Merger to the full GP Board.

At a meeting held on January 5, 2023, the Special Committee, by unanimous vote, (i) determined that the proposed Merger, on the terms and conditions set forth in the Merger Agreement, is in the best interests of the Partnership and the Public Unitholders and the consideration to be paid to the Public Unitholders is fair to the Public Unitholders, (ii) approved the Merger Agreement and the transactions contemplated thereby, including the Merger, with such approval constituting “Special Approval” for all purposes of the Partnership Agreement, including

Section 7.9(a) thereof, the DCP GP LLC Agreement, including Section 6.09(a) thereof, and the GP Partnership Agreement, including Section 7.9(a) thereof, (iii) recommended that the GP Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger, and the execution, delivery and performance of the Merger Agreement and the transactions contemplated thereby, including the Merger, and (iv) recommended that the GP Board resolve to direct that the Merger Agreement and the approval of the Merger be submitted to a vote of the holders of Common Units.

The Special Committee retained HAK and RLF as its legal counsel and Evercore as its independent financial advisor. The Special Committee oversaw the performance of financial and legal due diligence by its advisors. The Special Committee also conducted a review and evaluation of the proposed Merger, including the Merger Agreement and the transactions contemplated thereby, and conducted negotiations with Phillips 66 and its representatives with respect to the proposed Merger, including the Merger Agreement and the transactions contemplated thereby.

The Special Committee consulted with its financial and legal advisors and considered both positive and potentially negative factors in making its determination and approvals and the related recommendations to the GP Board.

The Special Committee considered the following factors, the order of which does not necessarily reflect their relative significance, to be generally positive or favorable to the Partnership and the Public Unitholders in making its determination and approvals and the related recommendation to the GP Board:

- The Merger Consideration of \$41.75 per Public Common Unit, which the Special Committee believes will provide greater value to the Public Unitholders than the long-term value of Common Units of the Partnership as a publicly traded partnership, after taking into account, among other things, the Partnership's future growth prospects following the DCP Midstream Transaction.
- The Special Committee's belief that the Merger Consideration provides certainty, immediate liquidity and greater assured value for the Public Unitholders than the long-term value of the Partnership on a status quo basis in light of, among other things, (i) the Partnership's future growth prospects following the DCP Midstream Transaction and (ii) potential commodity price volatility.
- The all-cash form of the Merger Consideration, which the Special Committee believes may help facilitate the payment of taxes by the Public Unitholders given that, for U.S. federal income tax purposes, the proposed Merger is expected to be a taxable transaction.
- The premium to current and historical trading prices of the Common Units, including that the proposed Merger Consideration of \$41.75 to be paid for each Common Unit constitutes:
 - a 20.1% premium to the price per Common Unit on August 17, 2022 (the unaffected closing trading price prior to Phillip 66's public announcement of its proposal of the buy-in offer);
 - a 23.2% premium to the volume-weighted average price of the Common Units for the 20-day period ending on August 17, 2022 (the unaffected closing trading price prior to Phillip 66's public announcement of its proposal of the buy-in offer);
 - a 6.2% premium to the price per Common Unit on January 5, 2023 (the last trading day prior to the Special Committee's approval of the Merger Agreement); and
 - an 8.2% premium to the volume-weighted average price of the Common Units for the 20-day period ending on January 5, 2023 (the last trading day prior to the Special Committee's approval of the Merger Agreement).
- The all-cash form of the Merger Consideration represents certainty of value and eliminates downside risk associated with continued ownership of the Common Units, including any possible decrease in future revenues, cash available for distributions, growth or value of the Partnership following the proposed Merger.

Table of Contents

- The challenges to the Partnership’s ability to grow its capital investments compared to prior periods if the Partnership remains publicly held as a result of statements by Phillips 66 that, going forward, Phillips 66 (i) will limit the Partnership’s capital investments to projects that support existing contracts, (ii) will undertake growth projects and strategic acquisitions outside of the Partnership, (iii) will not “drop down” additional assets to the Partnership, (iv) will not provide capital to the Partnership and (v) will use the Partnership’s excess cash flows for debt reduction rather than increases in distributions on the Common Units.
- The financial analyses prepared by Evercore during the course of the deliberations and negotiations and the oral opinion of Evercore rendered to the Special Committee on January 5, 2023 (which was subsequently confirmed in writing by delivery of Evercore’s written opinion addressed to the Special Committee dated January 5, 2023), which analyses and opinion the Special Committee expressly adopted as its own with respect to the fairness, from a financial point of view, of the Merger Consideration, to the effect that, as of the date of such opinion, and based upon and subject to the assumptions, limitations, qualifications, and conditions described in Evercore’s written opinion, the Merger Consideration to be received in the Merger is fair, from a financial point of view, to the Partnership and the Public Unitholders.
- The likelihood of closing the proposed Merger, which is not subject to a financing contingency.
- The terms and conditions of the Merger Agreement, which were determined through negotiations between the Special Committee, comprised of directors that satisfy the independence and other requirements for service on the Special Committee that are set forth in the Partnership Agreement, and Phillips 66 and their respective representatives and advisors.
- The negotiated terms of the Merger Agreement, principally:
 - Provisions obligating the General Partner to declare, and cause the Partnership to pay, a cash distribution in an amount equal to \$0.43 per Common Unit to the holders of Common Units for each completed quarter ending on or after December 31, 2022 and prior to the Effective Time and provisions requiring that the record date for any such distribution be established on or prior to the Effective Time.
 - The representation of Phillips 66 that it will have sufficient funds to pay the Merger Consideration and all other cash amounts payable pursuant to the Merger Agreement.
 - Provisions restricting any elimination of the Special Committee, revocation or diminution of the authority of the Special Committee, increase in the size of the Special Committee and removal of the members of the Special Committee between signing of the Merger Agreement and closing of the proposed Merger.
 - Provisions obligating Phillips 66 to pay the reasonably documented out-of-pocket expenses incurred by the Partnership and its affiliates in connection with the proposed Merger up to a maximum amount of \$3,000,000 if the Merger Agreement is terminated under certain circumstances.
 - Provisions restricting amendment or termination of the Merger Agreement without the approval of the Special Committee.
- The fact that DCP Midstream, in its capacity as the record and beneficial owner of 50,874,908 Common Units, and the General Partner, in its capacity as the record and beneficial owner of 66,887,618 Common Units, has delivered the Written Consent approving the Merger Agreement and the transactions contemplated thereby, and such Written Consent is sufficient to approve the Merger Agreement and the Merger on behalf of the Partnership’s limited partners.
- Financial and legal advice provided to the Special Committee during its deliberations and the negotiation of the proposed Merger, and the Special Committee’s engagement of financial and legal

advisors with knowledge and experience with respect to public merger and acquisition transactions, master limited partnerships, the Partnership's industry generally, and the Partnership in particular, as well as substantial experience advising master limited partnerships and other companies with respect to transactions similar to the proposed Merger.

The Special Committee considered the following factors, the order of which does not necessarily reflect their relative significance, to be potentially negative or unfavorable in arriving at its determination and approvals, and the related recommendation to the GP Board:

- Control of a majority of Common Units by Phillips 66 and its affiliates, which controlled approximately 56.5% of the Partnership's outstanding Common Units and the general partner interest in the Partnership, meaning that the Special Committee was effectively limited in its ability to solicit any third party transaction that was not supported by Phillips 66.
- For U.S. federal income tax purposes, the receipt of cash by the Public Unitholders in exchange for Common Units in the proposed Merger generally will be a taxable transaction and may result in the recognition of taxable gain and income by the Public Unitholders, depending on each Public Unitholder's particular circumstances.
- The fact that, following the proposed Merger and the payment of the Merger Consideration in cash, the existing Public Unitholders will not participate in any future distributions, earnings or growth of the Partnership.
- The all-cash aspect of the Merger Consideration does not allow the Public Unitholders to benefit from any synergies that may result from the proposed Merger.
- The historical trading price of the Common Units, which have, at times in the past, traded at levels that exceeded the Merger Consideration that each Public Unitholder will be entitled to receive in the proposed Merger.
- The vote required to approve the proposed Merger, which is not subject to approval by majority vote of the Public Unitholders.
- Certain terms of the Merger Agreement, principally:
 - Provisions obligating the Partnership to pay the reasonably documented out-of-pocket expenses incurred by Phillips 66 and its affiliates in connection with the proposed Merger up to a maximum amount of \$3,000,000 if the Merger Agreement is terminated under certain circumstances.
 - Provisions restricting the conduct of the Partnership's business during the interim period between signing of the Merger Agreement and closing of the proposed Merger.
 - Provisions confirming that Public Unitholders are not entitled to dissenters' or appraisal rights with respect to the proposed Merger under the Partnership Agreement or the Merger Agreement.
- Potential risks or delay in consummating the proposed Merger, meaning there can be no assurance that all conditions to the parties' obligations to complete the proposed Merger will be satisfied, and thus it is possible that the proposed Merger may not be completed in a timely manner or at all.
- Potential risks if the proposed Merger is not completed, with potential disruption to the business of the Partnership and a potential decline in the trading price of the Common Units.
- The risk that litigation may occur in connection with the proposed Merger, and that any such litigation may result in delay, significant costs and a diversion of management's focus on the conduct of the business of the Partnership.
- The potential that members of management of the Partnership may have interests in the Merger that are different from, or in addition to, the interests of the Public Unitholders.

Table of Contents

After taking into account all of the factors set forth above, as well as others, the Special Committee concluded that the potential benefits of the proposed Merger outweighed any negative or unfavorable considerations and determined that the Merger Agreement and the transactions contemplated thereby are in the best interests of the Partnership and the Public Unitholders.

In addition, under the SEC rules governing “going private” transactions, Phillips 66 and the Partnership are deemed to be engaged in a “going private” transaction and are required, pursuant to Rule 13e-3 under the Exchange Act, to express their beliefs as to the fairness of the Merger to the Public Unitholders. The GP Board, in connection with its delegation of authority to the Special Committee to review, evaluate, consider and negotiate the proposed Merger, further delegated to the Special Committee the authority to, if it determined to approve the proposed Merger, make a determination as to whether it believes the proposed Merger and the consideration to be paid to the Public Unitholders in such proposed Merger is fair to the Public Unitholders. The Special Committee, on behalf of the Partnership, is making the following statements solely for purposes of complying with the requirements of Rule 13e-3 and related rules under the Exchange Act. The Special Committee, on behalf of the Partnership, on the basis of the factors considered by the Special Committee and described above, believes that the Merger (which is the Rule 13e-3 transaction for which the Schedule 13E-3 was filed with the SEC) is both procedurally and substantively fair to the Public Unitholders.

In arriving at its determination as to the fairness of the Merger Consideration, the Special Committee considered the current and historical market prices of the Common Units; however, it was the belief of the Special Committee that market trends do not necessarily reflect the Partnership’s underlying business or financial condition. The Special Committee did not consider the Partnership’s net book value, which is an accounting concept defined as total assets minus total liabilities, because the Special Committee believed that net book value was not a material indicator of the value of the Partnership as a going concern. The Special Committee also did not consider the liquidation value of the Partnership’s assets, and did not perform a liquidation analysis, because it considers the Partnership to be a viable going concern. Therefore, no appraisal of liquidation value was sought for purposes of valuing the Common Units and the Special Committee believes that the liquidation value of the Partnership’s assets is irrelevant to a determination of whether the proposed Merger is fair to the Public Unitholders. The Special Committee was not aware of, and did not consider, any firm offers or proposals made by any unaffiliated person during the past two years for (i) a merger or consolidation of the Partnership with another company; (ii) the sale or transfer of all or substantially all of the Partnership’s assets; or (iii) the purchase of securities of the Partnership that would enable such person to exert control of or significant influence over the Partnership. The Special Committee was not aware of, and thus did not consider, any purchases by the Partnership of Common Units during the past two years.

In making its determination and approvals and its related recommendations, the Special Committee considered the financial analyses prepared by Evercore and reviewed and discussed by Evercore with the Special Committee as an indication of the going concern value of the Partnership. The Special Committee did not expressly establish a specific going concern value for the Partnership to determine the fairness of the Merger Consideration to the Public Unitholders because the Special Committee did not believe there was a single method for determining going concern value. However, the financial analyses presented to the Special Committee by Evercore and discussed below under “*Opinion of Evercore - Financial Advisor to the Special Committee*” were based on the operations of the Partnership as a continuing business and, to that extent, the Special Committee considered such analyses as indicative of the going concern value of the Partnership. The Special Committee considered each of these analyses in the context of the opinion provided by Evercore, and the Special Committee expressly adopts these analyses and the opinion of Evercore with respect to the fairness, from a financial point of view, of the Merger Consideration, among other factors it considered (as described above), in arriving at its determination regarding the fairness of the Merger Agreement and the proposed Merger to the Public Unitholders.

The Special Committee did not retain an unaffiliated representative to act solely on behalf of the Public Unitholders for purposes of negotiating the Merger Agreement. The Special Committee believed that it was unnecessary to retain an unaffiliated representative to act solely on behalf of the Public Unitholders for purposes

[Table of Contents](#)

of negotiating the Merger Agreement because the Special Committee was charged with representing the interests of the Partnership and the Public Unitholders, it consisted solely of independent directors, it engaged independent financial and legal advisors to assist it in its evaluation of the proposed Merger and negotiation of the Merger Agreement and it was actively involved in deliberations and negotiations regarding the proposed Merger and the Merger Agreement on behalf of the Public Unitholders.

The foregoing discussion is not intended to be exhaustive but is intended to address the material information and principal factors considered by the Special Committee in considering the Merger Agreement and the transactions contemplated thereby. In view of the number and variety of factors and the amount of information considered, the Special Committee did not find it practicable to, and did not make specific assessments of, quantify or otherwise assign relative weights to, the specific factors considered in reaching its determination. In addition, the Special Committee did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination, and the members of the Special Committee may have given different weights to different factors. The Special Committee made its recommendation based on the totality of the information reviewed by the Special Committee.

Certain statements and other information presented in this section are forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading “*Cautionary Statement Regarding Forward-Looking Statements.*”

The GP Board

The GP Board consists of eight directors, three of whom are independent (Messrs. Waycaster, Fowler and Kimble), and five of whom are executive officers of Phillips 66 (or its subsidiaries): Kevin Mitchell, Tim Roberts, Heather Crowder, Todd Denton and Brian Mandell. As such, some of the directors on the GP Board may have different interests in the Merger than the Public Unitholders. For a discussion of these and other interests of the members of the GP Board, see “*Interests of the Directors and Executive Officers of DCP GP LLC in the Merger.*”

Following the receipt of the Special Committee’s determination and approvals and the related recommendations to the GP Board discussed above, at a meeting held on January 5, 2023, the GP Board (acting, in part, based upon the receipt of such determination and approvals and related recommendation of the Special Committee), by unanimous vote, (i) determined that the Merger Agreement and the transactions contemplated by the Merger Agreement, including the Merger, are in the best interests of the Partnership and the Public Unitholders, (ii) authorized and approved the execution and delivery of the Merger Agreement and the consummation of the transactions contemplated by the Merger Agreement, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement, (iii) directed that the approval of the Merger Agreement and the approval of the Merger be submitted to a vote of the holders of Common Units pursuant to Section 14.3 of the Partnership Agreement and (iv) authorized the holders of Common Units to act by written consent pursuant to Section 13.11 of the Partnership Agreement. In making the determination described above, the GP Board has expressly adopted the analysis of the Special Committee, which expressly adopted the analyses and opinion of Evercore with respect to the fairness, from a financial point of view, of the Merger Consideration, among other factors considered in the course of making its determination and approvals and related recommendations to the GP Board.

The GP Board considered the following factors, the order of which does not necessarily reflect their relative significance, in making its determination and approvals:

- The Special Committee’s unanimous approval of the Merger Agreement and the transactions contemplated thereby, including the Merger, such approval constituting “Special Approval” for all purposes of the Partnership Agreement, the DCP GP LLC Agreement, and the GP Partnership Agreement, and the related recommendations of the Special Committee to the GP Board.

Table of Contents

- The factors considered by the Special Committee in arriving at its determination and approvals and the related recommendations to the GP Board and described above. In doing so, the GP Board expressly adopted the analyses of the Special Committee, which is discussed above.
- The GP Board's understanding of the process and procedures undertaken by the Special Committee in arriving at its determination and approvals and the related recommendations to the GP Board, which included:
 - The GP Board's determination that the members of the Special Committee met the independence and other requirements for service on the Special Committee that are set forth in the Partnership Agreement.
 - The Special Committee's engagement of financial and legal advisors with knowledge and experience with respect to public merger and acquisition transactions, master limited partnerships, the Partnership's industry generally, and the Partnership in particular, as well as substantial experience advising master limited partnerships and other companies with respect to transactions similar to the Merger.
 - The GP Board's resolution that the Special Committee would not have any duty (fiduciary or otherwise) to consider the interests of DCP GP LLC's affiliates (other than the Partnership), including the General Partner, DCP Midstream or Phillips 66 or any of their respective affiliates (other than the Partnership).
 - The terms of the Merger Agreement, including the Merger Consideration, were determined as a result of negotiations between Phillips 66 and the Special Committee and their respective advisors and representatives that included multiple proposals and counterproposals.
 - The Special Committee's receipt of Evercore's opinion, dated as of January 5, 2023, to the effect that, as of the date of such opinion, and based upon and subject to the assumptions, limitations, qualifications, and conditions described in Evercore's written opinion, the Merger Consideration to be received in the Merger is fair, from a financial point of view, to the Partnership and the Public Unitholders.

The foregoing discussion of the information and factors considered by the GP Board is not intended to be exhaustive, but includes the factors believed by the GP Board to be material to its determinations and approvals. In view of the variety of factors considered in connection with its evaluation of the Merger and the complexity of these matters, the GP Board did not find it practicable to, and did not, quantify or otherwise attach relative weights to the foregoing factors in making its determinations and approvals. The GP Board makes its determinations and approvals based upon the totality of the information presented to and considered by the GP Board in making its determinations and approvals.

Unaudited Financial Projections of the Partnership

In connection with the proposed Merger, management of the Partnership prepared projections relating to the Partnership that included non-public historical and projected financial data relating to the Partnership (the "Projections"), which contained certain sensitivity cases based on alternative commodity price decks over a five-year period: (i) a sensitivity case assuming NYMEX Strip Pricing as of January 3, 2023; (ii) a sensitivity case assuming a higher commodity price environment; and (iii) a sensitivity case assuming a lower commodity price environment. The Projections were provided to Evercore for its use and consideration in its financial analyses in preparation of its opinion to the Special Committee. The Projections were prepared by management of the Partnership without giving effect to the Merger or any business or strategic decision or action that may occur as a result of the occurrence of the Merger.

In addition, in connection with the proposed Merger, Phillips 66 prepared and provided to Evercore an analysis that included non-public projected financial data relating to certain cost efficiencies (without giving

[Table of Contents](#)

effect to the Merger) that Phillips 66 believed the Partnership may realize as a result of the integration of the Partnership's business into Phillips 66's Midstream segment (the "Cost Efficiencies Analysis").

The projected financial data set forth below is being included in this information statement to give holders of Public Common Units access to non-public information that was provided to the Special Committee and the Special Committee's financial advisor in the course of evaluating the Merger. The inclusion of this information should not be regarded as an indication that the Partnership, Phillips 66, their affiliates or any of their respective advisors or other representatives or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual future performance or events, or that it should be construed as financial guidance, and such projected financial information set forth below should not be relied on as such.

The projected financial data set forth below was not prepared with a view toward public disclosure, nor were they prepared with a view toward compliance with generally accepted accounting principles in the United States ("GAAP"), published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither the Partnership's independent registered public accounting firm, nor Phillips 66's independent registered public accounting firm, nor any other independent accountants, have audited, reviewed, examined, compiled or performed any procedures with respect to the unaudited prospective financial and operating information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability.

Furthermore, the projected financial data set forth below does not take into account any circumstances or events occurring after the date they were prepared. Neither the Partnership nor Phillips 66 can give any assurance that, had such projected financial data been prepared as of the date of this information statement, similar estimates and assumptions would be used. Except as required by applicable securities laws, neither the Partnership nor Phillips 66 intend to, and they each disclaim any obligation to, make publicly available any update or other revision to the projected financial data set forth below to reflect circumstances existing since their preparation or to reflect the occurrence of unanticipated events, even in the event that any or all of the underlying assumptions are shown to be in error or to reflect changes in general economic or industry conditions. The projected financial data set forth below do not take into account all the possible financial and other effects on the Partnership of the Merger, the effect on the Partnership of any business or strategic decision or action that has been or will be taken as a result of the Merger Agreement having been executed, or the effect of any business or strategic decisions or actions that would likely have been taken if the Merger Agreement had not been executed, but which were instead altered, accelerated, postponed or not taken in anticipation of the Merger. Further, the projected financial data set forth below do not take into account the effect on the Partnership of any possible failure of the Merger to occur. Neither the Partnership, Phillips 66, their affiliates, nor any of their respective, officers, directors, advisors or other representatives has made, makes or is authorized in the future to make any representation to any holder of Common Units or other person regarding the Partnership's ultimate performance compared to the information contained in the projected financial data set forth below or to the effect that the future financial and operating performance set forth therein will be achieved. The inclusion of the projected financial data set forth below should not be deemed an admission or representation by the Partnership, Phillips 66, their affiliates or any of their respective advisors or representatives or any other person that it is viewed as material information of the Partnership, particularly in light of the inherent risks and uncertainties associated with such financial forecasts.

DCP Financial Projections

While presented with numerical specificity, the Projections reflect numerous estimates and assumptions made by management of the Partnership as of October 10, 2022 with respect to industry performance and competition, general business, economic, market and financial conditions and matters specific to the Partnership's business, all of which are difficult to predict and many of which are beyond the Partnership's control. In developing the Projections, management made numerous material assumptions, in addition to the assumptions described above, with respect to the Partnership's business for the periods covered by the Projections, including:

- assumed NGL throughput volumes and G&P wellhead volumes in the amounts set forth below under "Volumes," which were based on assumed volumes by region;

Table of Contents

- assumed earnings related to midstream services, which were based on existing contract terms, tariff rates and assumed terms for contract renewals;
- assumed sustaining capital expenditures and growth capital expenditures in the amounts set forth below under “Sustaining Capital” and “Growth Capex”;
- assumed operating and maintenance expenses and general and administrative expenses, which were based on the Partnership’s historical expenses and assumed impacts of inflation, regulatory compliance and asset investments;
- average interest rates on the Partnership’s debt throughout the periods covered as follows: (i) 4.5%-5.5% annually under the Partnership’s credit facilities; and (ii) 5.5%-6.0% annually on future and existing long-term debt;
- the Preferred Units will be redeemed once eligible with proceeds from debt and cash flow from operations; and
- quarterly distributions on the Common Units will remain at \$0.43 per Common Unit throughout the periods covered.

- (1) Adjusted EBITDA is a non-GAAP financial measure. The Partnership defines adjusted EBITDA as net income or loss attributable to partners adjusted for (i) distributions from unconsolidated affiliates, net of earnings, (ii) depreciation and amortization expense, (iii) net interest expense, (iv) noncontrolling interest in depreciation and income tax expense, (v) unrealized gains and losses from commodity derivatives, (vi) income tax expense or benefit, (vii) impairment expense and (viii) certain other non-cash items. Adjusted EBITDA further excludes items of income or loss that the Partnership characterizes as unrepresentative of its ongoing operations.
- (2) Distributable cash flow is a non-GAAP financial measure. The Partnership defines distributable cash flow as adjusted EBITDA, as defined above, less sustaining capital expenditures, net of reimbursable projects, less interest expense, less income attributable to Preferred Units, and certain other items. Sustaining capital expenditures are cash expenditures made to maintain the Partnership's cash flows, operating or earnings capacity. These expenditures add on to or improve capital assets owned, including certain system integrity, compliance and safety improvements. Sustaining capital expenditures also include certain well connects, and may include the acquisition or construction of new capital assets. Income attributable to Preferred Units represent cash distributions earned by the Preferred Units. Cash distributions to be paid to the holders of the Preferred Units assuming a distribution is declared by the GP Board, are not available to holders of Common Units. Non-cash mark-to-market of derivative instruments is considered to be non-cash for the purpose of computing distributable cash flow because settlement will not occur until future periods, and will be impacted by future changes in commodity prices and interest rates.

Cost Efficiencies Analysis

The Cost Efficiencies Analysis summarized below was prepared by Phillips 66 as of October 10, 2022. The Cost Efficiencies Analysis was prepared to reflect certain anticipated cost efficiencies (without giving effect to the Merger) that may be realized by the Partnership as a result of the integration of its business with Phillips 66's Midstream segment. The Cost Efficiencies Analysis reflects numerous estimates and assumptions made by management of Phillips 66 with respect to the integration of the Partnership's business into Phillips 66's Midstream segment, all of which are difficult to predict and many of which are beyond Phillips 66's control.

The Cost Efficiencies Analysis reflected the following projected cost efficiencies for the five-year period beginning in 2023: (i) a net increase in the Partnership's annual operating costs of \$34 million for 2023 (due primarily to integration-related costs); and (ii) a net decrease in the Partnership's annual operating costs of \$93 million for each of 2024, 2025, 2026 and 2027, respectively. The projected cost savings were expected to result primarily from reduced general and administrative costs over the five-year period, in addition to lower operating and maintenance costs.

Analysis of the Partnership

Assumptions with Respect to the Partnership

Evercore performed a series of financial analyses to derive indicative valuation ranges for the Common Units. Financial data for the Partnership utilized in the financial analyses described below were based upon, among other things, the Projections. A summary of the Projections is available in "Unaudited Financial Projections of the Partnership" above. The Projections were not adjusted by Evercore.

Discounted Cash Flow Analysis

Evercore performed a discounted cash flow analysis of the Partnership by valuing the cash flows to be received by the Partnership based on the Projections, as well as sensitivities based on certain price decks including: (i) Sensitivity Case—NYMEX Strip Pricing, (ii) Sensitivity Case—Higher Commodity Prices and (iii) Sensitivity Case—Lower Commodity Prices (the "Respective Cases"), during a five-year period. All figures stated herein related to the Respective Cases will appear in the order set forth in the immediately preceding sentence. Sensitivity Case—NYMEX Strip Pricing uses NYMEX Strip Pricing as of January 3, 2023. Sensitivity Case—Higher Commodity Prices and Sensitivity Case—Lower Commodity Prices assume higher and lower commodity price forecasts, respectively, in 2023E forward, as provided by management of the Partnership. Evercore calculated the per unit value range for the Common Units by utilizing a range of discount rates based on the Partnership's Weighted Average Cost of Capital ("WACC"), as estimated by Evercore based on a theoretical Capital Asset Pricing Model ("CAPM") as well as terminal values based on a range of estimated EBITDA multiples and perpetuity growth rates.

[Table of Contents](#)

For the Partnership's discounted cash flow analysis, Evercore assumed a range of discount rates of 7.0% to 8.0% based on the Partnership's WACC, a range of EBITDA multiples of 8.0x to 9.0x applied to the Partnership's terminal period EBITDA and a range of perpetuity growth rates of 0.5% to 1.5% applied to the Partnership's terminal period cash flows to derive a range of enterprise values. Evercore adjusted such enterprise values for preferred equity, noncontrolling interests, debt and cash as of December 31, 2022, and divided the resulting equity values by the number of Common Units outstanding as of December 31, 2022. The discounted cash flow analysis utilizing the EBITDA multiple terminal value methodology resulted in an implied equity value per Common Unit range of \$36.05 to \$43.31 based on the Projections and, \$37.83 to \$45.40, \$44.86 to \$53.18 and \$18.84 to \$24.22, based on the Respective Cases. The discounted cash flow analysis utilizing the perpetuity growth rate methodology to calculate terminal value resulted in an implied equity value per Common Unit range of \$33.35 to \$49.58 based on the Projections and \$35.15 to \$52.17, \$42.24 to \$61.07 and \$15.98 to \$27.68, based on the Respective Cases.

Discounted Distributions Analysis

Evercore performed a discounted distribution analysis by valuing the projected cash distributions of the Partnership based on the Projections, during a five-year period. Evercore discounted projected distributions using cost of equity discount rates of 9.0% to 10.0% based on CAPM and 11.0% to 13.0% based on Total Expected Market Return as well as a terminal yield range of 4.0% to 5.0%. This analysis on the projected cash distributions resulted in an implied per Common Unit value range of \$28.20 to \$34.93 for the five-year period based on CAPM, and an implied per Common Unit value range of \$25.10 to \$32.22 for the five-year period based on Total Expected Market Return.

Peer Group Trading Analysis

Evercore performed a peer group trading analysis of the Partnership by reviewing and comparing the market values and trading multiples of the following eleven publicly traded corporations and partnerships that Evercore deemed to have certain characteristics that are similar to those of the Partnership, including companies providing services in gathering and processing:

Gathering and Processing MLPs/Companies:

- Antero Midstream Corporation
- Crestwood Equity Partners LP
- DT Midstream, Inc.
- EnLink Midstream, LLC
- Equitrans Midstream Corporation
- Hess Midstream Partners LP
- Kinetik Holdings Inc.
- ONEOK, Inc.
- Summit Midstream Partners, LP
- Targa Resources Corp.
- Western Midstream Partners, LP

Although the peer groups were utilized to value the Common Units for purposes of this analysis, no corporation or partnership used in the analysis is identical or directly comparable to the Partnership. In order to calculate peer group trading multiples, Evercore relied on publicly available filings with the SEC and equity research analyst estimates.

Table of Contents

For gathering and processing corporations and partnerships, Evercore calculated the following trading multiples:

- Enterprise Value/2023 EBITDA, which is defined as market value of equity, plus preferred equity (as applicable), plus noncontrolling interest, plus debt, and less cash ("Enterprise Value"), divided by estimated EBITDA for the calendar year 2023; and
- Enterprise Value/2024 EBITDA, which is defined as Enterprise Value divided by estimated EBITDA for the calendar year 2024.
- Price/2023 Distributable Cash Flow, which is defined as distributable cash flow for MLPs and cash available for distributions for corporations for the calendar year 2023 divided by projected units or shares, as applicable, at year end, 2023; and
- Price/2024 Distributable Cash Flow, which is defined as distributable cash flow for MLPs and cash available for distributions for corporations for the calendar year 2024 divided by projected units or shares, as applicable, at year end, 2024.

The mean and median Enterprise Value to EBITDA trading multiples of the gathering and processing corporations and partnerships are set forth below.

Benchmark (Gathering and Processing)	Mean	Median
Enterprise Value/2023 EBITDA	8.8x	8.9x
Enterprise Value/2024 EBITDA	8.4x	8.6x

The table below includes relevant multiple ranges selected by Evercore based on the resulting ranges of Enterprise Value to EBITDA multiples and certain other considerations related to the specific characteristics of the Partnership noted by Evercore.

Benchmark	Reference Range	Implied Enterprise Value Range (\$ in millions)
Enterprise Value/2023 EBITDA	8.0x – 9.0x	\$ 13,582 - \$15,280
Enterprise Value/2024 EBITDA	8.0x – 9.0x	\$ 12,621 - \$14,199

After adjusting for preferred equity, noncontrolling interests, debt and cash as of December 31, 2022, and dividing by the number of Common Units outstanding as of December 31, 2022, Evercore determined an implied equity value per Common Unit range of (i) \$37.84 to \$45.91 based on 2023 EBITDA and (ii) \$33.27 to \$40.77 based on 2024 EBITDA based on the Projections. Evercore noted the range of Common Unit values implied by the analyses to be \$33.27 to \$45.91 based on the Projections and \$33.41 to \$40.99, \$38.44 to \$52.70 and \$16.31 to \$28.75 based on the Respective Cases.

The mean and median Price to Distributable Cash Flow trading multiples for the corporations and partnerships providing Gathering and Processing are set forth below.

Benchmark (Gathering and Processing)	Mean	Median
Price/2023 Distributable Cash Flow	7.3x	6.6x
Price/2024 Distributable Cash Flow	6.8x	6.2x

The table below includes relevant multiple ranges selected by Evercore based on the resulting range of Price to Distributable Cash Flow multiples and certain other considerations related to the specific characteristics of the Partnership noted by Evercore.

General

The foregoing summary of certain material financial analyses does not purport to be a complete description of the analyses or data presented by Evercore. In connection with the review of the Merger, Evercore performed a variety of financial and comparative analyses for purposes of rendering its opinion to the Special Committee. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary described above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Evercore's opinion. In arriving at its fairness determination, Evercore considered the results of all the analyses and did not draw, in isolation, conclusions from or with regard to any one analysis or factor considered by it for purposes of its opinion. Rather, Evercore made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all the analyses. In addition, Evercore may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis or combination of analyses described above should not be taken to be the view of Evercore with respect to the Merger Consideration. No company used in the above analyses as a comparison is directly comparable to the Partnership and no precedent transaction used is directly comparable to the Merger. Furthermore, Evercore's analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the corporations, MLPs or transactions used, including judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of the Partnership and its advisors.

Evercore prepared these analyses solely for the information and benefit of the Special Committee and for the purpose of providing an opinion to the Special Committee as to whether the Merger Consideration is fair, from a financial point of view, to the Partnership and the Public Unitholders. These analyses do not purport to be appraisals or to necessarily reflect the prices at which the business or securities actually may be sold. Any estimates contained in these analyses are not necessarily indicative of actual future results, which may be significantly more or less favorable than those suggested by such estimates. Accordingly, estimates used in, and the results derived from, Evercore's analyses are inherently subject to substantial uncertainty, and Evercore

assumes no responsibility if future results are materially different from those forecasted in such estimates. The issuance of the opinion was approved by an opinion committee of Evercore.

Except as described above, the Special Committee imposed no other instruction or limitation on Evercore with respect to the investigations made or the procedures followed by Evercore in rendering its opinion. The terms and conditions of the Merger Agreement and the related terms and conditions of the transaction were determined through negotiations between the Special Committee and Phillips 66. Evercore did not recommend any specific consideration to the Special Committee or recommend that any specific consideration constituted the only appropriate consideration in the Merger. Evercore's opinion was only one of many factors considered by the Special Committee in its evaluation of the Merger and should not be viewed as determinative of the views of the Special Committee with respect to the Merger or the Merger Consideration.

Under the terms of Evercore's engagement letter with the Partnership and the Special Committee, the Partnership has agreed to pay Evercore a fee of \$1,500,000 upon rendering its opinion and a closing fee of \$1,000,000 upon the closing of the Merger. Evercore also accrued a fee of \$500,000 upon execution of its engagement letter with the Partnership and the Special Committee. In addition, the Partnership has agreed to reimburse Evercore for its reasonable out-of-pocket expenses (including legal fees, expenses and disbursements) incurred in connection with its engagement and to indemnify Evercore and any of its members, officers, advisors, representatives, employees, agents, affiliates or controlling persons, if any, against certain liabilities and expenses arising out of its engagement, or to contribute to payments which any of such persons might be required to make with respect to such liabilities. Evercore's engagement letter with the Partnership includes a consent for use of Evercore's opinion in the Partnership's SEC filings related to the proposed Merger, including this information statement.

During the two-year period prior to the date of Evercore's opinion, Evercore and its affiliates have not been engaged to provide financial advisory or other services to the Partnership or Phillips 66 and Evercore did not receive any compensation from the Partnership or Phillips 66 during such period. Evercore represented the Conflicts Committee of the board of directors of the general partner of Phillips 66 Partners LP in negotiating the terms of its 2022 merger with Phillips 66. Evercore may provide financial advisory or other services to the Partnership and Phillips 66 in the future, and in connection with any such services Evercore may receive compensation.

Evercore and its affiliates engage in a wide range of activities for its and their own accounts and the accounts of customers, including corporate finance, mergers and acquisitions, equity sales, trading and research, private equity, placement agent, asset management and related activities. In connection with these businesses or otherwise, Evercore and its affiliates and/or its or their respective employees, as well as investment funds in which any of them may have a financial interest, may at any time, directly or indirectly, hold long or short positions and may trade or otherwise effect transactions for their own accounts or the accounts of customers, in debt or equity securities, senior loans and/or derivative products or other financial instruments of or relating to the Partnership, Phillips 66, potential parties to the Merger and/or any of their respective affiliates or persons that are competitors, customers or suppliers of the Partnership or Phillips 66.

In addition, Barclays had discussions with the management of Phillips 66 and the Partnership concerning their respective business operations, assets, liabilities, financial condition and prospects and undertook such other studies, analyses, and investigations as Barclays deemed appropriate.

For the purpose of its analysis and preparing the Barclays Discussion Materials, Barclays further assumed, in all respects material to its analysis, that all governmental, regulatory or other consents, approvals or releases necessary for the consummation of the Merger will be obtained without any material delay, limitation, restriction or condition and that the Merger will be consummated in accordance with the terms of the Merger Agreement without waiver, modification or amendment of any material term, condition or agreement thereof.

General

Barclays is an internationally recognized investment banking firm and, as part of its investment banking activities, is regularly engaged in financial advisory services in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, competitive bids, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. Phillips 66 selected Barclays because of its qualifications, reputation and experience in mergers and acquisitions generally, as well as substantial experience in transactions comparable to the proposed Merger.

Phillips 66 engaged Barclays to act as its financial advisor in connection with the proposed Merger pursuant to an engagement letter dated as of December 23, 2022, by and between Barclays and Phillips 66. Accordingly, as compensation for Barclays' services in connection with the proposed Merger, Phillips 66 will pay Barclays an advisory fee of up to \$6,000,000 upon completion of the proposed Merger, a portion of which is discretionary. In addition, Phillips 66 has agreed to reimburse Barclays for a portion of its reasonable out-of-pocket expenses incurred in connection with the proposed Merger and to indemnify Barclays for certain liabilities that may arise out of its engagement.

Barclays, its subsidiaries and its affiliates engage in a wide range of businesses from investment and commercial banking, lending, asset management and other financial and non-financial services. In the ordinary course of its business, Barclays and its affiliates may actively trade and effect transactions in the equity, debt and/or other securities (and any derivatives thereof) and financial instruments (including loans and other obligations) of Phillips 66 and the Partnership for its own account and for the accounts of Barclays' customers and, accordingly, may at any time hold long or short positions and investments in such securities and financial instruments.

Barclays has performed various investment banking and financial services for Phillips 66, the Partnership, and their respective affiliates in the past, and is likely to perform such services in the future, and has received, and is likely to receive, customary fees for such services. Specifically, in the past two years, Barclays and its affiliates have performed, or currently are performing, certain investment banking and financial services specifically for Phillips 66 and have received customary fees for rendering such services.

During the past two years, the aggregate fees received by Barclays that were attributed to Phillips 66 and its affiliates, according to Barclays' systems and processes, were less than approximately \$3,000,000 in investment banking fees. Barclays did not receive investment banking fees from the Partnership during this period. In the future, Barclays and its affiliates may provide additional investment banking and financial services to Phillips 66 and its affiliates and may receive customary fees for rendering such services.

The Phillips 66 Filing Parties are making the statements included in this section for the purpose of complying with the requirements of Rule 13e-3 and related rules under the Exchange Act.

The Phillips 66 Filing Parties did not participate in the deliberations of the Special Committee regarding, or receive advice from the Special Committee's legal or financial advisor as to, the fairness of the Merger to the Public Unitholders. The Phillips 66 Filing Parties did not undertake an independent evaluation of the fairness of the Merger to the Public Unitholders or engage a financial advisor for such purposes. However, based on the (i) the procedural safeguards implemented during the negotiation of the Merger Agreement, which included delegation by the GP Board to the Special Committee of the authority to (1) to

review, evaluate, consider and negotiate the proposed Merger, (2) to approve or reject, as the case may be, the Partnership entering into the proposed Merger and the agreements related thereto, with such approval, if any, constituting “Special Approval” for all purposes under the Partnership Agreement, including Section 7.9(a) thereof, the DCP GP LLC Agreement, including Section 6.09(a) thereof, and the GP Partnership Agreement, including Section 7.9(a) thereof, (3) to make all determinations and take all actions with respect to the proposed Merger and the agreements related thereto as may be authorized and contemplated under such agreements, the Partnership Agreement, the GP Partnership Agreement and the DCP GP LLC Agreement, and (4) if so approved, to recommend approval of the proposed Merger to the full GP Board; and (ii) the other factors, analyses and determinations of the Special Committee (see “—*Reasons for Approval of the Merger Agreement by the Special Committee and the GP Board*”), which the Phillips 66 Filing Parties expressly adopt, the Phillips 66 Filing Parties believe that the Merger (which is the Rule 13e-3 transaction for which the Schedule 13E-3 was filed with the SEC) is both procedurally and substantively fair to the Public Unitholders.

The Phillips 66 Filing Parties did not consider the Partnership’s net book value, which is an accounting concept defined as total assets minus total liabilities, because the Phillips 66 Filing Parties believe that net book value is not a material indicator of the value of the Partnership as a going concern. The Phillips 66 Filing Parties also did not consider the liquidation value of the Partnership’s assets, and did not perform a liquidation analysis, because the Phillips 66 Filing Parties consider the Partnership to be a viable going concern. Therefore, no appraisal of liquidation value was sought for purposes of valuing the Common Units, and the Phillips 66 Filing Parties believe that the liquidation value of the Partnership’s assets is irrelevant to a determination of whether the Merger is fair to the Public Unitholders. The Phillips 66 Filing Parties were not aware of, and did not consider, any firm offers or proposals made by any unaffiliated person during the past two years for (i) a merger or consolidation of the Partnership with another company; (ii) the sale or transfer of all or substantially all of the Partnership’s assets; or (iii) the purchase of securities of the Partnership that would enable such person to exert control of or significant influence over the Partnership. The Phillips 66 Filing Parties were not aware of, and thus did not consider, any purchases by the Partnership of Common Units during the past two years.

The Phillips 66 Filing Parties considered the current and historical market prices of the Common Units; however, it was the belief of the Phillips 66 Filing Parties that market trends do not necessarily reflect the Partnership’s underlying business or financial condition. The Phillips 66 Filing Parties implicitly considered the going concern value of the Partnership by taking into account the Partnership’s current and anticipated business, financial conditions, results of operations, prospects and other forward-looking matters. The Phillips 66 Filing Parties did not, however, explicitly calculate a specific going concern value of the Partnership because the Phillips 66 Filing Parties did not believe there was a single method for determining going concern value. Further, in light of the fact that the Phillips 66 Filing Parties already have, and will continue to have, control of the Partnership, and that the Phillips 66 Filing Parties continue to desire to retain their controlling interest in the Partnership, the Phillips 66 Filing Parties do not believe that it would be appropriate to value the Public Common Units on a basis that includes a control premium.

The foregoing discussion of the information and factors considered by the Phillips 66 Filing Parties is not intended to be exhaustive, but includes the factors considered by the Phillips 66 Filing Parties that each believed to be material to the determination of whether the Merger is fair to the Public Unitholders for the purpose of complying with Rule 13e-3 and the related rules under the Exchange Act. The Phillips 66 Filing Parties did not find it practical to, and did not, quantify or otherwise attach relative weights to the foregoing factors in reaching their position as to the fairness of the Merger. Rather, the Phillips 66 Filing Parties considered the totality of the information presented to and considered by the Phillips 66 Filing Parties in reaching their position as to the fairness of the Merger.

Purposes and Reasons of the Phillips 66 Filing Parties for the Merger

Under the SEC rules governing “going private” transactions, each of the Phillips 66 Filing Parties is an affiliate of the Partnership that is required to express its purpose and reasons for the Merger to the Public

Table of Contents

Unitholders. The Phillips 66 Filing Parties are making the statements included in this section for the purpose of complying with the requirements of Rule 13e-3 and related rules under the Exchange Act.

If the Merger is completed, all of the Common Units will become owned directly or indirectly by Phillips 66 and DCP Midstream. The Phillips 66 Filing Parties noted that market trends have led to numerous transactions involving MLPs, including buy-ins of MLPs by their corporate sponsors, acquisitions of MLPs by third parties, conversions of MLPs to corporations for U.S. federal income tax and state law purposes and simplifications of MLPs in which incentive distribution rights are modified or eliminated to improve the MLP's overall cost of capital. The overall result of these transactions, combined with a lack of initial public offerings by MLPs in recent years, has been a significant reduction in the number of outstanding MLPs.

The Phillips 66 Filing Parties' purpose of the Merger is for Phillips 66 to acquire all of the Public Common Units, with the result that Phillips 66 and DCP Midstream will, collectively, own 100% of the Common Units and will bear the rewards and risks of such ownership after the Common Units cease to be publicly traded.

The Phillips 66 Filing Parties believe that Phillips 66's acquisition of all of the Public Common Units will provide greater operational flexibility to further integrate the Partnership's business and assets with Phillips 66's Midstream segment, which the Phillips 66 Filing Parties believe will increase the operational size and scale of Phillips 66's Midstream segment, improve the Partnership's cost structure and result in synergies for the benefit of the Phillips 66 Filing Parties.

The Phillips 66 Filing Parties have undertaken to pursue the Merger for the reasons described above. The Phillips 66 Filings Parties determined to pursue the Merger at this time, as opposed to any previous time, because Phillips 66 did not have the power to manage all activities of DCP Midstream associated with the Partnership, DCP GP LLC and the General Partner prior to August 17, 2022 (see "*Background of the Merger*" and "*Past Contacts, Negotiations, Transactions and Agreements—DCP Midstream Transaction*"). Although the Phillips 66 Filing Parties believe that there will be opportunities associated with their investment in the Partnership, the Phillips 66 Filing Parties realize that there are also risks (including the risks and uncertainties relating to the prospects of the Partnership) and that such opportunities may never be fully realized. Further, following the Merger, there will be no trading market for the Common Units.

The Phillips 66 Filing Parties believe that structuring the proposed Merger as a merger transaction is preferable to other transaction structures because it provides a prompt and orderly transfer of ownership of the Public Common Units in a single step, without the necessity of additional Public Common Unit purchases by Phillips 66, either through a tender offer, individually negotiated purchases or open market purchases, and without incurring additional transaction costs associated with such activities. Further, the Merger provides an opportunity for the Public Unitholders to receive a premium for their Common Units.

The foregoing discussion of the information and factors considered by the Phillips 66 Filing Parties is not intended to be exhaustive, but includes the factors considered by the Phillips 66 Filing Parties that each believed to be material to its determination. The Phillips 66 Filing Parties did not find it practical to, and did not, quantify or otherwise attach relative weights to the foregoing factors in reaching their determinations. Rather, the Phillips 66 Filing Parties considered the totality of the information presented to and considered by the Phillips 66 Filing Parties in reaching their determinations.

Effects of the Merger

Pursuant to the Merger Agreement, at the Effective Time, Merger Sub, an indirect wholly owned subsidiary of Phillips 66, will merge with and into the Partnership, the separate existence of Merger Sub will cease and the Partnership will survive and continue to exist as a Delaware limited partnership and each Public Common Unit will be converted into the right to receive the Merger Consideration. Following the completion of the Merger, (i) the Public Unitholders will no longer own Common Units, (ii) the Common Units will cease to be listed on the NYSE and will no longer be publicly traded, (iii) the Common Units will be deregistered under the Exchange Act as promptly as practicable following the Effective Time and (iv) PDI will own approximately 43.6% of the Common Units, DCP Midstream will own approximately 24.4% of the Common Units and the General Partner will own approximately 32.1% of the Common Units.

The limited liability company interests in Merger Sub issued and outstanding immediately prior to the Effective Time will be converted into a number of new Common Units in the Partnership as the surviving entity in the Merger equal to the number of Public Common Units converted into the right to receive the Merger Consideration.

The Common Units owned by DCP Midstream and the General Partner, the Preferred Units and the non-economic general partner interest in the Partnership will each be unaffected by the Merger and will remain, immediately following the Effective Time, issued and outstanding and no consideration will be paid in respect thereof. Any Common Units owned by the Partnership or its wholly owned subsidiaries immediately prior to the Effective Time will be automatically canceled and cease to exist and no consideration will be paid in respect thereof.

If the Merger is completed, the Common Units will be delisted on the NYSE, will cease to be traded publicly and, as promptly as practicable following the Effective Time, will be deregistered under the Exchange Act. Holders of Public Common Units will no longer have any interest in the Partnership's future earnings or growth with respect to the Common Units. The receipt of cash by a U.S. Common Unitholder in exchange for Public Common Units pursuant to the Merger will have the U.S. federal tax consequences described under "Material U.S. Federal Income Tax Consequences of the Merger."

The Partnership's net book value (calculated as total assets minus total liabilities) for the year ended December 31, 2022 was approximately \$6,036 million and the Partnership's net income for the year ended December 31, 2022 was approximately \$1,056 million. The following table sets forth the Phillips 66 Filing Parties' interests in the Partnership's net book value and net income before and after the Merger, based on the Partnership's December 31, 2022 financial data.

Primary Benefits and Detriments of the Merger

Benefits and Detriments to the Public Unitholders

The primary benefits of the Merger to the Public Unitholders, who will not have a continuing interest in the Common Units following the Merger, include the following:

- The receipt by the Public Unitholders of \$41.75 per Public Common Unit in cash, without interest, which represents a 20.1% premium to the price per Common Unit on August 17, 2022 (the unaffected

closing trading price prior to Phillip 66's public announcement of its proposal of the buy-in offer) and a 23.2% premium to the volume-weighted average price of the Common Units for the 20-day period ending on August 17, 2022.

- The elimination of downside risk associated with continued ownership of the Common Units, including any possible decrease in future revenues, cash available for distributions, growth or value of the Partnership following the Merger.

The primary detriments of the Merger to the Public Unitholders, who will not have a continuing interest in the Common Units following the Merger, including the following:

- Public Unitholders will cease to have an interest in the Partnership with respect to their Common Units and, therefore, will no longer benefit from possible increases in the future revenues, cash available for distribution, growth or value of the Partnership or payment of distributions on the Common Units, if any.
- The all-cash aspect of the Merger Consideration does not allow the Public Unitholders to benefit from any synergies that may result from the Merger.
- For U.S. federal income tax purposes, the receipt of cash by the Public Unitholders in exchange for Common Units in the Merger generally will be a taxable transaction and may result in the recognition of taxable gain and income by the Public Unitholders, depending on each Public Unitholder's particular circumstances.

Benefits and Detriments to the Partnership and the Phillips 66 Filing Parties

The primary benefits of the Merger to the Partnership and the Phillips 66 Filing Parties include the following:

- The Merger will enable Phillips 66 to focus on managing the assets of the Partnership for Phillips 66 and its stockholders and DCP Midstream.
- Phillips 66 and its affiliates, as the owners of all of the Common Units, will become the beneficiaries of any savings resulting from the streamlining of general and administrative expenses.
- The value of Phillips 66's and its affiliates' equity investment could increase because of possible increases in future revenues and cash flow, increases in the underlying value of the Partnership or the payment of distributions, if any, that would accrue to Phillips 66 and its affiliates.

The primary detriments of the Merger to the Partnership and the Phillips 66 Filing Parties include the following:

- The loss of a public market as a reference point for the value of the Partnership's assets.
- The Merger will result in the Partnership's loss of the Common Units as a publicly traded acquisition currency.
- The Partnership's Projections may not be realized, which could result in the future impairment of Phillips 66's investment in the Partnership.
- The potential benefits sought in the Merger may not be realized.

Interests of the Directors and Executive Officers of DCP GP LLC in the Merger

In reading this information statement, holders of Common Units should be aware that some of the directors and executive officers of DCP GP LLC have interests in the Merger that may be different from, or in addition to, those of the holders of Common Units generally. The Special Committee and the GP Board were aware of these interests and considered them, among other matters, in approving the Merger Agreement and making their recommendations.

Existing Relationships of Phillips 66 Officers with the Partnership

Certain persons associated with Phillips 66 (or one or more of its subsidiaries) have a relationship with the Partnership. Pursuant to the DCP Midstream LLC Agreement, Phillips 66, through its wholly owned subsidiary, has the authority and power to elect all members of the GP Board. Accordingly, Phillips 66 has appointed certain directors of the GP Board and has the ability to remove each of the directors of the GP Board, including, subject to the terms of the Merger Agreement restricting the removal of the Special Committee members during the pendency of the Merger Agreement, each of the members of the Special Committee.

In addition, certain of the directors on the GP Board also serve as executive officers of Phillips 66 (or one or more of its subsidiaries). See “*Business and Background of Natural Persons.*”

Compensation of the Special Committee

Members of the GP Board that are not officers or employees of DCP GP LLC or its affiliates receive compensation for their service on the GP Board in the form of an annual cash retainer and annual grant of Common Units. In 2022, the members of the Special Committee each received (i) an annual cash retainer of \$90,000 and (ii) an annual grant of 3,800 Common Units for their service on the GP Board. In addition, in 2022, (i) Mr. Waycaster received an additional annual cash retainer of \$20,000 for his service as chairman of the Special Committee, (ii) Mr. Kimble received an additional annual cash retainer of \$20,000 for his service as chairman of the audit committee of the GP Board and (iii) Mr. Fowler received an additional annual cash retainer of \$5,000 for his service as chairman of the sustainability committee of the GP Board.

The members of the Special Committee did not receive any additional compensation for their participation with the transaction process.

Beneficial Ownership of Common Units

Certain of the directors and executive officers of DCP GP LLC hold Common Units and will be entitled to receive the Merger Consideration. See “*Unit Ownership of Certain Beneficial Owners, Directors and Executive Officers*” for more information.

Treatment of Partnership Equity Awards

Certain executive officers of DCP GP LLC hold equity incentive awards granted under the Partnership LTIP. Such awards consist of: (i) phantom Common Units with vesting conditioned upon continued service (“Partnership RPU’s”); (ii) phantom Common Units with vesting conditioned upon the achievement of certain performance metrics (“Partnership SPU’s”); and (iii) distribution equivalent rights granted in tandem with a Partnership SPU award or a Partnership RPU award (“Partnership DER’s”).

Pursuant to the Merger Agreement, at the Effective Time:

- Each unvested Partnership SPU award will convert into an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership SPU award (other than any performance-based vesting conditions), of Phillips 66 restricted stock units (“Phillips 66 RSUs”) that relates to a number of shares of Phillips 66 common stock equal to the product of (i) the number of Common Units subject to the corresponding Partnership SPU award as of immediately prior to the Effective Time (assuming that any performance-based vesting conditions applicable to such Partnership SPU award for any performance period that has not been completed as of the Effective Time are achieved (y) based on actual performance, to the extent actual performance can reasonably be determined as of the Effective Time, and (z) at “target” performance, to the extent actual performance cannot reasonably be determined as of the Effective Time, in each case, as may be determined by the GP Board (or any committee administering any Partnership long-term incentive plan) in its reasonable discretion),

multiplied by (ii) the ratio obtained by dividing (1) the Merger Consideration by (2) the average between the highest and lowest sales price per share of Phillips 66 common stock on the last trading day prior to the Effective Time (the “Award Exchange Ratio”), rounded up to the nearest whole share.

- Each unvested Partnership RPU award will convert into an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership RPU award, of Phillips 66 RSUs relating to a number of shares of Phillips 66 common stock equal to the product of (i) the number of Common Units subject to the corresponding Partnership RPU award, multiplied by (ii) the Award Exchange Ratio, rounded up to the nearest whole share.
- Each award of Partnership DERs will convert into an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership DER award, of a dividend equivalent right under a Phillips 66 equity incentive plan (each, a “Phillips 66 DER”), representing the right to receive dividends made by Phillips 66 on Phillips 66 common stock from and after the Effective Time with respect to the number of shares of Phillips 66 common stock subject to the corresponding Phillips 66 RSU award to which such Phillips 66 DER award relates. Any amounts accumulated but unpaid as of the Effective Time with respect to Partnership DERs associated with Partnership RPU awards will be paid from the Partnership at the Effective Time. The balance of accumulated but unpaid amounts in respect of Partnership DERs associated with Partnership SPU awards will be credited to the notional account associated with the Phillips 66 DER award and paid at the same time the underlying Phillips 66 RSU award is settled.

For additional information, see “Unit Ownership of Certain Beneficial Owners, Directors and Executive Officers” and “The Merger Agreement—Treatment of Partnership Equity Awards.”

Golden Parachute Compensation

The occurrence of the Merger will not result in the acceleration of payment of any cash incentive compensation awards or equity-based compensation awards held by any director or executive officer of DCP GP LLC, nor will it trigger any severance or other benefits to any director or executive officer of DCP GP LLC, including any “golden parachute” compensation as contemplated by Item 402(t) or Regulation S-K.

Indemnification; Directors’ and Officers’ Insurance

All of the directors and executive officers of DCP GP LLC will have continued indemnification and insurance coverage for their actions as directors and executive officers for a period of six years after the Effective Time of the Merger.

Material U.S. Federal Income Tax Consequences of the Merger

For U.S. federal income tax purposes, the receipt of cash in exchange for Public Common Units pursuant to the Merger will be a taxable transaction to U.S. Common Unitholders. A U.S. Common Unitholder who receives cash in exchange for Public Common Units pursuant to the Merger will recognize gain or loss in an amount equal to the difference between:

- the sum of (i) the amount of any cash received by such U.S. Common Unitholder and (ii) such U.S. Common Unitholder’s share of the Partnership’s nonrecourse liabilities immediately prior to the Merger; and
- such U.S. Common Unitholder’s adjusted tax basis in such Public Common Units (which includes such U.S. Common Unitholder’s share of the Partnership’s nonrecourse liabilities immediately prior to the closing of the Merger).

[Table of Contents](#)

Gain or loss recognized by a U.S. Common Unitholder generally will be taxable as capital gain or loss. However, a portion of such gain or loss, which portion could be substantial, will be separately computed and taxed as ordinary income or loss under Section 751 of the Code to the extent attributable to assets giving rise to “unrealized receivables,” including depreciation recapture, or to substantially appreciated “inventory items” owned by the Partnership and its subsidiaries. Passive losses that were not deductible by a U.S. Common Unitholder in one or more prior taxable periods because they exceeded such U.S. Common Unitholder’s share of the Partnership’s income in such taxable periods may become available to offset a portion of the gain recognized by such U.S. Common Unitholder.

The U.S. federal income tax consequences of the Merger to a Common Unitholder will depend on such Common Unitholder’s particular circumstances. Each Common Unitholder (including holders of Common Units that are not U.S. Common Unitholders) should consult its own tax advisors regarding the tax consequences of the exchange of Common Units for cash pursuant to the Merger in the light of such Common Unitholder’s particular circumstances (including the application and effect of any state, local, or foreign income or other tax laws).

See “*Material U.S. Federal Income Tax Consequences of the Merger*” beginning on page 75 for a more complete discussion of certain U.S. federal income tax consequences of the Merger.

Ownership of the Partnership After the Merger

Upon completion of the Merger, (i) all of the Common Units will be owned by PDI, DCP Midstream and the General Partner, (ii) the General Partner will continue to own the non-economic general partner interest and will continue as the general partner of the Partnership and (iii) the holders of Preferred Units immediately prior to the Effective Time will continue to own the Preferred Units.

Regulatory Approvals Required for the Merger

None of the Partnership or the Phillips 66 Filing Parties are aware of any federal or state regulatory approval required in connection with the Merger, other than compliance with applicable federal securities laws and applicable Delaware law.

Financing of the Merger

The total amount of funds necessary for Phillips 66 to consummate the Merger, including expenses related thereto, is anticipated to be approximately \$3.8 billion, which Phillips 66 expects to fund with a combination of cash on hand, proceeds from the offering of the Notes (as defined below) and borrowings under the Term Loan (as defined below). The Merger is not subject to any financing condition and Phillips 66 does not anticipate any difficulties obtaining the cash required to fund the Merger.

Term Loan

On March 27, 2023, Phillips 66 Company entered into a \$1.5 billion delayed draw term loan agreement with a syndicate of banks and other financial institutions party thereto and Mizuho Bank, Ltd., as administrative agent (the “Term Loan”). The Term Loan is guaranteed by Phillips 66. The Term Loan provides for a single borrowing during a 90-day period that commenced on March 27, 2023, and matures on the third anniversary of the funding date. The Term Loan contains customary covenants similar to those contained in Phillips 66 Company’s revolving credit facility, including a maximum consolidated net debt-to-capitalization ratio of 65% as of the last day of each fiscal quarter. The Term Loan has customary events of default, such as nonpayment of principal when due; nonpayment of interest, fees or other amounts after grace periods; and violation of covenants. Phillips 66 Company may at any time prepay outstanding borrowings under the Term Loan, in whole or in part, without premium or penalty. Outstanding borrowings under the Term Loan bear interest at either the adjusted term secured overnight financing rate in effect from time to time, plus the applicable margin, or the applicable

[Table of Contents](#)

reference rate, plus the applicable margin. The pricing levels for interest rate margins are determined based on the ratings in effect for Phillips 66 Company's senior unsecured long-term debt from time to time, and the interest rate margins increase on the second anniversary of the funding date. Funding under the Term Loan is subject to Phillips 66 Company delivering confirmation to the administrative agent that the closing of the Merger has occurred within the prior 30 days or will occur within three business days of the requested funding date, in addition to other customary conditions.

Senior Notes due 2027 and 2033

On March 29, 2023, Phillips 66 Company completed the offering of \$750,000,000 aggregate principal amount of its 4.950% Senior Notes due 2027 (the "2027 Notes") and \$500,000,000 aggregate principal amount of its 5.300% Senior Notes due 2033 (the "2033 Notes" and, together with the 2027 Notes, the "Notes"). The Notes are fully and unconditionally guaranteed by Phillips 66. The 2027 Notes will mature on December 1, 2027 and the 2033 Notes will mature on June 30, 2033. The 2027 Notes bear interest at 4.950% per year, payable semi-annually on June 1 and December 1 of each year, beginning on December 1, 2023. The 2033 Notes bear interest at 5.300% per year, payable semi-annually on June 30 and December 30 of each year, beginning on December 30, 2023. Phillips 66 Company may elect to redeem any or all of the Notes at any time at specified prices, plus accrued and unpaid interest to the redemption date. Phillips 66 Company is required to redeem the Notes at a special mandatory redemption price equal to 101% of the aggregate principal amount of the Notes if (i) the Merger does not occur on or prior to 11:59 p.m., New York City Time, on December 31, 2023, (ii) the Merger Agreement is terminated prior to such date or (iii) Phillips 66 Company notifies the trustee of the Notes that the Merger will not be consummated on or prior to such date. The Notes rank equally with all other unsecured and unsubordinated debt of Phillips 66 Company and rank senior to all other subordinated debt of Phillips 66 Company. The Notes were issued pursuant to an indenture, dated as of May 5, 2022, among Phillips 66 Company, as issuer, Phillips 66, as guarantor, and U.S. Bank Trust Company, National Association, as trustee. The indenture contains customary events of default and customary covenants restricting Phillips 66 Company's ability, with certain exceptions, to incur debt secured by liens, engage in sale/leaseback transactions and merge, consolidate or transfer all of its assets.

Except as described herein, there are no plans or arrangements at this time to repay or refinance the proceeds from the offering of the Notes or any amounts borrowed under the Term Loan.

Fees and Expenses Relating to the Merger

Generally, all fees and expenses incurred in connection with the Merger, including all legal, accounting, financial advisory, consulting and other fees and expenses of third parties, will be the obligation of the respective party incurring such fees and expenses, except that (i) Phillips 66 and the Partnership will each pay one half of the expenses incurred in connection with the filing of the Schedule 13E-3 and the filing, printing and mailing of this information statement and (ii) in the event of a material uncured breach resulting in a termination of the Merger Agreement, the breaching party will be liable for up to \$3.0 million in reimbursement of expenses, as discussed below under "*The Merger Agreement—Effect of Termination; Termination Expenses.*"

Total fees and expenses incurred or expected to be incurred by the Partnership in connection with the Merger are estimated at this time to be as follows:

	Amount to be Paid
Financial advisory fee and expenses	\$ 2,040,000
Legal, accounting and other professional fees	\$ 750,000
Printing and mailing costs and filing fees	\$ 350,000
Total	\$ 3,140,000

[Table of Contents](#)

Phillips 66 and its affiliates (other than DCP GP LLC, the General Partner and the Partnership) are expected to incur and pay fees and expenses of approximately \$20.7 million in connection with the Merger, consisting primarily of legal, accounting and other professional fees, financial advisory fees and financing costs.

Certain Legal Matters

General

Pursuant to the Merger Agreement, the parties have agreed to cooperate with each other to make all necessary, proper or advisable filings with any applicable governmental authorities and to obtain promptly all governmental approvals and consents necessary to consummate the Merger, subject to certain exceptions and limitations.

Certain Litigation

Currently, the Partnership is not aware of any pending litigation related to the Merger.

Provisions for Public Unitholders

No provision has been made to grant Public Unitholders access to the files of the parties to the Merger Agreement or to obtain counsel or appraisal services at the expense of any such parties.

Delisting and Deregistration

If the Merger is completed, the Common Units will cease to be listed on the NYSE, will be deregistered under the Exchange Act and will no longer be publicly traded.

No Dissenters' or Appraisal Rights

Public Unitholders are not entitled to dissenters' or appraisal rights in connection with the Merger under applicable law or contractual appraisal rights under the Partnership Agreement or the Merger Agreement.

Accounting Treatment of the Merger

The Merger will be accounted for in accordance with Financial Accounting Standards Board Accounting Standards Codification 810, Consolidation—Overall—Changes in a Parent's Ownership Interest in a Subsidiary. As Phillips 66 controls the Partnership through the governance rights it has as managing member of DCP Midstream's Class A Segment and will continue to control the Partnership after the Merger, the change in Phillips 66's ownership interest in the Partnership will be accounted for as an equity transaction, and no gain or loss will be recognized in Phillips 66's consolidated statement of operations resulting from the Merger.

In addition, after the closing of the Merger, Phillips 66 will no longer reflect the ownership interest previously held by the holders of the Public Common Units as noncontrolling interests on Phillips 66's consolidated balance sheet, nor will Phillips 66 attribute a portion of the Partnership's net income to these former unitholders on its consolidated statement of operations.

The following summary is qualified by reference to the complete text of the Merger Agreement, which is attached as Annex A to this information statement and incorporated by reference herein. You are urged to read the full text of the Merger Agreement because it is the legal document that governs the Merger.

The Merger Agreement and this summary of its terms have been included to provide you with information regarding the terms of the Merger Agreement, and this summary is qualified in its entirety by the terms and conditions of the Merger Agreement. It is not intended to provide any other factual information about Phillips 66, PDI, Merger Sub, the Partnership, the General Partner, DCP GP LLC or their respective subsidiaries and affiliates. The Merger Agreement contains representations and warranties by each of the parties to the Merger Agreement, which were made only for purposes of the Merger Agreement and as of specified dates. The representations, warranties and covenants in the Merger Agreement were made solely for the benefit of the parties to the Merger Agreement, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to the Merger Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. You should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of Phillips 66, PDI, Merger Sub, the Partnership, the General Partner, DCP GP LLC or any of their respective subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations, warranties and covenants may have changed after the date of the Merger Agreement, which subsequent information may or may not be fully reflected in the Partnership's public disclosures incorporated by reference in this information statement.

The Merger

Subject to the terms and conditions of the Merger Agreement, and in accordance with Delaware law, at the Effective Time, Merger Sub will merge with and into the Partnership, the separate existence of Merger Sub will cease and the Partnership will survive and continue to exist as a Delaware limited partnership.

The Merger will have the effects set forth in the Merger Agreement, the Partnership Agreement and the applicable provisions of Delaware law. Without limiting the foregoing, at the Effective Time, (i) PDI will be admitted as a limited partner of the Partnership by virtue of the Merger, (ii) DCP Midstream and the General Partner will each continue as a limited partner of the Partnership, (iii) PDI, DCP Midstream and the General Partner will collectively hold all of the limited partner interests in the Partnership represented by Common Units by virtue of the Merger, (iv) the General Partner will continue to hold the non-economic general partner interest in the Merger and will continue as the general partner of the Partnership, (v) the holders of Preferred Units immediately prior to the Effective Time will continue to hold the Preferred Units and (vi) the Partnership (as the surviving entity in the Merger) will continue without dissolution.

At the Effective Time, (i) the certificate of limited partnership of the Partnership as in effect immediately prior to the Effective Time will remain unchanged and will be the certificate of limited partnership of the Partnership (as the surviving entity in the Merger) from and after the Effective Time, until duly amended in accordance with applicable laws and (ii) the Partnership Agreement as in effect immediately prior to the Effective Time will be the agreement of limited partnership of the Partnership (as the surviving entity in the Merger), from and after the Effective Time until duly amended in accordance with the terms thereof and applicable laws.

The Merger Consideration

Subject to the provisions of the Merger Agreement, at the Effective Time, by virtue of the Merger and without any action on the part of any party thereto, any holder of Partnership securities or any other person:

- Each Public Common Unit issued and outstanding as of immediately prior to the Effective Time will be converted into the right to receive the Merger Consideration consisting of \$41.75 per Public Common Unit in cash without any interest thereon. As of the Effective Time, all Public Common Units will cease to be issued and outstanding and will automatically be canceled and will cease to exist, and the former holders of the Public Common Units so canceled will have the right to receive the Merger Consideration therefor.
- The limited liability company interests in Merger Sub issued and outstanding as of immediately prior to the Effective Time will be converted into a number of Common Units of the Partnership (as the surviving entity) equal to the number of Public Common Units converted into the right to receive the Merger Consideration.
- Each Common Unit owned by DCP Midstream or the General Partner will be unaffected by the Merger and will remain, immediately following the Effective Time, issued and outstanding as Common Units of the Partnership (as the surviving entity) and no consideration will be delivered in respect thereof.
- Any Common Units issued and outstanding as of immediately prior to the Effective Time and owned by the Partnership or any of its wholly owned subsidiaries will be automatically canceled at the Effective Time and will cease to exist and no consideration shall be delivered in respect thereof.
- Each Preferred Unit issued and outstanding as of immediately prior to the Effective Time will be unaffected by the Merger and will remain, immediately following the Effective Time, issued and outstanding as Preferred Units of the Partnership (as the surviving entity) and no consideration will be delivered in respect thereof.
- The non-economic general partner interest in the Partnership issued and outstanding as of immediately prior to the Effective Time will be unaffected by the Merger and will remain, immediately following the Effective Time, issued and outstanding as a non-economic general partner interest of the General Partner in the Partnership (as the surviving entity) and no consideration will be delivered in respect thereof.

At the Effective Time, the books and records of the Partnership will be revised to reflect (i) the conversion and cancellation of all Public Common Units, (ii) the conversion of the limited liability company interests in Merger Sub, (iii) the cancellation and extinguishment of any Common Units owned by the Partnership or any of its wholly owned subsidiaries, (iv) that DCP Midstream, the General Partner and PDI are the only holders of Common Units of the Partnership (as the surviving entity) and (v) that each such Common Unit of the Partnership (as the surviving entity) is “Outstanding” for all purposes under the Partnership Agreement

At the Effective Time, each holder of a certificate that immediately prior to the Effective Time represented Public Common Units and each holder of non-certificated Public Common Units represented by book-entry immediately prior to the Effective Time will cease to have any rights with respect thereto or thereunder, except (i) the right to receive the Merger Consideration and (ii) to the extent applicable, the right pursuant to the Merger Agreement to receive any distribution in respect of Public Common Units with a record date occurring prior to the Effective Time and which remains unpaid at the Effective Time.

Distributions

To the extent applicable, each holder of Public Common Units immediately prior to the Effective Time will have continued rights to receive any distribution, without interest, with respect to such Public Common Units with a record date occurring prior to the Effective Time that has been declared by the General Partner on the Common Units in accordance with the Merger Agreement and the Partnership Agreement and which remains unpaid at the Effective Time. The General Partner will declare, and cause the Partnership to pay, a cash distribution to holders of Common Units for each completed calendar quarter ending on or after December 31, 2022 and prior to the Effective

Time in an amount equal to \$0.43 per Common Unit (subject to adjustment in the event of any subdivision, reclassification, split, unit distribution, combination or exchange of Common Units affecting the number of Common Units). If the record date for any such distribution has not occurred prior to the Effective Time, the record date for such quarter will be established or reestablished, as applicable, as the day that includes the Effective Time (and such distribution will be payable to the holders of Common Units of record as of immediately prior to the Effective Time). Any distributions by the Partnership are not part of the Merger Consideration and will be paid in accordance with the terms of the Merger Agreement and the Partnership Agreement to such holders of Common Units or former holders of Common Units, as applicable. Holders of Common Units immediately prior to the Effective Time (other than DCP Midstream, the General Partner, Phillips 66 and each of their respective affiliates) will have no rights to any distribution with respect to such Common Units with a record date occurring after the Effective Time.

Effective Time; Closing

The Effective Time will occur at such time as Phillips 66 and the Partnership cause a certificate of merger to be duly filed with the Secretary of State of the State of Delaware or at such later date or time as may be agreed by Phillips 66 and the Partnership in writing and specified in the certificate of merger.

The closing of the Merger will take place on the third business day after the satisfaction or waiver of the closing conditions set forth in the Merger Agreement (other than conditions that by their nature are to be satisfied at the closing, but subject to the satisfaction or waiver of those conditions), or at such other place, date and time as Phillips 66 and the Partnership may agree.

Conditions to Completion of the Merger

The Partnership and Phillips 66 may not complete the Merger unless each of the following conditions is satisfied or waived:

- the Written Consent will not have been amended, modified, withdrawn, terminated or revoked;
- the absence of any legal restraint or prohibition enjoining, restraining, preventing or otherwise prohibiting the consummation of the Merger or making the consummation of the Merger illegal; and
- the mailing of this information statement to the Partnership's limited partners at least 20 days prior to the closing of the Merger.

The obligations of Phillips 66, PDI and Merger Sub to effect the Merger are subject to the satisfaction or waiver of the following additional conditions:

- the representations and warranties of the Partnership, the General Partner and DCP GP LLC being true and correct, both when made and as of the closing date of the Merger as though made at such time, unless otherwise specified, subject to certain materiality qualifications and, with respect to certain representations and warranties, unless the failure of such representations and warranties to be so true and correct does not have, and would not reasonably be expected to have, individually or in the aggregate, a Partnership Material Adverse Effect (as defined in the Merger Agreement);
- the performance by the Partnership, the General Partner and DCP GP LLC of their respective obligations under the Merger Agreement in all material respects; and
- the receipt by Phillips 66 of an officer's certificate signed on behalf of the Partnership, the General Partner and DCP GP LLC by an executive officer of DCP GP LLC certifying that the two preceding conditions have been satisfied.

The obligation of the Partnership to effect the Merger is subject to the satisfaction or waiver of the following additional conditions:

- the representations and warranties of Phillips 66, PDI and Merger Sub being true and correct, both when made and as of the closing date of the Merger as though made at such time, unless otherwise specified, subject to certain materiality qualifications and, with respect to certain representations and warranties, unless the failure of such representations and warranties to be so true and correct does not have, and would not reasonably be expected to have, individually or in the aggregate, a Parent Material Adverse Effect (as defined in the Merger Agreement);
- the performance by Phillips 66, PDI and Merger Sub of their respective obligations under the Merger Agreement in all material respects; and
- the receipt by the Partnership of an officer's certificate signed on behalf of Phillips 66 by a duly authorized person of Phillips 66 certifying that the two preceding conditions have been satisfied.

For purposes of the Merger Agreement, the term "Partnership Material Adverse Effect" means any change, condition, circumstance, effect, event, development, state of facts or occurrence that, individually or in the aggregate, (x) has had or would reasonably be expected to have a material adverse effect on the business, operations, assets, liquidity, financial condition or results of operations of the Partnership Group (as defined in the Merger Agreement), taken as a whole, or (y) prevents or materially impedes, interferes with or hinders the ability of the Partnership, the General Partner of DCP GP LLC to consummate the transactions contemplated by the Merger Agreement, including the Merger, on or before October 5, 2023; provided, however, that, with respect to clause (x), any adverse changes, conditions, circumstances, effects, events, developments, states of facts or occurrences resulting from or due to any of the following will be disregarded in determining whether a Partnership Material Adverse Effect has occurred or would reasonably be expected to occur: (i) changes, conditions, circumstances, effects, events, developments, states of facts or occurrences generally affecting the economy, the financial or capital markets or political, legislative or regulatory conditions or changes in the industries in which the Partnership Group operates; (ii) the announcement or pendency of the Merger Agreement or the transactions contemplated by the Merger Agreement (except specifically for purposes of determining whether there is a breach of the Partnership's representations and warranties relating to noncontravention and the absence of preferential rights and the satisfaction of the closing conditions set forth in the Merger Agreement with respect to such representations and warranties) or the taking of any action expressly permitted or expressly contemplated by the Merger Agreement; (iii) any change in the market price or trading volume of the Common Units or other Partnership securities (it being understood and agreed that the foregoing does not preclude Phillips 66, PDI or Merger Sub from asserting that any facts or occurrences giving rise to or contributing to such change that are not otherwise excluded from the definition of Partnership Material Adverse Effect should be deemed to constitute, or be taken into account in determining whether there has been, or would reasonably be expected to be, a Partnership Material Adverse Effect); (iv) acts of war, terrorism (including domestic terrorism and cyberterrorism) or other hostilities (or the escalation of the foregoing), whether or not pursuant to the declaration of a national emergency or war, pandemics (including the COVID-19 pandemic, any mutation or variation of the virus underlying the COVID-19 pandemic or any health conditions related thereto), epidemics or natural disasters or other force majeure events; (v) changes in any applicable laws or regulations applicable to the Partnership Group or applicable accounting regulations or principles (including GAAP) or the interpretation thereof; (vi) any proceedings commenced by or involving any current or former partner of the Partnership arising out of or related to the Merger Agreement or the transactions contemplated by the Merger Agreement; (vii) changes, effects, events or occurrences generally affecting the prices of oil, natural gas or other carbon-based sources of energy or power; and (viii) any failure of the Partnership to meet any internal or external projections, budgets, forecasts or estimates of revenues, earnings or other financial or operating metrics for any period (it being understood and agreed that the foregoing does not preclude Phillips 66, PDI or Merger Sub from asserting that any facts or occurrences giving rise to or contributing to such failure that are not otherwise excluded from the definition of Partnership Material Adverse Effect should be deemed to constitute, or be taken into account in determining whether there has been, or would reasonably be expected to be, a Partnership Material Adverse Effect); provided, however, that changes, conditions, circumstances, effects, events, developments, states of facts or occurrences referred to in clauses (i), (iv), (v) and (vii) above will be considered for purposes of determining whether there has been or would reasonably be expected to be a Partnership Material Adverse Effect if

and to the extent, and only to the extent, such changes, conditions, circumstances, effects, events, developments, states of facts or occurrences have had or would reasonably be expected to have a disproportionate adverse effect on the Partnership Group, taken as a whole, as compared to other companies of similar size operating in the industries in which the Partnership Group operates.

For purposes of the Merger Agreement, the term “Parent Material Adverse Effect” means any change, condition, circumstance, effect, event, development, state of facts or occurrence that, individually or in the aggregate, prevents or materially impedes, interferes with or hinders Phillips 66’s or Merger Sub’s ability to consummate the transactions contemplated by the Merger Agreement, including the Merger, on or before October 5, 2023.

Treatment of Partnership Equity Awards

Under the Merger Agreement, Phillips 66, the Partnership, the General Partner and DCP GP LLC will take all action necessary or required in accordance with applicable law and each Partnership long-term incentive plan (including the award agreements in respect of awards granted thereunder) to give effect to the following at the Effective Time:

- Each unvested Partnership SPU award will convert into an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership SPU award (other than any performance-based vesting conditions), of Phillips 66 RSUs that relates to a number of shares of Phillips 66 common stock equal to the product of (i) the number of Common Units subject to the corresponding Partnership SPU award as of immediately prior to the Effective Time (assuming that any performance-based vesting conditions applicable to such Partnership SPU award for any performance period that has not been completed as of the Effective Time are achieved (y) based on actual performance, to the extent actual performance can reasonably be determined as of the Effective Time, and (z) at “target” performance, to the extent actual performance cannot reasonably be determined as of the Effective Time, in each case, as may be determined by the GP Board (or any committee administering any Partnership long-term incentive plan) in its reasonable discretion), multiplied by (ii) the Award Exchange Ratio, rounded up to the nearest whole share.
- Each unvested Partnership RPU award will convert into an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership RPU award, of Phillips 66 RSUs relating to a number of shares of Phillips 66 common stock equal to the product of (i) the number of Common Units subject to the corresponding Partnership RPU award, multiplied by (ii) the Award Exchange Ratio, rounded up to the nearest whole share.
- Each award of Partnership DERs will convert into an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership DER award, of Phillips 66 DERs, representing the right to receive dividends made by Phillips 66 on Phillips 66 common stock from and after the Effective Time with respect to the number of shares of Phillips 66 common stock subject to the corresponding Phillips 66 RSU award to which such Phillips 66 DER award relates. Any amounts accumulated but unpaid as of the Effective Time with respect to Partnership DERs award associated with Partnership RPU awards will be paid from the Partnership at the Effective Time. The balance of accumulated but unpaid amounts in respect of Partnership DER awards associated with Partnership SPU awards will be credited to the notional account associated with the Phillips 66 DER award and paid at the same time the underlying Phillips 66 RSU award is settled.

From and after the Effective Time, the former holder of any award of Partnership SPUs, Partnership RPUs, Partnership DERs or any other award under any Partnership long-term incentive plan will only be entitled to receive an award of Phillips 66 RSUs and corresponding award of Phillips 66 DERs, as applicable, in respect of such award, which Phillips 66 RSU awards and corresponding Phillips 66 DER awards will be subject, to the extent practicable, to the same vesting (other than any performance-based vesting conditions), forfeiture, payment timing and other provisions as applied under the corresponding award of Partnership SPUs, Partnership

RPUs or Partnership DERs, as applicable, in each case, as may be adjusted by the GP Board or the Phillips 66 Board (or any committee administering any Partnership long-term incentive plan or Phillips 66 equity incentive plan) in their reasonable discretion. As of the Effective Time, unless otherwise determined by the Phillips 66 Board (or any committee administering any Phillips 66 equity incentive plan), Phillips 66 will assume the outstanding unused unit reserve (the “Partnership LTIP Reserve”) under the Partnership long-term incentive plans for the purpose of making future grants relating to shares of Phillips 66 common stock to applicable employees and other service providers of Phillips 66 and its subsidiaries, which Partnership LTIP Reserve will (i) be adjusted as reasonably determined by the Phillips 66 Board (or any committee administering any Phillips 66 equity incentive plan) to give effect to the transactions contemplated by the Merger Agreement and (ii) be added to the share reserve of the applicable Phillips 66 equity incentive plan(s) in such manner as determined by the Phillips 66 Board (or any committee administering any Phillips 66 equity incentive plan).

Special Committee

Prior to the earlier of the Effective Time or the termination of the Merger Agreement, Phillips 66 will not, and will not permit any of its subsidiaries to, take any action intended to cause the General Partner or DCP GP LLC to, without the consent of a majority of the then-existing members of the Special Committee, eliminate the Special Committee, revoke or diminish the authority of the Special Committee, increase the size of the Special Committee, or remove or cause the removal of any director of DCP GP LLC who is a member of the Special Committee, either as a director or as a member of the Special Committee, without Cause (as defined in the Merger Agreement).

Indemnification and Insurance

The Merger Agreement provides that from and after the Effective Time, the Partnership will, and Phillips 66 will cause the Partnership to, (i) indemnify and hold harmless each person who is, or has been or becomes at any time prior to the Effective Time, an officer, director or employee of DCP Services, LLC, the Partnership, the General Partner, DCP GP LLC or any subsidiary of the Partnership (each, an "Indemnified Person") against any reasonable costs or expenses (including reasonable attorneys' fees and all other reasonable costs, expenses and obligations (including experts' fees, travel expenses, court costs, retainers, transcript fees, duplicating, printing and binding costs, as well as telecommunications, postage and courier charges) paid or incurred in connection with investigating, defending, being a witness in or participating in (including on appeal), or preparing to investigate, defend, be a witness in or participate in, any proceeding arising out of, relating to or in connection with such person's status or duties as an Indemnified Person, any act or omission by such person in its capacities as such occurring or alleged to have occurred at or prior to the Effective Time or any other matter existing at or prior to the Effective Time relating to or that may involve their status or duties as an Indemnified Person (including the Merger Agreement and the transactions and actions contemplated thereby), including any such proceeding relating to a claim for indemnification or advancement brought by an Indemnified Person), judgments, fines, losses, claims, damages or liabilities, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of any thereof) in connection with any such actual or threatened proceeding, and provide advancement of expenses with respect to each of the foregoing to, each Indemnified Person and (ii) honor the provisions regarding elimination of liability of officers and directors, indemnification of officers, directors and employees and advancement of expenses contained in the organizational documents of the Partnership, the General Partner and DCP GP LLC immediately prior to the Effective Time, and ensure that the organizational documents of the Partnership, the General Partner, DCP GP LLC or any of their respective successors or assigns, if applicable, shall, for a period of six years following the Effective Time, contain provisions no less favorable with respect to indemnification, advancement of expenses and exculpation of present and former directors, officers and employees of the Partnership, the General Partner and DCP GP LLC than are presently set forth in such organizational documents.

In addition, the Merger Agreement provides that the Partnership, or Phillips 66 on behalf of the Partnership, will maintain in effect for a period of six years following the Effective Time the Partnership's current directors' and officers' liability insurance policies covering acts or omissions occurring at or prior to the Effective Time with respect to Indemnified Persons (provided, that the Partnership, or Phillips 66 on behalf of the Partnership, may substitute therefor policies with reputable carriers of at least the same coverage containing terms and conditions that are no less favorable to the Indemnified Persons in any material respect); provided, however, that the Partnership or Phillips 66, as applicable, is not required to expend more than an amount per year equal to 300% of current annual premiums paid by the Partnership for such insurance. If Phillips 66, in its sole discretion elects, then, in lieu of the foregoing obligation, Phillips 66 may (i) provide such coverage under policies maintained by Phillips 66 for its directors and officers (provided, that coverage of the Indemnified Persons under such policies is on terms and conditions that, taken as a whole, are no less favorable to the Indemnified Persons in any material respect than the Partnership's current directors' and officers' liability insurance policies covering acts or omissions occurring at or prior to the Effective Time) or (ii) purchase (or cause to be purchased) a prepaid "tail policy" with respect to acts or omissions occurring or alleged to have occurred prior to the Effective Time that were committed or alleged to have been committed by such Indemnified Persons in their capacity as such.

Certain Tax Matters

For U.S. federal income tax purposes (and for purposes of any applicable state, local or foreign tax that follows the U.S. federal income tax treatment), the parties have agreed to treat the Merger as a taxable sale of the Public Common Units to PDI in exchange for the Merger Consideration. The parties will prepare and file all tax returns consistent with the foregoing and will not take any inconsistent position on any tax return, or during the course of any proceeding with respect to taxes, except as otherwise required by applicable law following a final determination by a court of competent jurisdiction or other administrative settlement with or final administrative decision by the relevant governmental authority.

Withholding

Each of Phillips 66, PDI, the Partnership (as the surviving entity of the Merger) and the paying agent appointed to exchange the Public Common Units for the Merger Consideration, as applicable, are entitled to deduct and withhold from any amounts, including the Merger Consideration, payable pursuant to the Merger Agreement to any person such amounts as the Phillips 66, PDI, the Partnership (as the surviving entity of the Merger) or the paying agent, as applicable, reasonably deems it is required to deduct and withhold under the Internal Revenue Code of 1986, as amended, or any provision of state, local or foreign tax law with respect to the making of such payment. To the extent that deducted and withheld amounts are paid over to the appropriate governmental authority, such amounts will be treated for all purposes of the Merger Agreement as having been paid or issued to the person in respect of whom such deduction and withholding was made.

Adjustments to Prevent Dilution

If between January 5, 2023 and the Effective Time the number of outstanding Common Units has been changed into a different number of units or a different class or series by reason of any subdivision, reclassification, split, unit distribution, combination or exchange of Common Units (excluding, for the avoidance of doubt, any issuance of Common Units at the Effective Time in accordance with the Merger Agreement), as applicable, then the Merger Consideration and any other similar dependent item and, to the extent applicable, the distribution amount to be paid to the holders of Common Units pursuant to the Merger Agreement, shall be correspondingly adjusted to provide to the holders of Public Common Units the same economic effect as contemplated by the Merger Agreement prior to such event.

Delisting and Deregistration

The Partnership, the General Partner and DCP GP LLC have agreed to cooperate and use their reasonable best efforts to cause (i) the delisting of the Common Units from the NYSE and the termination of trading of the Common Units on the closing date and (ii) the deregistration of the Common Units under the Exchange Act as promptly as practicable following the closing date.

Section 16 Matters

Prior to the completion of the Merger, the Partnership has agreed to take all steps as may be required to cause any dispositions of Common Units (including any derivative securities with respect to Common Units) resulting from the transactions contemplated by the Merger Agreement by each person who is subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to the Partnership to be exempt under Rule 16b-3 promulgated under the Exchange Act.

Other Covenants and Agreements

The Merger Agreement also contains covenants relating to cooperation in the preparation of this information statement, the Schedule 13E-3 and additional agreements relating to, among other things, applicability of takeover statutes, fees and expenses, securityholder litigation and public announcements.

Termination of the Merger Agreement

The Merger Agreement may be terminated, and the Merger may be abandoned, at any time prior to the Effective Time:

- by the mutual written consent of Phillips 66 and the Partnership duly authorized by Phillips 66 Board and, subject to prior approval by the Special Committee, the GP Board, respectively; or
- by either Phillips 66 or the Partnership, if:
 - the closing of the Merger does not occur on or before October 5, 2023, except that the right to terminate the Merger Agreement in this situation will not be available (i) to the Partnership if the failure of the closing to occur by such date is due to the failure of the Partnership, the General Partner or DCP GP LLC to perform and comply in all material respects with the covenants and agreements in the Merger Agreement to be performed or complied with by it prior to the closing, (ii) to Phillips 66 if the failure of the closing to occur by such date is due to the failure of Phillips 66, PDI or Merger Sub to perform and comply in all material respects with the covenants and agreements contained in the Merger Agreement to be performed or complied with by it prior to the closing or (iii) to Phillips 66 or the Partnership if, in the case of Phillips 66, the Partnership, or in the case of the Partnership, Phillips 66, has filed (and is then pursuing) an action seeking specific performance as permitted under the terms of the Merger Agreement; or
 - any restraint is in effect and has become final and nonappealable that has the effect of enjoining, restraining, preventing or prohibiting the consummation of the Merger or making the consummation of the foregoing illegal, except that the right to terminate the Merger Agreement will not be available to the Partnership or Phillips 66 if the restraint was due to the failure of, in the case of the Partnership, the Partnership, the General Partner or DCP GP LLC, and in the case of Phillips 66, Phillips 66, PDI or Merger Sub, to perform any of its obligations under the Merger Agreement in any material respect; and
- by Phillips 66 if the Partnership, the General Partner or DCP GP LLC has breached or failed to perform any of its representations, warranties, covenants or agreements contained in the Merger Agreement (or if any of Phillips 66's representations or warranties contained in the Merger Agreement fails to be true) and such breach or failure (i) would (if it occurred or is continuing as of the closing date) give rise to the failure of the closing condition related to the accuracy of the Partnership's representations and warranties or the closing condition related to the performance of the Partnership's obligations under the Merger Agreement and (ii) is incapable of being cured, or is not cured, by the Partnership, the General Partner or DCP GP LLC within 30 days following receipt by the Partnership of written notice from Phillips 66 of such breach or failure; provided, however, that Phillips 66 will not have the right to terminate the Merger Agreement under this provision if Phillips 66, PDI or Merger Sub is then in material breach of any of its representations, warranties, covenants or agreements contained in the Merger Agreement; and
- by the Partnership if Phillips 66 has breached or failed to perform any of its representations, warranties, covenants or agreements contained in the Merger Agreement (or if any of Phillips 66's representations or warranties contained in the Merger Agreement fails to be true) and such breach or failure (i) would (if it occurred or is continuing as of the closing date) give rise to the failure of the closing condition related to the accuracy of Phillips 66's representations and warranties or the closing condition related to the performance of Phillips 66's obligations under the Merger Agreement and (ii) is incapable of being cured, or is not cured, by Phillips 66 within 30 days following receipt by Phillips 66 of written notice from the Partnership of such breach or failure; provided, however, that the Partnership will not have the right to terminate the Merger Agreement under this provision if the Partnership, the General Partner or DCP GP LLC is then in material breach of any of its representations, warranties, covenants or agreements contained in the Merger Agreement.

Effect of Termination; Termination Expenses

In the event of termination of the Merger Agreement as summarized above, the Merger Agreement will terminate and become null and void and there will be no liability on the part of any party to the Merger Agreement or any of their respective affiliates or any representatives of any of the foregoing; provided, however, that no such termination will relieve any party from (i) its obligation to reimburse the other party for its expenses, as provided below, or (ii) any liability for intentional fraud or a willful breach of any covenant or other agreement contained in the Merger Agreement.

The Merger Agreement provides for expense reimbursement payments under the circumstances described below:

- if the Merger Agreement is validly terminated by Phillips 66 due to a material uncured breach by the Partnership, the General Partner or DCP GP LLC of any of their representations, warranties, covenants or agreements as described above, then the Partnership will promptly, but in no event later than two business days after receipt of an invoice from Phillips 66, pay Phillips 66's designee all of the reasonably documented out-of-pocket expenses (including all fees and expenses of counsel, accountants, investment bankers, financing sources, hedging counterparties, experts and consultants) incurred by Phillips 66 and its affiliates in connection with the Merger Agreement and the transactions contemplated thereby up to a maximum of \$3.0 million; and
- if the Merger Agreement is validly terminated by the Partnership due to a material uncured breach by Phillips 66 of any of its representations, warranties, covenants or agreements as described above, then Phillips 66 will promptly, but in no event later than two business days after receipt of an invoice from the Partnership, pay the Partnership's designee all of the reasonably documented out-of-pocket expenses (including all fees and expenses of counsel, accountants, investment bankers, financing sources, hedging counterparties, experts and consultants) incurred by the Partnership and its affiliates in connection with the Merger Agreement and the transactions contemplated thereby up to a maximum of \$3.0 million, subject to certain limited restrictions.

In no event will a party be entitled to more than one expense reimbursement payment in connection with a termination of the Merger Agreement pursuant to which such amounts are payable.

Amendment or Supplement

At any time prior to the Effective Time, the Merger Agreement may be amended or supplemented in any and all respects by written agreement of the parties, by action taken or authorized by the Phillips 66 Board and the GP Board; provided, however, that (i) there will be no amendment or change to the provisions of the Merger Agreement that by applicable law, the Partnership Agreement or stock exchange rules would require further approval by the Partnership's limited partners without obtaining the requisite approval of the Partnership's limited partners and (ii) no amendment or supplement to Merger Agreement can be made without the prior approval of the Special Committee.

Assignment

The Merger Agreement and any interests, rights or obligations under the Merger Agreement are not assignable, in whole or in part, by operation of law or otherwise, by any party without the prior written consent of the other parties.

Specific Performance

The parties to the Merger Agreement have agreed that each party will be entitled to an injunction or injunctions to prevent breaches of the Merger Agreement and to enforce specifically the terms and provisions of the Merger Agreement. Each of the parties has agreed that it will not oppose the granting of an injunction, specific performance and other equitable relief on the basis that (i) either party has an adequate remedy at law or

[Table of Contents](#)

(ii) an award of specific performance is not an appropriate remedy for any reason at law or equity. Each party has further agreed that no party is required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtaining any of the remedies described above, and each party has irrevocably waived any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument.

Special Committee and GP Board Approval

Unless otherwise expressly provided by the Merger Agreement, any determination to exercise or refrain from exercising the rights of the Partnership, the General Partner or DCP GP LLC under the Merger Agreement or to enforce the terms of the Merger Agreement on behalf of the Partnership, the General Partner or DCP GP LLC must be authorized in writing by the GP Board (upon prior written approval of the Special Committee) on behalf of the Partnership, the General Partner or DCP GP LLC, as applicable.

Performance by the Partnership, the General Partner and DCP GP LLC

Under the Merger Agreement, Phillips 66 is required to cause the Partnership, the General Partner, DCP GP LLC and their respective subsidiaries to comply with the provisions of the Merger Agreement. Notwithstanding the foregoing, actions or inactions by the Partnership, the General Partner, DCP GP LLC and their respective subsidiaries are not deemed to be breaches by Phillips 66, PDI or Merger Sub of any of the provisions of the Merger Agreement unless such action or inaction was or was not taken, in either case, at the direction of Phillips 66, PDI or Merger Sub. In no event will the Partnership, the General Partner and DCP GP LLC have any liability for, or will not be deemed to breach, violate or fail to perform any of the provisions of the Merger Agreement by reason of, any action taken or omitted to be taken by such party or any of their respective subsidiaries or any of their respective representatives at the direction of Phillips 66, PDI or Merger Sub, any of their subsidiaries or any of their respective representatives.

Governing Law

The Merger Agreement is governed by and will be construed and enforced in accordance with the laws of the State of Delaware.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

The following is a discussion of the material U.S. federal income tax consequences of the Merger that may be relevant to U.S. Common Unitholders (as defined below). This discussion is based on current provisions of the Code and the Treasury Regulations, and on current administrative rulings and court decisions, all as in effect on the date of this information statement, and all of which are subject to change, possibly with retroactive effect, or are subject to differing interpretations. Changes in such provisions of the Code, the Treasury Regulations, or such other authorities may cause the U.S. federal income tax consequences of the Merger to vary substantially from the consequences described below.

This discussion does not purport to be a complete discussion of all U.S. federal income tax consequences of the Merger to a U.S. Common Unitholder and does not describe any tax consequences arising under the net investment income tax, the alternative minimum tax, U.S. federal estate or gift tax laws, any state, local or non-U.S. tax laws, tax treaties, or under any U.S. federal laws other than those pertaining to income taxes. This discussion does not address tax consequences that may be relevant to particular holders of Common Units in light of their individual circumstances, including, without limitation, entities treated as partnerships for U.S. federal income tax purposes, nonresident aliens, certain former citizens, or other unitholders subject to specialized tax treatment, such as tax-exempt institutions, employee benefit plans, foreign persons, banks and other financial institutions, insurance companies, real estate investment trusts (REITs), individual retirement accounts (IRAs), mutual funds, traders in securities that elect mark-to-market, controlled foreign corporations, passive foreign investment companies, and corporations that accumulate earnings to avoid U.S. federal income tax, persons who hold Common Units as part of a hedge, straddle or conversion transaction, persons who acquired Common Units by gift, or directors and officers of DCP GP LLC or employees of DCP Services or its affiliates that received (or are deemed to receive) Common Units as compensation or through the exercise (or deemed exercise) of options, unit appreciation rights, phantom units or restricted units granted under a Partnership or DCP Services equity incentive plan. This discussion is limited to U.S. Common Unitholders that hold Public Common Units as “capital assets” within the meaning of Section 1221 of the Code at the time of the Merger (generally, property held for investment).

For purposes of this discussion, the term “U.S. Common Unitholder” means a beneficial owner of Public Common Units that is, for U.S. federal income purposes (i) an individual citizen or resident of the United States; (ii) a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia; (iii) a trust if (1) a U.S. court is able to exercise primary supervision over the trust’s administration and one or more United States persons (as defined in the Code) are authorized to control all substantial decisions of the trust or (2) the trust has a valid election in effect under applicable Treasury Regulations to be treated as a United States person for U.S. federal income tax purposes; or (iv) an estate, the income of which is subject to U.S. federal income tax regardless of its source.

The Partnership has not sought a ruling from the U.S. Internal Revenue Service (the “IRS”) with respect to any of the U.S. federal income tax consequences discussed below, and the IRS would not be precluded from taking positions contrary to those described herein. As a result, no assurance can be given that the IRS will agree with all of the tax characterizations and the tax consequences described below. Moreover, no assurance can be given that the tax characterizations and the tax consequences contained herein would be sustained by a court if contested by the IRS. Furthermore, the tax treatment of the Merger may be significantly modified by future legislative or administrative changes or court decisions. Any such modifications may or may not be retroactively applied.

This discussion does not address all tax consequences that may be relevant to holders of Common Units, including holders of Common Units that are not U.S. Common Unitholders. All holders of Common Units should consult their own tax advisors regarding the tax consequences of the exchange of Common Units for cash pursuant to the Merger in the light of such Common Unitholder’s particular circumstances (including the application and effect of any state, local, or foreign income or other tax laws).

Tax Treatment of the Partnership

Section 7704 of the Code provides that publicly traded limited partnerships will, as a general rule, be classified as corporations for U.S. federal income tax purposes. However, an exception, referred to as the “Qualifying Income Exception,” exists with respect to publicly traded limited partnerships of which 90 percent or more of the gross income for every taxable year consists of “qualifying income.” Qualifying income includes income and gains derived from the transportation, processing, storage and marketing of crude oil, natural gas and refined products thereof. Other types of qualifying income include interest (other than from a financial business), dividends, gains from the sale of real property and gains from the sale or other disposition of capital assets held for the production of income that otherwise constitutes qualifying income. The Partnership expects to be classified as a partnership for U.S. federal income tax purposes under the Qualifying Income Exception. The remainder of this discussion assumes that the Partnership has been and will be classified as a partnership for U.S. federal income tax purposes.

Tax Consequences of the Merger to Public Unitholders

Tax Characterization of the Merger

For U.S. federal income tax purposes, the receipt of cash in exchange for Public Common Units pursuant to the Merger will be a taxable transaction to U.S. Common Unitholders. The Merger generally will be treated as a taxable sale of such U.S. Common Unitholder’s Public Common Units in exchange for cash received in the Merger.

Amount and Character of Gain or Loss Recognized

A U.S. Common Unitholder who receives cash in exchange for Public Common Units pursuant to the Merger generally will recognize gain or loss in an amount equal to the difference, if any, between the amount realized and such U.S. Common Unitholder’s adjusted tax basis for the Public Common Units exchanged. The amount realized will equal the sum of (i) the amount of any cash received by such U.S. Common Unitholder and (ii) such U.S. Common Unitholder’s share of the Partnership’s liabilities immediately prior to the closing of the Merger. Such U.S. Common Unitholder’s adjusted tax basis for Public Common Units depends on many factors, including the amount such U.S. Common Unitholder paid for such Public Common Units, such U.S. Common Unitholder’s share of the Partnership’s liabilities immediately prior to the closing of the Merger, distributions from the Partnership to such U.S. Common Unitholder, such U.S. Common Unitholder’s share of the Partnership’s income and losses, and certain other considerations.

Except as discussed below, gain or loss recognized by a U.S. Common Unitholder on the exchange of Public Common Units in the Merger generally will be taxable as capital gain or loss. However, a portion of such gain or loss, which portion could be substantial, will be separately computed and taxed as ordinary income or loss under Section 751 of the Code to the extent attributable to assets giving rise to “unrealized receivables,” including depreciation recapture, or to “inventory items” owned by the Partnership and its subsidiaries. Ordinary income attributable to “unrealized receivables” and “inventory items” may exceed net taxable gain realized by a U.S. Common Unitholder upon the exchange of a Public Common Unit pursuant to the Merger and may be recognized even if such U.S. Common Unitholder realizes a net taxable loss on the exchange. Thus, a U.S. Common Unitholder may recognize both ordinary income and a capital loss upon the exchange of Public Common Units for cash pursuant to the Merger.

Capital gain recognized by an individual U.S. Common Unitholder on the exchange of Public Common Units held for more than twelve months as of closing of the Merger generally may be subject to reduced U.S. federal income tax rates applicable to long-term capital gains. Capital losses may offset capital gains and no more than \$3,000 of ordinary income, in the case of individuals, and may be used to offset only capital gains, in the case of corporations.

The amount of gain or loss recognized by each U.S. Common Unitholder in the Merger will vary depending on such U.S. Common Unitholder's particular circumstances, including the adjusted tax basis of the Public Common Units exchanged by such U.S. Common Unitholder in the Merger, and the amount of any suspended passive losses that may be available to such U.S. Common Unitholder to offset a portion of the gain recognized by such U.S. Common Unitholder. Passive losses that were not deductible by a U.S. Common Unitholder in one or more prior taxable periods because they exceeded such U.S. Common Unitholder's share of the Partnership's income may be deducted upon the U.S. Common Unitholder's taxable disposition of its entire investment in the Partnership pursuant to the Merger. However, gain recognized by a U.S. Common Unitholder on the Public Common Units generally may not be offset by any other current or carryover losses from other passive activities, including those attributable to other publicly traded limited partnerships.

Partnership Items of Income, Gain, Loss and Deduction for the Taxable Period Ending on the Day of the Closing of the Merger

U.S. Common Unitholders generally will be allocated their share of the Partnership's items of income, gain, loss and deduction for the taxable period of the Partnership ending on the day of the closing of the Merger. Such allocations will be made in accordance with the terms of the Partnership Agreement. A U.S. Common Unitholder will be subject to U.S. federal income tax on any such allocated income and gain, even if such U.S. Common Unitholder does not receive a cash distribution from the Partnership attributable to such allocated income and gain. Any income and gain allocated to a U.S. Common Unitholder will increase such U.S. Common Unitholder's tax basis in the Public Common Units held and, therefore, will reduce the gain, or increase the loss, recognized by such U.S. Common Unitholder resulting from the Merger. Any losses or deductions allocated to a U.S. Common Unitholder will decrease such U.S. Common Unitholder's tax basis in the Public Common Units held and, therefore, will increase the gain, or reduce the loss, recognized by such U.S. Common Unitholder resulting from the Merger.

EACH COMMON UNITHOLDER SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF THE EXCHANGE OF COMMON UNITS FOR CASH PURSUANT TO THE MERGER IN THE LIGHT OF SUCH COMMON UNITHOLDER'S PARTICULAR CIRCUMSTANCES (INCLUDING THE APPLICATION AND EFFECT OF ANY STATE, LOCAL, OR FOREIGN INCOME OR OTHER TAX LAWS)

UNIT OWNERSHIP OF CERTAIN BENEFICIAL OWNERS, DIRECTORS AND EXECUTIVE OFFICERS

The Partnership's securities entitled to vote on the Merger Agreement and the proposed Merger consist of the Common Units. All of the Common Units may be voted by written consent pursuant to the terms of the Partnership Agreement, which requires the authorization of the General Partner. The unit ownership amounts below contain certain information about holders of Common Units whom the Partnership believes are "beneficial" owners of more than five percent of the outstanding Common Units, as well as information regarding the unit ownership by the directors and executive officers of DCP GP LLC and the other Phillips 66 Filing Parties as of the dates listed below. Except as described below, the Partnership knows of no person that beneficially owns more than five percent of the outstanding Common Units, based solely on filings made with the SEC.

The percentage of beneficial ownership is calculated on the basis of 208,657,950 Common Units outstanding as of May 17, 2023. The amounts and percentage of units beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. The SEC has defined the "beneficial owner" of a security to include any person who, directly or indirectly, has or shares voting power or dispositive over such security. Except as indicated by footnote, the persons named in the tables below have sole voting and dispositive power with respect to all units shown as beneficially owned by them, subject to community property laws where applicable.

Unless otherwise set forth below, the address for each beneficial owner set forth below is 6900 E. Layton Ave, Suite 900, Denver, Colorado 80237.

PAST CONTACTS, TRANSACTIONS, NEGOTIATIONS AND AGREEMENTS

The following describes certain significant contacts, transactions, negotiations and agreements between the Phillips 66 Filing Parties and the Partnership or its subsidiaries that have taken place during the past two years.

DCP Midstream Transaction

On August 17, 2022, subsidiaries of Phillips 66 and Enbridge entered into the DCP Midstream Merger Agreement with DCP Midstream and Gray Oak Holdings, pursuant to which, immediately following the execution thereof, Gray Oak Holdings merged with and into DCP Midstream, with DCP Midstream surviving as a legal entity jointly owned by (i) a subsidiary of Phillips 66, holding membership interests in DCP Midstream representing a 43.3% indirect economic interest in the Partnership and a 6.5% indirect economic interest in Gray Oak Pipeline, and (ii) a subsidiary of Enbridge, holding membership interests in DCP Midstream representing a 13.2% indirect economic interest in the Partnership and a 58.5% indirect economic interest in Gray Oak Pipeline. In addition, pursuant to the DCP Midstream Merger Agreement, Phillips 66, through its subsidiary, made a cash contribution of approximately \$404 million to DCP Midstream, which amount was subsequently paid to a subsidiary of Enbridge. Neither DCP GP LLC, the General Partner nor the Partnership were parties to the DCP Midstream Merger Agreement. The DCP Midstream Transaction closed on August 17, 2022 and was not conditioned on a transaction involving the acquisition of the Public Common Units.

In connection with the closing of the DCP Midstream Transaction, on August 17, 2022, Phillips 66 and Enbridge, through their respective subsidiaries, entered into the DCP Midstream LLC Agreement, which, among other things, designated Phillips 66, through its wholly owned subsidiary, as the Class A Managing Member of DCP Midstream, with the power to conduct, direct and manage all activities of DCP Midstream associated with the Partnership and each of its subsidiaries, DCP GP LLC and the General Partner, and, in each case, the businesses, activities and liabilities thereof. The DCP Midstream LLC Agreement also provides Phillips 66, through its wholly owned subsidiary, with the power to exercise DCP Midstream's rights to appoint or remove any director on the GP Board and vote the Common Units that are owned directly or indirectly by DCP Midstream. Accordingly, following the DCP Midstream Transaction, Enbridge no longer had the right to appoint representatives to the GP Board.

Services and Employee Secondment Agreement

Under the Services and Employee Secondment Agreement (the "Services Agreement"), dated as of January 1, 2017, between the Partnership and DCP Services, LLC, a Delaware limited liability company and a wholly owned subsidiary of DCP Midstream ("DCP Services"), the Partnership is required to reimburse DCP Services or its affiliates for costs, expenses, and expenditures incurred or payments made on the Partnership's behalf for general and administrative functions including, but not limited to, legal, accounting, compliance, treasury, insurance administration and claims processing, risk management, health, safety and environmental, information technology, human resources, benefit plan maintenance and administration, credit, payroll, internal audit, taxes and engineering, as well as salaries and benefits of seconded employees, insurance coverage and claims, capital expenditures, maintenance and repair costs and taxes. There is no limit on the reimbursements the Partnership makes under the Services Agreement for costs, expenses and expenditures incurred or payments made on behalf of the Partnership. During the years ended December 31, 2022 and December 31, 2021, respectively, the Partnership was charged the following costs under the Services Agreement: (i) approximately \$166 million and \$157 million for operating and maintenance expenses; and (ii) approximately \$184 million and \$149 million for general and administrative expenses. In addition, during the year ended December 31, 2022, the Partnership was charged approximately \$17 million under the Services Agreement for restructuring costs incurred in connection with the Partnership's ongoing integration with Phillips 66 (as described below).

Integration with Phillips 66

Following the completion of the DCP Midstream Transaction in August of 2022, Phillips 66 began to integrate the Partnership's corporate functions and operations with Phillips 66's Midstream segment, including

[Table of Contents](#)

the integration of certain operational services provided under the Services Agreement. As part of these integration efforts, employees of DCP Services transferred employment to a Phillips 66 subsidiary effective April 1, 2023, and general and administrative services will be provided by Phillips 66 or one or more of its subsidiaries. For the year ended December 31, 2022, the Partnership incurred costs of \$12 million in severance and other employee related costs and \$9 million in other restructuring charges in connection with its integration with Phillips 66. The Partnership's integration with Phillips 66 is being carried out independently of the proposed Merger.

Joint Ventures with Phillips 66

DCP Sand Hills Pipeline, LLC ("Sand Hills") and DCP Southern Hills Pipeline, LLC ("Southern Hills") are each joint ventures that are owned 66.67% by the Partnership and 33.33% by Phillips 66. The Partnership has entered into a transportation agreement with each of Sand Hills and Southern Hills, pursuant to which the Partnership is committed to transport minimum throughput volumes at rates defined by tariff. Under the terms of the Sand Hills and Southern Hills governing documents, Sand Hills and Southern Hills are required to reimburse the Partnership for any direct costs or expenses (other than general and administrative expenses) which the Partnership incurs on behalf of Sand Hills and Southern Hills. Accordingly, Sand Hills and Southern Hills each pay the Partnership an annual service fee of \$5 million for centralized corporate functions provided by the Partnership as operator of Sand Hills and Southern Hills. Except with respect to the annual service fee, there is no limit on the reimbursements Sand Hills and Southern Hills make to the Partnership under their respective governing documents for other expenses and expenditures incurred by the Partnership on behalf of Sand Hills or Southern Hills.

Other Transactions with Phillips 66

The Partnership sells a portion of its residue gas and NGLs to and purchases NGLs from Phillips 66 and its affiliates. The following summarizes transactions with Phillips 66 or its affiliates during the years ended December 31, 2022 and December 31, 2021, respectively: (i) approximately \$3.92 billion and \$3.0 billion for sales of natural gas, NGLs and condensate; (ii) approximately \$181 million and \$62 million for purchases and related costs; (iii) approximately \$187 million and \$158 million for transportation and related costs; and (iv) approximately \$15 million and \$14 million for operating and maintenance and general administrative expenses.

CERTAIN PURCHASES AND SALES OF COMMON UNITS

During the past 60 days, there have been no transactions in the Common Units by the Partnership, the General Partner, DCP GP LLC or the other Phillips 66 Filing Parties or any executive officer, director, associate or majority-owned subsidiary of the foregoing parties or by any pension, profit-sharing or similar plan of the Partnership, the General Partner, DCP GP LLC or the other Phillips 66 Filing Parties.

DELISTING AND DEREGISTRATION OF COMMON UNITS

If the Merger is completed, the Common Units will be delisted from the NYSE and, as promptly as practicable after the Effective Time, deregistered under the Exchange Act (via termination of registration pursuant to Section 12(g) of the Exchange Act). After the completion of the Merger, the Partnership will also file a Form 15 to suspend its reporting obligations with respect to the Common Units under Section 15(d) of the Exchange Act. As a result, the Partnership will no longer be obligated to file any periodic reports with the SEC on account of the Common Units.

Some banks, brokers and other nominees may be participating in the practice of “householding” information statements, proxy statements and annual reports. Upon the terms and subject to the conditions of this Agreement, and in accordance with the DRULPA and the DLLCA, at the Effective Time, Merger Sub shall merge with and into the Partnership (the “Merger”), the separate existence of Merger Sub shall cease and the Partnership shall survive and continue to exist as a Delaware limited partnership (the Partnership, as the surviving entity in the Merger, sometimes being referred to herein as the “Surviving Entity”).

Section 2.2 Closing. Subject to the provisions of Article VII, the closing of the Merger (the “Closing”) shall take place at the offices of Bracewell LLP, 711 Louisiana St., Suite 2300, Houston, Texas 77002 at 10:00 A.M., Houston, Texas time, on the third Business Day after the satisfaction or waiver of the conditions set forth in Article VII (other than conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or waiver of those conditions), or at such other place and at such later date and time as the Partnership and Parent shall agree. The date on which the Closing actually occurs is referred to as the “Closing Date.”

Section 2.3 Effective Time. Subject to the provisions of this Agreement, at the Closing, the parties hereto shall cause a certificate of merger, executed in accordance with the relevant provisions of the Partnership Agreement, the DRULPA and the DLLCA (the “Certificate of Merger”), to be duly filed with the Secretary of State of the State of Delaware. The Merger shall become effective at such time as the Certificate of Merger has been duly filed with the Secretary of State of the State of Delaware or at such later date or time as may be agreed by the Partnership and Parent in writing and specified in the Certificate of Merger (the effective time of the Merger being hereinafter referred to as the “Effective Time”).

Section 2.4 Effects of the Merger. The Merger shall have the effects set forth in this Agreement, the Partnership Agreement and the applicable provisions of the DRULPA and the DLLCA. Without limiting the foregoing, at the Effective Time, (a) PDI shall be admitted as a Limited Partner of the Partnership by virtue of the Merger, (b) DCP LLC and the General Partner shall each continue as a Limited Partner of the Partnership, (c) PDI, DCP LLC and the General Partner shall collectively hold all of the limited partner interests in the Partnership represented by Common Units by virtue of the Merger, (d) the General Partner shall continue to hold the General Partner Interest and shall continue as the general partner of the Partnership, (e) the holders of Preferred Units immediately prior to the Effective Time shall continue to hold the Preferred Units and (f) the Partnership (as the Surviving Entity) shall continue without dissolution.

Section 2.5 Organizational Documents of the Surviving Entity. At the Effective Time, (a) the certificate of limited partnership of the Partnership as in effect immediately prior to the Effective Time shall remain unchanged and shall be the certificate of limited partnership of the Surviving Entity from and after the Effective Time, until duly amended in accordance with applicable Laws and (b) the Partnership Agreement as in effect immediately prior to the Effective Time shall be the agreement of limited partnership of the Surviving Entity, from and after the Effective Time until duly amended in accordance with the terms thereof and applicable Laws, in each case, consistent with the obligations set forth in Section 6.6. The name of the Surviving Entity shall be “DCP Midstream, LP”.

ARTICLE III
MERGER CONSIDERATION; EXCHANGE PROCEDURES

Section 3.1 Merger Consideration. Subject to the provisions of this Agreement, at the Effective Time, by virtue of the Merger and without any action on the part of any P66 Party, any Partnership Party, any holder of Partnership Securities or any other Person:

(a) Effect of Merger on Common Units (other than Sponsor Owned Units and Partnership Owned Units). Subject to the other provisions of this Article III, each Common Unit (other than Sponsor Owned Units and Partnership Owned Units) issued and outstanding as of immediately prior to the Effective Time (each, a “Public Common Unit”), shall be converted into the right to receive \$41.75 per Public Common Unit in cash without any interest thereon (the “Merger Consideration”), subject to adjustment in accordance with Section 3.5. As of the Effective Time, all Public Common Units shall cease to be issued and outstanding and shall automatically be canceled and shall cease to exist, and the former holders of the Public Common Unit so canceled shall have the right to receive the Merger Consideration therefor as provided in Section 3.2.

(b) Effect of Merger on Equity of Merger Sub. The limited liability company interests in Merger Sub issued and outstanding as of immediately prior to the Effective Time shall be converted into a number of Common Units of the Surviving Entity equal to the number of Public Common Units converted into the right to receive the Merger Consideration pursuant to Section 3.1(a).

(c) Effect of Merger on Common Units Owned by DCP LLC or the General Partner. Each Common Unit issued and outstanding as of immediately prior to the Effective Time and owned by DCP LLC or the General Partner (each, a “Sponsor Owned Unit”), shall be unaffected by the Merger and shall remain, immediately following the Effective Time, issued and outstanding as Common Units of the Surviving Entity and no consideration shall be delivered in respect thereof.

(d) Effect of Merger on Common Units Owned by the Partnership or its Subsidiaries. Any Common Units issued and outstanding as of immediately prior to the Effective Time and owned by the Partnership or any of its wholly owned Subsidiaries (each, a “Partnership Owned Unit”) shall be automatically canceled at the Effective Time and shall cease to exist and no consideration shall be delivered in respect thereof.

(e) Effect of Merger on Preferred Units. Each Preferred Unit issued and outstanding as of immediately prior to the Effective Time shall be unaffected by the Merger and shall remain, immediately following the Effective Time, issued and outstanding as Preferred Units of the Surviving Entity and no consideration shall be delivered in respect thereof.

(f) Effect of Merger on General Partner Interest. The General Partner Interest issued and outstanding as of immediately prior to the Effective Time shall be unaffected by the Merger and shall remain, immediately following the Effective Time, issued and outstanding as a non-economic general partner interest of the General Partner in the Surviving Entity and no consideration shall be delivered in respect thereof.

(g) Distributions. To the extent applicable, each holder of Public Common Units immediately prior to the Effective Time shall have continued rights to receive any distribution, without interest, with respect to such Public Common Units with a record date occurring prior to the Effective Time that has been declared by the General Partner on the Common Units in accordance with this Agreement and the Partnership Agreement and which remains unpaid at the Effective Time. The General Partner shall declare, and cause the Partnership to pay, a cash distribution to the holders of Common Units for each completed calendar quarter ending on or after December 31, 2022 and prior to the Effective Time in an amount equal to \$0.43 per Common Unit, subject to adjustment in accordance with Section 3.5. If the record date for any such distribution has not occurred prior to the Effective Time, the record date for such quarter shall be established or reestablished, as applicable, as the day

that includes the Effective Time (and such distribution shall be payable to the holders of Common Units of record as of immediately prior to the Effective Time). Any distributions by the Partnership are not part of the Merger Consideration and shall be paid in accordance with the terms of this Agreement and the Partnership Agreement to such holders of Common Units or former holders of Common Units, as applicable. Holders of Common Units immediately prior to the Effective Time (other than DCP LLC, the General Partner, Parent and each of their respective Affiliates) shall have no rights to any distribution with respect to such Common Units with a record date occurring after the Effective Time.

(h) Books and Records of the Partnership. The books and records of the Partnership shall be revised to reflect (i) the conversion and cancelation of all Public Common Units in accordance with Section 3.1(a), (ii) the conversion of the limited liability company interests in Merger Sub in accordance with Section 3.1(b), (iii) the cancelation and extinguishment of any Partnership Owned Units in accordance with Section 3.1(d), (iv) that DCP LLC, the General Partner and PDI are the only holders of Common Units of the Surviving Entity and (v) that each such Common Unit of the Surviving Entity is Outstanding (as such term is defined in the Partnership Agreement) for all purposes under the Partnership Agreement.

Section 3.2 Rights as Partnership Unitholders. At the Effective Time, each holder of a certificate that immediately prior to the Effective Time represented Public Common Units (a “Certificate”) and each holder of non-certificated Public Common Units represented by book-entry immediately prior to the Effective Time (“Book-Entry Units”) shall cease to have any rights with respect thereto or thereunder, except (a) the right to receive the Merger Consideration and (b) to the extent applicable, the right pursuant to Section 3.1(g) to receive any distribution in respect of Public Common Units with a record date occurring after the date of this Agreement and which remains unpaid at the Effective Time.

Section 3.3 Surrender of Common Units.

(a) Paying Agent. Prior to the Effective Time, Parent shall appoint a paying agent reasonably acceptable to the Partnership (the “Paying Agent”) for the purpose of exchanging Public Common Units for the Merger Consideration as required by this Article III. As soon as reasonably practicable after the Effective Time (and in any event within five Business Days thereafter), Parent or its Affiliate shall send, or shall cause the Paying Agent to send, to each holder of record of Public Common Units as of the Effective Time other than American Stock Transfer & Trust Company (“AST”), a letter of transmittal (which shall specify that, with respect to the Common Units represented by a Certificate (the “Certificated Units”), the delivery shall be effected, and risk of loss and title shall pass, only upon proper delivery of the Certificated Units (or an effective affidavit of loss in lieu thereof pursuant to Section 3.3(g)) to the Paying Agent or, in the case of Book-Entry Units, upon adherence to the procedures set forth in the letter of transmittal) in such customary form as the Partnership and Parent may reasonably agree, including, as applicable, instructions for use in effecting the surrender of Certificated Units (or effective affidavits of loss in lieu thereof pursuant to Section 3.3(g)) and Book-Entry Units to the Paying Agent in exchange for the Merger Consideration.

(b) Deposit. On or prior to the Closing Date, Parent shall deposit or cause to be deposited with the Paying Agent, in trust for the benefit of the holders of Public Common Units as of the Effective Time, an amount of cash equal to the amount of the aggregate Merger Consideration payable pursuant to Section 3.1(a) and upon the delivery of a duly executed letter of transmittal and the due surrender of the Certificated Units (or effective affidavits of loss in lieu thereof pursuant to Section 3.3(g)) or Book-Entry Units, each pursuant to the provisions of this Article III. All such cash deposited with the Paying Agent shall be referred to in this Agreement as the “Exchange Fund.” The Paying Agent shall, pursuant to irrevocable instructions delivered by Parent at or prior to the Effective Time, deliver the Merger Consideration contemplated to be paid pursuant to this Article III out of the Exchange Fund. Subject to Section 3.3(h) and (i), the Exchange Fund shall not be used for any purpose other than to pay such Merger Consideration.

(c) Exchange. Each holder of Public Common Units as of the Effective Time (other than AST), upon delivery to the Paying Agent of a properly completed letter of transmittal, duly executed and completed in

accordance with the instructions thereto, and surrender of Certificated Units (or an effective affidavit of loss in lieu thereof pursuant to Section 3.3(g)) or Book-Entry Units and such other documents as may reasonably be required by the Paying Agent (including with respect to Book-Entry Units), shall be entitled to receive in exchange therefor a check in an amount equal to the aggregate amount of cash that such holder has a right to receive pursuant to Section 3.1(a). The Merger Consideration shall be paid as promptly as practicable after receipt by the Paying Agent of the Certificated Units (or an effective affidavit of loss in lieu thereof pursuant to Section 3.3(g)) or any applicable documentation with respect to the surrender of Book-Entry Units, and letter of transmittal in accordance with the foregoing. AST, upon surrender of its Book-Entry Units to the Paying Agent in accordance with the customary surrender procedures of AST and the Paying Agent, shall be entitled to receive in exchange for each surrendered Book-Entry Unit a cash amount equal to the applicable Merger Consideration; *provided*, that (i) no Person beneficially owning Public Common Units through AST shall be required to deliver a letter of transmittal to receive the applicable Merger Consideration that such holder is entitled to receive through AST and (ii) any such Person shall receive the applicable Merger Consideration in accordance with the customary payment procedures of AST and its participants following the Effective Time. No interest shall be paid or accrued on any Merger Consideration. Until so surrendered, each such Certificated Unit and Book-Entry Unit shall, after the Effective Time, represent for all purposes only the right to receive such Merger Consideration and, to the extent applicable, the right pursuant to Section 3.1(g) to receive any distribution in respect of Public Common Units with a record date occurring after the date of this Agreement and which remains unpaid at the Effective Time.

(d) Other Payees. If any payment of the Merger Consideration is to be made to a Person other than the Person in whose name the applicable surrendered Certificated Unit or Book-Entry Unit is registered (other than AST), it shall be a condition of such payment that the Person requesting such payment shall pay any transfer or other similar Taxes required by reason of the making of such cash payment to a Person other than the registered holder of the surrendered Certificated Unit or Book-Entry Unit or shall establish to the satisfaction of the Paying Agent that such Tax has been paid or is not payable.

(e) No Further Transfers. From and after the Effective Time, there shall be no further registration on the books of the Partnership of transfers of Public Common Units. From and after the Effective Time, the holders of Certificated Units or Book-Entry Units representing Public Common Units which were outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such Public Common Units, except as otherwise provided in this Agreement or by applicable Law. If, after the Effective Time, Certificated Units or Book-Entry Units are presented to the Paying Agent or Parent, they shall be canceled and exchanged for the Merger Consideration provided for, and in accordance with the procedures set forth, in this Article III.

(f) Termination of Exchange Fund. Any portion of the Exchange Fund that remains undistributed to the former holders of Public Common Units on the one year anniversary of the Closing Date (or on such later date as Parent may elect, in its sole discretion) shall be delivered to Parent upon demand by Parent and, from and after such delivery, any former holders of Public Common Units who have not theretofore complied with this Article III shall thereafter look only to Parent for the Merger Consideration payable in respect of such Public Common Units to which they are entitled pursuant to Section 3.1(a) and Section 3.2 without any interest thereon. Any amounts remaining unclaimed by former holders of Public Common Units immediately prior to such time as such amounts would otherwise escheat to or become the property of any Governmental Authority shall, to the extent permitted by applicable Law, become the property of Parent. Without limitation of the foregoing, after the date that is the one year anniversary of the Closing Date (or on such later date as Parent may elect, in its sole discretion), any amounts remaining unclaimed by former holders of Public Common Units shall become the property of Parent, subject to the legitimate claims of any Person previously entitled thereto hereunder or under abandoned property, escheat or similar Laws. Notwithstanding anything in this Agreement to the contrary, none of the P66 Parties, the Partnership Parties, the Paying Agent, or any other Person shall be liable to any former holder of Public Common Units for any amount properly delivered to a Governmental Authority pursuant to any abandoned property, escheat or similar Law.

(g) Lost, Stolen or Destroyed Certificates. If any Certificate is lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed and, if required by Parent, the posting by such Person of an indemnity agreement or a bond, in a customary amount, as indemnity against any claim that may be made against it with respect to such Certificate, the Paying Agent shall issue in exchange for such lost, stolen or destroyed Certificate and affidavit the Merger Consideration payable in respect of Public Common Units represented by such Certificate as contemplated by this Article III.

(h) Withholding Taxes. Each of the P66 Parties, the Surviving Entity and the Paying Agent, as applicable, are entitled to deduct and withhold from any amounts, including the Merger Consideration, payable pursuant to this Agreement to any Person such amounts as the P66 Parties, the Surviving Entity or the Paying Agent, as applicable, reasonably deems it is required to deduct and withhold under the Code or any provision of state, local, or foreign Tax Law, with respect to the making of such payment. To the extent that deducted and withheld amounts are paid over to the appropriate Governmental Authority, such amounts shall be treated for all purposes of this Agreement as having been paid or issued to the Person in respect of whom such deduction and withholding was made.

(i) Investment of Exchange Fund. Parent may cause Paying Agent to invest any cash included in the Exchange Fund as directed by Parent on a daily basis, in Parent's sole discretion; *provided, however*, that no such investment or loss thereon shall affect the amounts payable or the timing of the amounts payable to the holders of the Public Common Units converted into the right to receive the Merger Consideration which were outstanding immediately prior to the Effective Time pursuant to this Article III. Any interest and other income resulting from such investments shall be paid promptly to Parent.

Section 3.4 No Dissenters' Rights. No dissenters' or appraisal rights shall be available with respect to the Merger or the other transactions contemplated by this Agreement.

Section 3.5 Anti-Dilution Provisions. Notwithstanding any provision of this Article III to the contrary, if between the date of this Agreement and the Effective Time the number of outstanding Common Units shall have been changed into a different number of units or a different class or series by reason of any subdivision, reclassification, split, unit distribution, combination or exchange of Common Units (excluding, for the avoidance of doubt, any issuance of Common Units at the Effective Time in accordance with this Agreement), as applicable, then the Merger Consideration and any other similar dependent item and the distribution amount in Section 3.1(g) shall be correspondingly adjusted to provide to the holders of Public Common Units the same economic effect as contemplated by this Agreement prior to such event; *provided, however*, that nothing in this Section 3.5 shall be deemed to permit or authorize any party hereto to effect any such change that it is not otherwise authorized or permitted to be undertaken pursuant to this Agreement.

Section 3.6 Treatment of Partnership LTIP Awards. Prior to the Effective Time, Parent and the Partnership Parties shall take all action as may be necessary or required in accordance with applicable Law and each Partnership Long-Term Incentive Plan (including the award agreements in respect of awards granted thereunder) to give effect to this Section 3.6 as follows:

(a) At the Effective Time, by virtue of the Merger and without any action on the part of the holders thereof, (i) each award of unvested phantom Common Units whose vesting is conditioned in whole or in part upon achievement of certain performance goals or metrics (each, a "Partnership SPU Award") granted under any Partnership Long-Term Incentive Plan and outstanding as of immediately prior to the Effective Time shall cease to represent a Partnership SPU Award with respect to Common Units and shall thereafter constitute an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership SPU Award (other than any performance-based vesting conditions), of restricted stock units pursuant to a Parent Equity Plan and relating to a number of shares of Parent Common Stock (each, a "Parent RSU Award") equal to the product of (A) the number of Common Units subject to the corresponding Partnership SPU Award as of immediately prior to the Effective Time (assuming that any performance-based vesting conditions applicable to

such Partnership SPU Award for any performance period that has not been completed as of the Effective Time are achieved (y) based on actual performance, to the extent actual performance can reasonably be determined as of the Effective Time, and (z) at “target” performance, to the extent actual performance cannot reasonably be determined as of the Effective Time, in each case, as may be determined by the GP Board (or any committee administering any Partnership Long-Term Incentive Plan) in its reasonable discretion), multiplied by (B) the Award Exchange Ratio, rounded up to the nearest whole share, and (ii) each award of unvested phantom Common Units whose vesting is conditioned solely on continued service (each, a “Partnership RPU Award”) granted under any Partnership Long-Term Incentive Plan and outstanding as of immediately prior to the Effective Time shall cease to represent a Partnership RPU Award with respect to Common Units and shall thereafter constitute a Parent RSU Award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership RPU Award, relating to a number of shares of Parent Common Stock equal to the product of (1) the number of Common Units subject to the corresponding Partnership RPU Award, multiplied by (2) the Award Exchange Ratio, rounded up to the nearest whole share, and (iii) each award of distribution equivalent rights granted under a Partnership Long-Term Incentive Plan in tandem with a Partnership SPU Award or a Partnership RPU Award (each, a “Partnership DER Award”) shall cease to represent a Partnership DER Award with respect to Common Units and shall thereafter constitute an award, to the extent practicable on the same terms and conditions as were applicable to the corresponding Partnership DER Award, of a dividend equivalent right under a Parent Equity Plan (each, a “Parent DER Award”), representing the right to receive dividends made by Parent on Parent Common Stock from and after the Effective Time with respect to the number of shares of Parent Common Stock subject to the corresponding Parent RSU Award to which such Parent DER Award relates. Any amounts accumulated but unpaid as of the Effective Time with respect to Partnership DER Awards associated with Partnership RPU Awards shall be paid from the Partnership at the Effective Time. With respect to the balance of accumulated but unpaid amounts in respect of Partnership DER Awards associated with Partnership SPU Awards, such balance shall be credited to the notional account associated with the Parent DER Award and paid at the same time the underlying Parent RSU Award is settled.

(b) From and after the Effective Time, the former holder of any Partnership LTIP Award shall only be entitled to receive a Parent RSU Award and corresponding Parent DER Award, as applicable, in respect of such Partnership LTIP Award, which Parent RSU Awards and corresponding Parent DER Awards will be subject, to the extent practicable, to the same vesting (other than any performance-based vesting conditions), forfeiture, payment timing and other provisions as applied under the corresponding Partnership LTIP Award, in each case, as may be adjusted by the GP Board or the Parent Board (or any committee administering any Partnership Long-Term Incentive Plan or Parent Equity Plan) in their reasonable discretion.

(c) As of the Effective Time, unless otherwise determined by the Parent Board (or any committee administering any Parent Equity Plan), Parent shall assume the outstanding unused unit reserve (the “Partnership LTIP Reserve”) under the Partnership Long-Term Incentive Plans for the purpose of making future grants relating to shares of Parent Common Stock to applicable employees and other service providers of Parent and its Subsidiaries, which Partnership LTIP Reserve shall (i) be adjusted as reasonably determined by the Parent Board (or any committee administering any Parent Equity Plan) to give effect to the transactions contemplated by this Agreement and (ii) be added to the share reserve of the applicable Parent Equity Plan(s) in such manner as determined by the Parent Board (or any committee administering any Parent Equity Plan).

(d) The Partnership Parties acknowledge and agree that Parent is an Affiliate of DCP Services for purposes of the Partnership Services Agreement and that, after the Effective Time, the Partnership shall reimburse Parent or its Affiliate, as applicable, for all costs, expenses and expenditures that are incurred or paid by Parent or any of its Affiliates in connection with any Partnership LTIP Award converted into a Parent RSU Award or Parent DER Award, including any amounts paid and the value of any shares of Parent Common Stock issued in settlement thereof.

Section 5.10 No Other Representations or Warranties. If at any time prior to the Effective Time any information relating to the Partnership or Parent, or any of their respective Affiliates, directors or officers, is discovered by the Partnership or Parent that should be set forth in an amendment or supplement to, the Information Statement or the Schedule 13E-3, so that any such document would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the party that discovers such information shall promptly notify the other parties and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by applicable Law, disseminated to the Limited Partners. (b) Without limiting the generality of the foregoing, except (i) as expressly permitted by this Agreement, (ii) as required by applicable Law or (iii) as consented to in writing by Parent (which consent shall not be unreasonably withheld, delayed or conditioned), during the period from the date of this Agreement until the Effective Time, the Partnership Parties shall not, and shall not permit any Subsidiary of the Partnership (except with respect to each Non-Controlled Partnership Joint Venture, such obligation shall be limited to exercising the governance rights that the Partnership holds in such Non-Controlled Partnership Joint Venture) to:

Subject to the terms and conditions of, and other than as expressly contemplated by, this Agreement, each of the P66 Parties, on the one hand, and the Partnership Parties, on the other hand, shall cooperate with the other and use, and shall cause their respective Subsidiaries to use, their reasonable best efforts to (a) take, or cause to be taken, all appropriate actions, and do, or cause to be done, all things, necessary, proper or advisable to cause the conditions to the Closing to be satisfied as promptly as practicable (and in any event no later than the Outside Date), including, for the avoidance of doubt, until the earlier of Effective Time and the termination of this Agreement, retaining ownership and voting control, directly or indirectly, over all Common Units and the General Partner Interest in the Partnership owned by DCP LLC and the General Partner, as applicable, as of the date of this Agreement, and to consummate and make effective, in the most expeditious manner practicable, the transactions contemplated by this Agreement, including preparing and filing as promptly as practicable all documentation to effect all necessary filings, notifications, notices, petitions, statements, registrations, submissions of information, applications and other documents; (b) obtain promptly (and in any event no later than the Outside Date) all approvals, consents, waivers, clearances, expirations or terminations of waiting periods, registrations, Permits, authorizations and other confirmations from any Governmental Authority or third party necessary, proper or advisable to consummate the transactions contemplated by this Agreement; and (c) defend any Proceedings challenging this Agreement or the consummation of the transactions contemplated by this Agreement or seek to have lifted or rescinded any injunction or restraining order or other order adversely affecting the ability of the parties to consummate the

transactions contemplated by this Agreement. Notwithstanding anything in this Agreement to the contrary, the P66 Parties shall not be obligated pursuant to this [Section 6.3](#) to (i) propose, negotiate, commit to, or effect, by consent decree, hold separate order, or otherwise, the sale, divestiture or disposition of, or other limitations or restrictions on, any assets, product or service lines, or businesses of Parent (or its Affiliates), DCP LLC (or its Affiliates) or the Partnership (or its Subsidiaries), (ii) offer to terminate or modify any existing relationships or contractual rights or obligations or (iii) otherwise take or commit to take actions that limit Parent's (or its Affiliates'), DCP LLC's (or its Affiliates') or the Partnership's (or its Subsidiaries') freedom of action with respect to, or its ability to retain, any assets, product or service lines or businesses.

Section 6.4 [Public Announcements](#). The initial press release with respect to the execution of this Agreement shall be a joint press release to be reasonably agreed upon by Parent and the Partnership. Thereafter, neither Parent nor the Partnership shall issue or cause the publication of any press release or other public announcement (to the extent not previously issued or made in accordance with this Agreement) with respect to this Agreement or the transactions contemplated by this Agreement without the prior consent of the other party (which consent shall not be unreasonably withheld, conditioned or delayed), except as may be required by applicable Laws or by any applicable listing agreement with the NYSE, as determined in the good faith judgment of the party proposing to make such release (in which case such party shall not issue or cause the publication of such press release or other public announcement without prior consultation with the other party); *provided, however*, that (a) each party and their respective Affiliates may make statements that are consistent with statements made in previous press releases, public disclosures or public statements made by Parent or the Partnership in compliance with this [Section 6.4](#) and (b) none of the filing of any preliminary or definitive Information Statement or Schedule 13E-3 or amendment thereto, or the mailing of the definitive Information Statement or any supplement thereto, in each case as contemplated by, and in compliance with, this Agreement, shall constitute a breach or violation of this [Section 6.4](#).

Section 6.5 [Access to Information](#). Upon reasonable advance notice and subject to applicable Law relating to the exchange of information, each Partnership Party shall, and shall cause each of its Subsidiaries to, afford to the P66 Parties and their Representatives, reasonable access during normal business hours (and, with respect to books and records, the right to copy) to all of its and such Subsidiaries' properties, commitments, books, Contracts, records and correspondence (in each case, whether in physical or electronic form), officers, employees, accountants, counsel, financial advisors and other Representatives, in each case for integration and operational planning related to the transactions contemplated by this Agreement; *provided*, that such access shall be provided on a basis that minimizes the disruption to the operations of the requested party and its Representatives. Subject to applicable Law, from the date of this Agreement until the Effective Time, (a) Parent and the Partnership shall furnish promptly to one another a copy of each report, schedule and other document filed, published, announced or received by it in connection with the transactions contemplated by this Agreement during such period pursuant to the requirements of federal, state or foreign Laws (including pursuant to the Securities Act, the Exchange Act and the rules or regulations of any Governmental Authority thereunder), as applicable (other than documents that such party is not permitted to disclose under applicable Laws) (which such furnishing shall be deemed to have occurred in the case of any document filed with or furnished to the SEC without further action on the part of the furnishing party) and (b) the Partnership shall furnish promptly to Parent all information concerning the Partnership's business, properties and personnel as Parent may reasonably request, including all information relating to environmental matters, for the purpose of completing Parent's due diligence. Notwithstanding the foregoing, no party shall have an obligation to provide access to any information the disclosure of which such party has concluded, in its reasonable judgment, may jeopardize the protection of legal privilege available to such party or any of its Affiliates relating to such information or would be in violation of applicable Law or a confidentiality obligation to a third party that is binding on such party or any of its Affiliates.

Section 6.6 [Indemnification and Insurance](#).

(a) From and after the Effective Time, to the fullest extent permitted under applicable Laws, the Surviving Entity shall, and Parent shall cause the Surviving Entity to, (i) indemnify and hold harmless each

Table of Contents

Indemnified Person against any reasonable costs or expenses (including reasonable attorneys' fees and all other reasonable costs, expenses and obligations (including experts' fees, travel expenses, court costs, retainers, transcript fees, duplicating, printing and binding costs, as well as telecommunications, postage and courier charges) paid or incurred in connection with investigating, defending, being a witness in or participating in (including on appeal), or preparing to investigate, defend, be a witness in or participate in, any Proceeding arising out of, relating to or in connection with such Person's status or duties as an Indemnified Person, any act or omission by such Person in its capacities as such occurring or alleged to have occurred at or prior to the Effective Time or any other matter existing at or prior to the Effective Time relating to or that may involve their status or duties as an Indemnified Person (including this Agreement and the transactions and actions contemplated hereby), including any such Proceeding relating to a claim for indemnification or advancement brought by an Indemnified Person), judgments, fines, losses, claims, damages or liabilities, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of any thereof) in connection with any such actual or threatened Proceeding, and, upon receipt by the Surviving Entity of an undertaking by or on behalf of the Indemnified Person to repay such amount if it shall be determined in a final and non-appealable judgment entered by a court of competent jurisdiction that the Indemnified Person is not entitled to be indemnified, provide advancement of expenses with respect to each of the foregoing to, each Indemnified Person and (ii) honor the provisions regarding elimination of liability of officers and directors, indemnification of officers, directors and employees and advancement of expenses contained in the Organizational Documents of the Partnership Parties immediately prior to the Effective Time, and ensure that the Organizational Documents of the Partnership Parties or any of their respective successors or assigns, if applicable, shall, for a period of six years following the Effective Time, contain provisions no less favorable with respect to indemnification, advancement of expenses and exculpation of present and former directors, officers and employees of the Partnership Parties than are presently set forth in such Organizational Documents. Any Indemnified Person wishing to claim indemnification or advancement of expenses pursuant to this Section 6.6(a) shall notify Parent and the Surviving Entity (but the failure to so notify shall not relieve a party from any obligations it may have pursuant to this Section 6.6(a) except to the extent such failure materially prejudices such party's position with respect to such claims). Any right of an Indemnified Person pursuant to this Section 6.6(a) shall not be amended, repealed, terminated or otherwise modified at any time in a manner that would adversely affect the rights of such Indemnified Person as provided herein, and shall be enforceable by such Indemnified Person and their respective heirs and Representatives against the Surviving Entity, the Partnership Parties and their respective successors and assigns.

(b) The Surviving Entity, or Parent on behalf of the Surviving Entity, shall maintain in effect for a period of six years following the Effective Time the Partnership's current directors' and officers' liability insurance policies covering acts or omissions occurring at or prior to the Effective Time with respect to Indemnified Persons (*provided*, that the Surviving Entity, or Parent on behalf of the Surviving Entity, may substitute therefor policies with reputable carriers of at least the same coverage containing terms and conditions that are no less favorable to the Indemnified Persons in any material respect); *provided, however*, that in no event shall the Surviving Entity or Parent, as applicable, be required to expend pursuant to this Section 6.6(b) more than an amount per year equal to 300% of current annual premiums paid by the Partnership for such insurance (the "Maximum Amount"). In the event that, but for the proviso to the immediately preceding sentence, the Surviving Entity would be required to expend more than the Maximum Amount, the Surviving Entity, or Parent on behalf of the Surviving Entity, shall obtain the maximum amount of such insurance as is available for the Maximum Amount. If Parent, in its sole discretion elects, then, in lieu of the obligations of the Surviving Entity under this Section 6.6(b), Parent may (but shall be under no obligation to) (i) provide such coverage under policies maintained by Parent for its directors and officers (*provided*, that coverage of the Indemnified Persons under such policies shall be on terms and conditions that, taken as a whole, are no less favorable to the Indemnified Persons in any material respect than the Partnership's current directors' and officers' liability insurance policies covering acts or omissions occurring at or prior to the Effective Time) or (ii) purchase (or cause to be purchased) a prepaid "tail policy" with respect to acts or omissions occurring or alleged to have occurred prior to the Effective Time that were committed or alleged to have been committed by such Indemnified Persons in their capacity as such.

(c) The rights of any Indemnified Person under this [Section 6.6](#) shall be in addition to any other rights such Indemnified Person may have under the Parent Organizational Documents, the Organizational Documents of the Partnership Parties as in effect immediately prior to the Effective Time, the Surviving Entity or any Subsidiary of Parent or the Partnership, any indemnification agreements, or the DLLCA or DRULPA. The provisions of this [Section 6.6](#) shall survive the consummation of the transactions contemplated by this Agreement and are expressly intended to benefit each of the Indemnified Persons and their respective heirs and Representatives. If Parent, the Surviving Entity, any Partnership Party or any of their respective successors or assigns (i) consolidates with or merges into any other Person or (ii) transfers or conveys all or substantially all of their businesses or assets to any other Person, then, in each such case, to the extent necessary, proper provision shall be made so that the successors and assigns of Parent, the Surviving Entity or such Partnership Party, as applicable, shall assume the obligations of Parent, the Surviving Entity or such Partnership Party, as applicable, set forth in this [Section 6.6](#).

Section 6.7 [Fees and Expenses](#). Except as otherwise provided in [Section 8.2](#) and [Section 8.3](#), all fees and expenses incurred in connection with the transactions contemplated by this Agreement including all legal, accounting, financial advisory, consulting and all other fees and expenses of third parties incurred by a party in connection with the negotiation and effectuation of the terms and conditions of this Agreement and the transactions contemplated by this Agreement, shall be the obligation of the respective party incurring such fees and expenses, except Parent and the Partnership shall each bear and pay one half of the expenses incurred in connection with the filing of the Schedule 13E-3 and the filing, printing and mailing of the Information Statement.

Section 6.8 [Section 16 Matters](#). Prior to the Effective Time, the Partnership Parties shall take all such steps as may be required (to the extent permitted under applicable Laws) to cause any dispositions of Common Units (including derivative securities with respect to Common Units) resulting from the transactions contemplated by this Agreement by each Person who is subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to the Partnership to be exempt under Rule 16b-3 promulgated under the Exchange Act.

Section 6.9 [Delisting and Deregistration](#). Each of the Partnership Parties shall cooperate and use its reasonable best efforts to cause (a) the delisting of Common Units from the NYSE and the termination of trading of the Common Units on the Closing Date and (b) the deregistration of the Common Units under the Exchange Act as promptly as practicable following the Closing in compliance with applicable Law.

Section 6.10 [Performance by the Partnership Parties](#). Subject to [Section 9.3](#) and [Section 9.4](#), Parent shall cause the Partnership Parties and their respective Subsidiaries to comply with the provisions of this Agreement. Notwithstanding the foregoing, it is understood and agreed that actions or inactions by the Partnership Parties and their respective Subsidiaries shall not be deemed to be breaches or violations or failures to perform by the P66 Parties of any of the provisions of this Agreement unless such action or inaction was or was not taken, in either case, at the direction of the P66 Parties. In no event shall the Partnership Parties have any liability for, or be deemed to breach, violate or fail to perform any of the provisions of this Agreement by reason of, any action taken or omitted to be taken by the Partnership Parties, any of their respective Subsidiaries or any of their respective Representatives at the direction of Parent or any of its Subsidiaries (other than the Partnership Parties) or any of their respective Representatives.

Section 6.11 [Tax Matters](#). For U.S. federal income tax purposes (and for purposes of any applicable state, local or foreign Tax that follows the U.S. federal income tax treatment), the parties agree to treat the Merger as a taxable sale of the Public Common Units to PDI in exchange for the Merger Consideration. The parties shall prepare and file all Tax Returns consistent with the foregoing and shall not take any inconsistent position on any Tax Return, or during the course of any Proceeding with respect to Taxes, except as otherwise required by applicable Law following a final determination by a court of competent jurisdiction or other administrative settlement with or final administrative decision by the relevant Governmental Authority.

Section 6.12 Takeover Statutes. The Partnership Parties and the P66 Parties shall not, and shall cause their respective Subsidiaries not to, take any action that would, or would reasonably be expected to, cause any Takeover Law to become applicable to this Agreement, the Merger or the other transactions contemplated by this Agreement or related thereto. If any Takeover Law shall become applicable to this Agreement, the Merger or the other transactions contemplated by this Agreement or related thereto, the Partnership Parties and the P66 Parties shall use reasonable best efforts to take such actions so that the transactions contemplated by this Agreement, including the Merger, may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise use reasonable best efforts to eliminate or minimize the effects of such statute or regulation on the transactions contemplated by this Agreement, including the Merger.

Section 6.13 Securityholder Litigation. The Partnership Parties shall give Parent prompt notice and the opportunity to participate in the defense or settlement of any securityholder demand, litigation, arbitration or similar action (including derivative claims) against the Partnership Parties or their directors (as applicable) relating to the transactions contemplated by this Agreement and no such settlement shall be offered or agreed to without the prior written consent of Parent, which consent shall not be unreasonably withheld, conditioned or delayed.

Section 6.14 Special Committee. Prior to the earlier of the Effective Time and the termination of this Agreement, Parent shall not and it shall not permit any of its Subsidiaries to, and it shall not and shall not permit any of its Subsidiaries to take any action intended to cause the General Partner or DCP GP LLC to, without the consent of a majority of the then existing members of the Special Committee, eliminate the Special Committee, revoke or diminish the authority of the Special Committee, increase the size of the Special Committee, or remove or cause the removal of any director of DCP GP LLC who is a member of the Special Committee, either as a director or as a member of the Special Committee, without Cause. For the avoidance of doubt, this Section 6.14 shall not apply to the filling, in accordance with the provisions of the DCP GP LLC Company Agreement, of any vacancies caused by the resignation, death or incapacity of any director or the removal of any director for Cause.

ARTICLE VII

CONDITIONS PRECEDENT

Section 7.1 Conditions to Each Party's Obligation to Effect the Merger. The respective obligations of each party hereto to effect the Merger shall be subject to the satisfaction (or waiver, if permissible under applicable Laws) on or prior to the Closing Date of the following conditions:

(a) Written Consent. The Written Consent shall not have been amended, modified, withdrawn, terminated or revoked; *provided, however*, that this Section 7.1(a) shall not imply that the Written Consent is permitted by the Partnership Agreement or applicable Law to be amended, modified or revoked following its execution by holders of the Common Units constituting a Unit Majority.

(b) No Injunctions or Restraints. No Law, injunction, judgment or ruling enacted, promulgated, issued, entered, amended or enforced by any Governmental Authority (collectively, "Restraints") shall be in effect enjoining, restraining, preventing or prohibiting consummation of the transactions contemplated by this Agreement or making the consummation of the transactions contemplated by this Agreement illegal.

(c) Information Statement. The Information Statement shall have been mailed to the Limited Partners in accordance with Section 6.1 and Regulation 14C of the Exchange Act (including Rule 14c-2 promulgated under the Exchange Act) at least 20 days prior to the Closing.

(a) Representations and Warranties. (i) The representations and warranties of the Partnership Parties contained in Section 4.1, Section 4.2(a), Section 4.2(c), Section 4.3(a) and Section 4.6(a) shall be true and correct in all respects, in each case both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date); and (ii) all other representations and warranties of the Partnership Parties set forth herein shall be true and correct both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date), except, in the case of this clause (ii), where the failure of such representations and warranties to be so true and correct (without giving effect to any limitation as to “materiality” or “Partnership Material Adverse Effect” set forth in any individual representation or warranty, other than in Section 4.5 and Section 4.13) does not have, and would not reasonably be expected to have, individually or in the aggregate, a Partnership Material Adverse Effect. Parent shall have received a certificate signed on behalf of the Partnership Parties by an executive officer of DCP GP LLC to such effect.

(b) Performance of Obligations of the Partnership and the General Partner. Each of the Partnership Parties shall have performed in all material respects all obligations required to be performed by it under this Agreement at or prior to the Closing Date. (a) Representations and Warranties. (i) The representations and warranties of the P66 Parties contained in Section 5.1 and Section 5.3(a) shall be true and correct in all respects, in each case both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date); and (ii) all other representations and warranties of the P66 Parties set forth herein shall be true and correct both when made and at and as of the Closing Date, as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such date), except, in the case of this clause (ii), where the failure of such representations and warranties to be so true and correct (without giving effect to any limitation as to “materiality” or “Parent Material Adverse Effect” set forth in any individual representation or warranty, other than in Section 5.6) does not have, and would not reasonably be expected to have, individually or in the aggregate, a Parent Material Adverse Effect. The Partnership shall have received a certificate signed on behalf of the P66 Parties by a duly authorized person of Parent to such effect.

(b) Performance of Obligations of the P66 Parties. Each of the P66 Parties shall have performed in all material respects all obligations required to be performed by it under this Agreement at or prior to the Closing Date. The Partnership shall have received a certificate signed on behalf of Parent by a duly authorized person of Parent to such effect.

Section 7.4 Frustration of Closing Conditions.

(a) None of the Partnership Parties may rely on the failure of any condition set forth in Section 7.1, Section 7.2 or Section 7.3, as the case may be, to be satisfied if such failure was due to the failure of any such Partnership Party to perform and comply in all material respects with the covenants and agreements in this Agreement to be performed or complied with by it prior to the Closing.

(b) None of the P66 Parties may rely on the failure of any condition set forth in Section 7.1, Section 7.2 or Section 7.3, as the case may be, to be satisfied if such failure was due to the failure of any such P66 Party to perform and comply in all material respects with the covenants and agreements in this Agreement to be performed or complied with by it prior to the Closing.

ARTICLE VIII

TERMINATION

Section 8.1 Termination. This Agreement may be terminated and the transactions contemplated by this Agreement abandoned at any time prior to the Effective Time:

(a) by the mutual written consent of Parent and the Partnership duly authorized by the Parent Board and, subject to the prior approval by the Special Committee, the GP Board, respectively;

(b) by either of Parent or the Partnership:

(i) if the Closing shall not have been consummated on or before October 5, 2023 (the “Outside Date”); *provided, however*, that the right to terminate this Agreement under this Section 8.1(b)(i) shall not be available (A) to Parent or the Partnership if the failure of the Closing to occur by the Outside Date was due to the failure of, in the case of Parent, a P66 Party, or, in the case of the Partnership, a Partnership Party, to perform and comply in all material respects with the covenants and agreements to be performed or complied with by it prior to the Closing or (B) to Parent or the Partnership if, in the case of Parent, a Partnership Party, or, in the case of the Partnership, a P66 Party, has filed (and is then pursuing) an action seeking specific performance as permitted by Section 9.9; or

(ii) if any Restraint having the effect set forth in Section 7.1(b) shall be in effect and shall have become final and nonappealable; *provided, however*, that the right to terminate this Agreement under this Section 8.1(b)(ii) shall not be available to Parent or the Partnership if such Restraint was due to the failure of, in the case of Parent, a P66 Party, or, in the case of the Partnership, a Partnership Party, to perform any of its obligations under this Agreement.

(c) by Parent if a Partnership Party shall have breached or failed to perform any of its representations, warranties, covenants or agreements set forth in this Agreement (or if any of the representations or warranties of the Partnership Parties set forth in this Agreement shall fail to be true), which breach or failure (i) would (if it occurred or was continuing as of the Closing Date) give rise to the failure of a condition set forth in Section 7.2(a) or Section 7.2(b) and (ii) is incapable of being cured, or is not cured, by such Partnership Party within 30 days following receipt by such Partnership Party of written notice from Parent of such breach or failure; *provided, however*, that Parent shall not have the right to terminate this Agreement pursuant to this Section 8.1(c) if a P66 Party is then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement.

(d) by the Partnership if Parent shall have breached or failed to perform any of its representations, warranties, covenants or agreements set forth in this Agreement (or if any of the representations or warranties of Parent set forth in this Agreement shall fail to be true), which breach or failure (i) would (if it occurred or was continuing as of the Closing Date) give rise to the failure of a condition set forth in Section 7.3(a) or Section 7.3(b) and (ii) is incapable of being cured, or is not cured, by Parent within 30 days following receipt by Parent of written notice from the Partnership of such breach or failure; *provided*, that the Partnership shall not have the right to terminate this Agreement pursuant to this Section 8.1(d) if a Partnership Party is then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement.

Section 8.2 Effect of Termination. In the event of the termination of this Agreement as provided in Section 8.1, written notice thereof shall be given to the other party or parties, specifying the provision of this Agreement pursuant to which such termination is made, and this Agreement shall forthwith become null and void (other than the provisions in Section 4.22, Section 5.10, Section 6.7, this Section 8.2, Section 8.3 and Article IX, all of which shall survive termination of this Agreement), and, except as otherwise provided in this Section 8.2, there shall be no liability on the part of any of any P66 Party, any Partnership Party, any of their respective Affiliates or any Representatives of any of the foregoing; *provided, however*, that no such termination shall relieve any party hereto from (a) its obligation to pay the Parent Expense Reimbursement or the Partnership

Table of Contents

Expense Reimbursement, as applicable, if, as and when required pursuant to Section 8.3 or (b) any liability for intentional fraud or a Willful Breach of any covenant or other agreement contained in this Agreement. Notwithstanding the foregoing, in no event shall the Partnership Parties have any liability for any matter set forth in the proviso of the preceding sentence for any action taken or omitted to be taken by any Partnership Party, any of their respective Subsidiaries or any of their respective Representatives at the direction of a P66 Party or any of their respective Representatives. For purposes of this Agreement, “Willful Breach” shall mean a material breach of this Agreement that is a consequence of a deliberate act or a deliberate failure to act by the breaching party with the knowledge that the taking of such act (or the failure to take such act) would (i) cause a material breach of this Agreement and (ii) prevent or materially delay the Closing.

Section 8.3 Expenses.

(a) In the event of termination of this Agreement by Parent pursuant to Section 8.1(c), then the Partnership shall promptly, but in no event later than two Business Days after receipt of an invoice (with supporting documentation) therefor from Parent, pay Parent’s designee all of the reasonably documented out-of-pocket expenses (including all fees and expenses of counsel, accountants, investment bankers, financing sources, hedging counterparties, experts and consultants) incurred by Parent and its Affiliates in connection with this Agreement and the transactions contemplated by this Agreement up to a maximum amount of \$3,000,000 (the “Parent Expense Reimbursement”).

(b) In the event of termination of this Agreement by the Partnership pursuant to Section 8.1(d), then Parent shall promptly, but in no event later than two Business Days after receipt of an invoice (with supporting documentation) therefor from the Partnership, pay the Partnership’s designee all of the reasonably documented out-of-pocket expenses (including all fees and expenses of counsel, accountants, investment bankers, financing sources, hedging counterparties, experts and consultants) incurred by the Partnership and its Affiliates in connection with this Agreement and the transactions contemplated by this Agreement up to a maximum amount of \$3,000,000 (the “Partnership Expense Reimbursement”); *provided*, that the Partnership Expense Reimbursement shall not exceed the maximum amount, if any, that the Partnership reasonably determines can be paid to the Partnership without causing the Partnership to fail the gross income requirement in Section 7704(c)(2) of the Code, treating the Partnership Expense Reimbursement as non-qualifying income and after taking into consideration all other sources of non-qualifying income of the Partnership, unless the Partnership receives an opinion of counsel or a ruling from the Internal Revenue Service to the effect that the Partnership’s receipt of the Partnership Expense Reimbursement will either constitute “qualifying income” within the meaning of Section 7704(d) of the Code or be excluded from gross income for purposes of Section 7704 of the Code.

(c) Each of the parties hereto acknowledges that the Parent Expense Reimbursement and Partnership Expense Reimbursement are not intended to be a penalty, but rather constitute liquidated damages in a reasonable amount that will compensate the recipient party, as applicable, in the circumstances in which such amounts are due and payable and which do not involve fraud or Willful Breach, for the efforts and resources expended and opportunities forgone while negotiating this Agreement and in reliance on this Agreement and on the expectation of the consummation of the transactions contemplated by this Agreement, which amount would otherwise be impossible to calculate with precision. In no event shall a party be entitled to more than one payment of the Parent Expense Reimbursement and Partnership Expense Reimbursement, as applicable, in connection with a termination of this Agreement pursuant to which such amounts are payable.

ARTICLE IX MISCELLANEOUS

Section 9.1 No Survival, Etc. The representations, warranties and agreements in this Agreement (including, for the avoidance of doubt, in any schedule, instrument or other document delivered pursuant to this Agreement) shall terminate at the Effective Time or, except as otherwise provided in Section 8.2 or Section 8.3, upon the

Table of Contents

termination of this Agreement pursuant to Section 8.1, as the case may be, except that the agreements set forth in Article I, Article II, Article III, Section 6.6, Section 6.7 and this Article IX and any other agreement in this Agreement that contemplates performance after the Effective Time shall survive the Effective Time.

Section 9.2 Amendment or Supplement. At any time prior to the Effective Time, this Agreement may be amended or supplemented in any and all respects by written agreement of the parties, by action taken or authorized by the Parent Board and the GP Board; *provided, however*, that (a) there shall be no amendment or change to the provisions of this Agreement that by applicable Law, the Partnership Agreement or stock exchange rule would require further approval by Limited Partners without obtaining the requisite approval of the Limited Partners and (b) no amendment or supplement to this Agreement shall be made without the prior approval of the Special Committee.

Section 9.3 Special Committee and GP Board Approval. Unless otherwise expressly set forth in this Agreement, any determination to exercise or refrain from exercising the rights of the Partnership Parties under this Agreement (including under Article VIII) or to enforce the terms of this Agreement on behalf of the Partnership Parties (including Section 9.9) must be authorized in writing by the GP Board (upon prior written approval of the Special Committee) on behalf of the applicable Partnership Party.

Section 9.4 Extension of Time, Waiver, Etc. At any time prior to the Effective Time, any party may, subject to applicable Law, (a) waive any inaccuracies in the representations and warranties of any other party hereto, (b) extend the time for the performance of any of the obligations or acts of any other party hereto, (c) waive compliance by the other party with any of the agreements contained herein or, except as otherwise provided herein, waive any of such party's conditions or (d) make or grant any consent under this Agreement. Notwithstanding the foregoing, no failure or delay by any Partnership Party or any P66 Party in exercising any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right hereunder. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if set forth in an instrument in writing signed on behalf of such party.

Section 9.5 Assignment. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned, in whole or in part, by operation of Law or otherwise, by any of the parties without the prior written consent of the other parties. Subject to the preceding sentence, this Agreement shall be binding upon, inure to the benefit of, and be enforceable by, the parties hereto and their respective successors and permitted assigns. Any purported assignment not permitted under this Section 9.5 shall be null, void and ineffective.

Section 9.6 Counterparts. This Agreement may be executed in counterparts (each of which shall be deemed to be an original but all of which taken together shall constitute one and the same agreement) and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other parties. Signatures to this Agreement transmitted by facsimile transmission, by electronic mail in "portable document format" form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, shall have the same effect as physical delivery of the paper document bearing the original signature.

Section 9.7 Entire Understanding; No Third-Party Beneficiaries. This Agreement, the Partnership Disclosure Schedule and any certificates delivered by any party pursuant to this Agreement (a) constitute the entire agreement and understanding, and supersede all other prior agreements and understandings, both written and oral, among the parties with respect to the subject matter of this Agreement and (b) shall not confer upon any Person other than the parties hereto any rights (including third-party beneficiary rights or otherwise) or remedies hereunder, except for, in the case of clause (b) of this sentence, (i) the right of a holder of Public Common Units to receive the Merger Consideration and, to the extent applicable, the right of a holder of Public Common Units pursuant to Section 3.1(g) to receive any distribution in respect of Public Common Units with a record date occurring after the date of this Agreement and which remains unpaid at the Effective Time (in each case, a claim

by any holder of Public Common Units with respect to which may not be made unless and until the Closing shall have occurred), (ii) the right of a holder of a Partnership LTIP Award to receive a Parent RSU Award or Parent DER Award, as applicable, pursuant to Section 3.6 (a claim by any holder of Partnership LTIP Award with respect to which may not be made unless and until the Closing shall have occurred), (iii) the rights of Indemnified Persons pursuant to provisions of Section 6.6 and (iv) the rights of any past, present or future director, officer, employee, incorporator, member, partner, equityholder, agent, attorney, financing source, Representative or Affiliate of any party hereto or of any of their respective Affiliate pursuant to Section 9.12.

Section 9.8 Governing Law; Jurisdiction; Waiver of Jury Trial.

(a) This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, applicable to contracts executed in and to be performed entirely within that State.

(b) Each of the parties hereto irrevocably agrees that any legal action or Proceeding with respect to this Agreement and the rights and obligations arising hereunder, shall be brought and determined exclusively in the Delaware Court of Chancery and any state appellate court therefrom within the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware). Each of the parties hereto consents to service being made through the notice procedures set forth in Section 9.10, irrevocably submits with regard to any such action or Proceeding for itself and in respect of its property, generally and unconditionally, to the personal jurisdiction of the aforesaid courts and agrees that it shall not bring any action or Proceeding relating to this Agreement or any of the transactions contemplated by this Agreement in any court other than the aforesaid courts. Each of the parties hereto irrevocably waives, and agrees not to assert as a defense, counterclaim or otherwise, in any action or Proceeding with respect to this Agreement, (i) any claim that it is not personally subject to the jurisdiction of the above named courts for any reason other than the failure to serve in accordance with this Section 9.8, (ii) any claim that it or its property is exempt or immune from the jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) to the fullest extent permitted by the applicable Laws, any claim that (A) the suit, action or Proceeding in such court is brought in an inconvenient forum, (B) the venue of such suit, action or Proceeding is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts. Each party hereto expressly acknowledges that the foregoing waiver is intended to be irrevocable under the Law of the State of Delaware and of the United States of America; *provided, however*, that each such party's consent to jurisdiction and service contained in this Section 9.8(b) is solely for the purpose referred to in this Section 9.8(b) and shall not be deemed to be a general submission to such courts or in the State of Delaware other than for such purpose.

(c) EACH PARTY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR THE ACTIONS OF ANY PARTY IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE AND ENFORCEMENT OF THIS AGREEMENT AND THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT.

Section 9.9 Specific Performance. The parties agree that irreparable damage would occur and that the parties would not have any adequate remedy at law in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached and it is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, in each case, in accordance with this Section 9.9 in the Delaware Court of Chancery or any other state or federal court sitting in the State of Delaware, this being in addition to any other remedy to which they are entitled at law or in equity. Each of the parties agrees that it shall not oppose the granting of an injunction, specific performance and other equitable relief as provided herein on the basis that (a) either party has an adequate remedy at law or (b) an award of specific performance is not an

appropriate remedy for any reason at law or equity (it being understood that nothing in this sentence shall prohibit the parties hereto from raising other defenses to a claim for specific performance or other equitable relief under this Agreement). Each party further agrees that no party shall be required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtaining any remedy referred to in this Section 9.9, and each party irrevocably waives any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument.

Section 9.10 Notices. All notices and other communications hereunder must be in writing and shall be deemed duly given if delivered personally or by email transmission, or mailed through a nationally recognized overnight courier, postage prepaid, to the parties at the following addresses (or at such other address for a party as specified by like notice, *provided, however*, that notices of a change of address shall be effective only upon receipt thereof):

Section 9.11 Severability. If any term or other provision of this Agreement is determined by a court of competent jurisdiction to be invalid, illegal or incapable of being enforced by any rule of law or public policy, all other terms, provisions and conditions of this Agreement shall nevertheless remain in full force and effect. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible to the fullest extent permitted by applicable Laws in an acceptable manner to the end that the transactions contemplated by this Agreement are fulfilled to the extent possible.

Section 9.12 Non-Recourse. No past, present or future director, officer, employee, incorporator, member, partner, equityholder, agent, attorney, financing source, Representative or Affiliate of any party hereto or of any of their respective Affiliates (unless such Affiliate is expressly a party to this Agreement) shall have any liability (whether in contract or in tort or otherwise) for any obligations or liabilities arising under, in connection with or related to this Agreement or for any claim based on, in respect of, or by reason of, the transactions contemplated by this Agreement; *provided, however*, that nothing in this Section 9.12 shall limit any liability of the parties to this Agreement for breaches of the terms and conditions of this Agreement.

Attn.: Bill W. Waycaster
Chairman of the Special Committee of the Board of Directors of DCP Midstream
GP, LLC

Dear Bill:

We understand that DCP Midstream, LP, a Delaware limited partnership (the “Partnership”) proposes to enter into an Agreement and Plan of Merger (the “Merger Agreement”) by and among Phillips 66, a Delaware corporation (“Parent”), Phillips 66 Project Development Inc., a Delaware corporation and indirect wholly owned Subsidiary of Parent (“PDI”), Dynamo Merger Sub LLC, a Delaware limited liability company and wholly owned Subsidiary of PDI (“Merger Sub”), DCP Midstream GP, LP, a Delaware limited partnership and the general partner of the Partnership (the “General Partner”), and DCP Midstream GP, LLC, a Delaware limited liability company and the general partner of the General Partner (“DCP GP LLC”). Pursuant to the Merger Agreement, Merger Sub shall merge with and into the Partnership, with the Partnership continuing as the surviving entity in such merger (the “Merger”). As a result of the Merger, each Common Unit (other than Sponsor Owned Units and Partnership Owned Units) issued and outstanding as of immediately prior to the Effective Time as defined in the Merger Agreement (each, a “Public Common Unit”), shall be converted into the right to receive \$41.75 per Public Common Unit in cash without any interest thereon (the “Merger Consideration”). The terms and conditions of the Merger are more fully set forth in the Merger Agreement.

The Special Committee (the “Special Committee”) of the Board of Directors of DCP GP LLC, has asked us whether, in our opinion, as of the date hereof, the Merger Consideration to be received in the Merger is fair, from a financial point of view, to the Partnership and the holders of the Public Common Units (the “Partnership Unaffiliated Unitholders”).

In connection with rendering our opinion, we have, among other things:

- (i) reviewed certain publicly available historical operating and financial information relating to the Partnership that we deemed relevant, including as set forth in the Partnership’s Annual Report on Form 10-K for the year ended December 31, 2021, the Partnership’s Quarterly Report on Form 10-Q for the quarter ended September 30, 2022, and certain of the Partnership’s Current Reports on Form 8-K, in each case as filed with or furnished to the Securities and Exchange Commission;
- (ii) reviewed certain publicly available business and financial information relating to the Partnership that we deemed to be relevant, including publicly available research analysts’ estimates;
- (iii) reviewed certain internal projected financial data relating to the Partnership prepared and furnished to us by management of the Partnership, as approved for our use by the Partnership (the “Forecast”);
- (iv) reviewed certain published information regarding commodity prices;
- (v) discussed with management of the Partnership its assessment of the past and current operations of the Partnership, the current financial condition and prospects of the Partnership, and the Forecast;
- (vi) reviewed the reported prices and the historical trading activity of the Common Units;
- (vii) performed discounted cash flow analyses for the Partnership based on the Forecast and other data provided by management of the Partnership;

Table of Contents

- (viii) performed discounted distributions analyses based on projected financial data and other data provided by management of the Partnership;
- (ix) compared the financial performance of the Partnership and its stock market trading multiples with those of certain other publicly-traded companies and partnerships that we deemed relevant;
- (x) compared the financial performance of the Partnership and the valuation multiples relating to the Merger with the financial terms, to the extent publicly available, of certain other historical transactions that we deemed relevant;
- (xi) reviewed the financial terms and conditions of a draft Merger Agreement dated January 5, 2023; and
- (xii) performed such other analyses and examinations and considered such other factors that we deemed appropriate.

For purposes of our analysis and opinion, we have assumed and relied upon the accuracy and completeness of the financial and other information publicly available, and all of the information supplied or otherwise made available to, discussed with, or reviewed by us, without any independent verification of such information (and have not assumed responsibility or liability for any independent verification of such information), and have further relied upon the assurances of the management of the Partnership that it is not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the Forecast, we have assumed with your consent that it has been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of management of the Partnership as to the future financial performance of the Partnership. We express no view as to the Forecast or the assumptions on which it is based.

For purposes of our analysis and opinion, we have assumed, in all respects material to our analysis, that the final executed Merger Agreement will not differ from the draft Merger Agreement reviewed by us, that the representations and warranties of each party contained in the Merger Agreement are true and correct, that each party will perform all of the covenants and agreements required to be performed by it under the Merger Agreement and that all conditions to the consummation of the Merger will be satisfied without waiver or modification thereof. We have further assumed, in all respects material to our analysis, that all governmental, regulatory or other consents, approvals or releases necessary for the consummation of the Merger will be obtained without any delay, limitation, restriction or condition that would have an adverse effect on the Partnership or the consummation of the Merger or reduce the contemplated benefits to the Partnership Unaffiliated Unitholders.

We have not conducted a physical inspection of the properties or facilities of the Partnership and have not made or assumed any responsibility for making any independent valuation or appraisal of the assets or liabilities (including any contingent, derivative or other off- balance sheet assets and liabilities) of the Partnership, nor have we been furnished with any such valuations or appraisals, nor have we evaluated the solvency or fair value of the Partnership under any state or federal laws relating to bankruptcy, insolvency or similar matters. Our opinion is necessarily based upon information made available to us as of the date hereof and financial, economic, market and other conditions as they exist and as can be evaluated on the date hereof. It is understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise or reaffirm this opinion.

We have not been asked to pass upon, and express no opinion with respect to, any matter other than the fairness to the Partnership and the Partnership Unaffiliated Unitholders, from a financial point of view, of the Merger Consideration. We do not express any view on, and our opinion does not address, the fairness of the Merger to, or any consideration received in connection therewith by, the holders of any other class of securities, creditors or other constituencies of the Partnership, DCP GP LLC, the General Partner or the Parent, nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of any party to the Merger Agreement, or any class of such persons, whether relative to the Merger

Consideration or otherwise. We have not been asked to, nor do we express any view on, and our opinion does not address, any other term or aspect of the Merger Agreement or the Merger, including, without limitation, the structure or form of the Merger, or any term or aspect of any other agreement or instrument contemplated by the Merger Agreement or entered into or amended in connection with the Merger Agreement. Our opinion does not address the relative merits of the Merger as compared to other business or financial strategies that might be available to the Partnership, nor does it address the underlying business decision of the Partnership, DCP GP LLC or the General Partner to engage in the Merger. In arriving at our opinion, we were not authorized to solicit, and did not solicit, interest from any third party with respect to the acquisition of any or all of the Common Units or any business combination or other extraordinary transaction involving the Partnership. Our opinion does not constitute a recommendation to the Special Committee or to any other persons in respect of the Merger, including as to how any unitholder of the Partnership should vote or act in respect of the Merger. We are not expressing any opinion as to the prices at which the Common Units of the Partnership will trade at any time, as to the potential effects of volatility in the credit, financial and stock markets on the Partnership or the Merger or as to the impact of the Merger on the solvency or viability of the Partnership or the ability of the Partnership to pay its obligations when they come due. We are not legal, regulatory, accounting or tax experts and have assumed the accuracy and completeness of assessments by the Partnership and its advisors with respect to legal, regulatory, accounting and tax matters.

We have acted as financial advisor to the Special Committee in connection with the Merger and received an initial fee for our services and will receive additional fees for our services, including a portion which is payable upon rendering this opinion and a portion which is contingent upon the consummation of the Merger.
